COMMONWEALTH OF PENNSYLVANIA GOVERNOR'S OFFICE HARRISBURG

MICHAEL H. HERSHOCK
SECRETARY
OFFICE OF THE BUDGET

To the Governor, the Honorable Members of the General Assembly and the Citizens of the Commonwealth of Pennsylvania:

This Comprehensive Annual Financial Report (CAFR) of the Commonwealth of Pennsylvania represents this Administration's continued commitment to sound fiscal management and to responsible financial reporting based on nationally recognized standards. This CAFR, which includes the Commonwealth's independently audited general purpose financial statements as of and for the fiscal year ended June 30, 1989, will provide you and the financial community with all the information required to fully assess the Commonwealth's financial position, results of operations, and the management of its financial resources.

During the fiscal year ended June 30,1989 , we built on the momentum established in previous years while making a major strategic investment for the future: an investment in our business environment and our natural environment; an investment in basic and higher education; an investment in job training; and an investment in the human potential of Pennsylvania's people. Our goal was to provide quality services while maintaining the commitment of no tax increase.

Revenues of the General Fund, led by those taxes based on income levels, exceeded the budget estimate during the 1988-89 fiscal year. Further, based on generally accepted accounting principles, tax revenues also increased over last year's reported amount. Personal income tax revenues increased by over 10.70 percent for the fiscal year while the corporate net income and capital stock and franchise taxes had a combined increase of over 9.93 percent. These increases, in conjunction with lower rates of annual increase for the sales and use tax and other consumption taxes, produced an overall 8.32 percent increase in tax revenue in the General Fund for the fiscal year.

Non-tax General Fund revenues for the 1988-89 fiscal year were augmented by appropriated transfers of $\$ 60$ million excess reserves from the State Workmen's Insurance Fund and $\$ 41$ million from repayment of advances to the Unemployment Compensation Fund.

A new, long-term commitment to the economic future of the Commonwealth was achieved by making the Pennsylvania Economic Revitalization Fund (PERF) and its many important economic development programs a permanent rather than short-term effort. We transferred $\$ 41$ million in General Fund monies to PERF and for the first time established a policy of providing similar, continuing future transfers.

Within PERF-funded programs, we provided $\$ 21$ million for the Business Infrastructure Development program which makes grants and loans to local sponsors to install specific infrastructure improvements that complement private industrial development. We also continued an important new effort initiated in 1987-88; a $\$ 10$ million annual Industrial Resource Centers program to recruit and create research facilities both for direct jobs and for direct investment by private companies who will benefit from association with such a facility.

We also provided $\$ 22$ million from the Sunny Day Fund to help private industries expand and attract new businesses to Pennsylvania. We appropriated $\$ 45$ million from the General Fund for the Housing and Redevelopment program which provides grants to improve blighted neighborhoods through redevelopment and to improve low and moderateincome housing through rehabilitation. We continued a major change initiated in 1987-88 in the way state government assists the job creation process by establishing partnerships among businesses, working men and women, government officials, and educators to help create more jobs.

Several major pieces of environmental legislation were enacted, creating and expanding several programs:

- The problem of abandoned hazardous waste sites is being addressed with a special 0.5 mill surcharge which was added to the capital stock and franchise tax rate effective January 1, 1988 through December 31, 1991. The revenues from the additional 0.5 mill surcharge rate are included in General Fund revenues and are subsequently transferred to the Hazardous Sites Cleanup Fund before the end of each fiscal year. These revenues are in addition to the $\$ 15.9$ million appropriated from the General Fund for hazardous waste control.
- We strengthened other environmental protection programs by enhancing emergency response teams and improving monitoring of water supply systems and sewage treatment facilities.
- The Pennsylvania Infrastructure Investment Authority was created by Act 16 of 1988 to administer the PENNVEST program. Under PENNVEST, grants, loans and loan guarantees are awarded to municipalities, municipal authorities, and private firms to improve water and sewage systems. Funds come from general tax revenues, bonds approved by referendum, interest earnings and other approved debt financing.
- Act 101 of 1988 addressed the problem of solid waste disposal in the Commonwealth, in part, by creating the Recycling Fund. The revenues of this fund are to be used to encourage waste reduction and recycling, to guarantee that waste disposal facilities are operated in a safe and responsible manner, and to provide incentives to communities where facilities can be located. Revenue for this fund is generated by a fee on all waste deposited in landfills and other facilities.
- Act 32 of 1989 established a program for the regulation of above ground and underground storage tanks and tank facilities. The Storage Tank Fund was created to provide for costs associated with this program, including the cleanup of spills and other remedial actions. Revenue for this fund comes from registration and permitting fees, fines, recovered costs, bond forfeitures and other similar sources.

We made significant investments in programs to support the economically needy through general assistance, aid to families with dependent children, and medical assistance. Total expenditures for these programs by the Commonwealth and the Federal Government amounted to $\$ 3.5$ billion in 1988-89. Approximately 46.9 percent of the total costs for assistance to the economically needy is supported by the General Fund. The balance is provided from the State Lottery Fund, from reimbursements by the Federal Government, and through various program collection activities conducted by the Commonwealth. We focused attention on maintaining the integrity of the State Lottery Fund by continuing a yearly $\$ 20$ million transfer of selected program costs back to the General Fund to prevent a deficit in the State Lottery Fund. We are continuing to develop a new reimbursement methodology for long-term care facilities providing nursing home care for medical assistance recipients.

Education continues to be the cornerstone of Pennsylvania's future. We have continued our commitment to the future by providing total funding of $\$ 2.5$ billion to our public schools through the Equalized Subsidy for Basic Education. The total funding for basic education was $\$ 3.9$ billion, including funding for special education, pupil transportation, teacher retirement and social security, and special programs to address the needs of economically and educationally at-risk students. In addition, we provided over $\$ 1.1$ billion for higher educational institutions and students. Of this, $\$ 116$ million was provided directly to students through the Pennsylvania Higher Education Assistance Agency, with the remainder being distributed to Pennsylvania's many higher educational institutions.

The Commonwealth assists local mass transit systems through grants and payments for free rides by senior citizens during non-peak hours. In addition, transit operators receive payments for providing senior citizen transportation service on a shared-ride basis, generally in areas where fixed route service is not available. Payments to local mass transit systems for these programs have grown rapidly. In the fiscal year ended June 30, 1989, $\$ 333$ million in Commonwealth funds were expended from the General and the State Lottery Funds for such purposes.

Overall, the financial position presented in these General Purpose Financial Statements demonstrates our continued commitment to the fiscal integrity of the Commonwealth. It is our goal to maintain a strong financial position through continued emphasis on economic development, education and productive growth in the Pennsylvania economy.

Sincerely,

Michael H. Hershock
Secretary
Office of the Budget

## COMMONWEALTH OF PENNSYLVANIA GOVERNOR'S OFFICE HARRISBURG

HARVEY C. ECKERT
DEPUTY SECRETARY FOR COMPTROLLER OPERATIONS
OFFICE OF THE BUDGET
Dear Secretary Hershock:
It is my privilege to present this Comprehensive Annual Financial Report (CAFR) on the operations of the Commonwealth of Pennsylvania as of and for the fiscal year ended June 30, 1989. This report, which includes the General Purpose Financial Statements (GPFS), was prepared by the Office of the Budget, Comptroller Operations, pursuant to the power vested in the Governor under Section 701 of the Administrative Code and delegated to the Secretary of the Budget by Executive Order No. 1984-3, October 11, 1984.

The financial statements contained in this CAFR were prepared in conformity with generally accepted accounting principles (GAAP) as prescribed in pronouncements by the Governmental Accounting Standards Board (GASB). They were jointly audited by the elected Auditor General of the Commonwealth of Pennsylvania and Peat Marwick Main \& Co., a nationally recognized public accounting firm. Their Independent Auditors' Report, expressing an unqualified opinion on the GPFS, is included in this financial report.

I believe the financial statements are fairly stated in all material respects; that they are presented in a manner designed to fairly set forth the Commonwealth's financial position, results of operations, and changes in the fund balances as measured by the financial activity of its various fund types; and that all disclosures necessary to enable the Governor, the Members of the General Assembly, the public, and the financial community to gain a full understanding of the Commonwealth's operations and financial affairs have been included. Responsibility for the completeness and fairness of the presentation, including all disclosures, rests with the Commonwealth of Pennsylvania, Office of the Budget.

In addition to the GPFS, which provide an overview of the Commonwealth's financial position and operating results by fund type, this CAFR includes: combining financial statements presenting information by fund; supporting schedules; certain narrative information describing individual funds; and statistical tables presenting financial, economic, social and demographic data about the Commonwealth. The CAFR was prepared in accordance with standards established by the Government Finance Officers Association of the United States and Canada (GFOA) and will be submitted to the GFOA to determine its eligibility for a Certificate of Achievement for Excellence in Financial Reporting.

## THE FINANCIAL REPORTING ENTITY

The GPFS of the Commonwealth, in conformance with GASB Codification Section (Cod.Sec.) 2100 includes all funds, account groups, agencies, boards and commissions, and governmental public service corporations over which the Commonwealth's executive and legislative branches exercise oversight responsibility. Criteria used to determine oversight responsibility include budget adoption and approval, taxing authority, funding of outstanding debt, authority to appoint an organization's governing body, constitutional officers' ability to significantly influence operations, accountability for fiscal operations and scope of public service. Inclusion of an organization in the Commonwealth GPFS in no way alters the defined prerogatives of the organization's management, its statutory authority, or its legal characteristics.

Based on Cod.Sec. 2100, the following Commonwealth public service organizations meet the oversight criteria and are included in the accompanying financial statements.

General State Authority (GSA): The GSA was created for the purpose of acquiring, constructing, equipping and maintaining public buildings for the use of the Commonwealth, State institutions of every kind and character, additions and improvements to land grant colleges, State universities and medical schools, airports, river and port facilities and flood control projects. Debt service on bonds issued by the GSA is.paid from lease payments made to the GSA by the Commonwealth. Due to a refunding of all Authority bonds during the fiscal year ended June 30, 1989, no Authority assets or Liabilities are reported at June 30, 1989.

Pennsylvania Higher Educational Facilities Authority (PHEFA): The PHEFA was created for the purpose of financing, constructing, improving and maintaining any educational facility, and assisting colleges in financing, on a short-term basis, their working capital requirements. PHEFA revenue bonds are financed through lease rental payments. Some of the lessees, although private institutions, are recipients of Commonwealth grants and subsidies.

Pennsylvania Higher Education Assistance Agency (PHEAA): The PHEAA was created to improve the higher educational opportunities of persons who are residents of the Commonwealth and attending institutions of higher education by enabling the agency, lenders and post-secondary institutions to make loans and grants to students for educational purposes. Debt service on bonds issued by the PHEAA is met from loan repayments and interest and other revenues of the agency.

Pennsylvania Housing Finance Agency (PHFA): The PHFA was created to make loans secured by real property or leasehold, including mortgages, to finance projects designed and planned to be available for low and moderate income persons and families. Bonds issued by the PHFA are partially secured by a capital reserve fund required to be maintained at an amount equal to the maximum annual debt service on its outstanding bonds in any succeeding calendar year. Statute provides that if there is a deficiency in the capital reserve fund or if funds are necessary to avoid default on interest, principal or sinking fund payments on PHFA notes or bonds, an amount sufficient to make up such deficiency shall be placed in the budget of the Commonwealth for the succeeding fiscal year.

Pennsylvania Industrial Development Authority (PIDA): The PIDA was created for the purpose of making secured loans to industrial development agencies for payment of a part of the cost of industrial development projects in critical economic areas. Principal and interest payments to PIDA and other revenues are used to pay debt service on revenue bonds issued by the PIDA and to make additional loans.

Pennsylvania Turnpike Commission (PTC): The PTC was created for the purpose of constructing, maintaining and operating a turnpike system together with connecting roads, tunnels and bridges. Debt service on turnpike revenue bonds is payable from revenues, primarily tolls and rentals from leases and concessions, of the turnpike system.

State Employes' Retirement System (SERS), Public School Employes' Retirement System (PSERS): The SERS and PSERS were established as independent administrative boards of the Commonwealth. Each system is directed by a governing board which exercises control and management of the systems, including the investment of assets. The retirement plans of the SERS and the PSERS are contributory defined benefit plans covering all state employes, employes of certain state-related organizations, and all public school employes. Proposed changes in benefit and contribution provisions require legislative action and must be supported by an actuarially computed estimate of the cost of such changes.

State Highway and Bridge Authority (SHBA): The SHBA was created to construct, reconstruct, improve and maintain highway and bridge projects and roadside rests. All rental charges of SHBA are transferred from the Motor License Fund, a Special Revenue Fund, and are used to meet debt service requirements. No SHBA debt obligations have been issued since 1968.

State Public School Building Authority (SPSBA): The SPSBA was created for the purpose of constructing, furnishing and equipping, and maintaining public school buildings, as part of the public school system of the Commonwealth. Debt service on revenue bonds issued by the SPSBA is met from lease rental payments made by the local school districts, all of which receive substantial financial aid from the Commonwealth.

State System of Higher Education (SSHE): In accordance with Cod.Sec. 2100, Commonwealthowned universities are reported in a "discrete presentation" under a separate fund category in the Commonwealth's GPFS. The SSHE, composed of fourteen universities, was created by Act No. 188 of 1982 to function independently of the Department of Education for the purpose of providing instruction for undergraduate and graduate students. The corporate powers of the SSHE are exercised by a Board of Governors through the SSHE Chancellor.

Commonwealth-related universities named below are not included in the GPFS as the degree of oversight responsibility exercised by the Commonwealth is so insignificant that it has not been deemed appropriate to reflect them in the reporting entity.

Pennsylvania State University<br>Temple University University of Pittsburgh Lincoln University

It has been determined that the following organization is not a part of the Commonwealth reporting entity after applying criteria of Cod.Sec. 2100 and is excluded from the GPFS because the Commonwealth does not control its assets, operations or management.

Pennsylvania Municipal Retirement System (PMRS): The PMRS was established as an independent board of the Commonwealth for the purpose of administering a retirement plan for officers, employes, firemen and policemen of the Commonwealth's political subdivisions and municipal authorities, and of institutions supported and maintained by the political subdivisions and municipal government associations. Control and management of the PMRS, including investment of assets, is exercised by a governing board.

## BUDGETARY CONTROLS AND ACCOUNTING SYSTEMS

The annual budget of the Commonwealth is comprised of separate appropriations to individual agencies for their specific programs, purposes, special outlays and/or operating expenditures. Budgetary control is exercised at the agency level by appropriation and by allocations to major categories of expenditure within each appropriation. Major expenditure categories include personnel services, operational expenses, fixed assets, subsidies and grants, debt service and fixed charges. An encumbrance system is used to effect budgetary control at the appropriation and allocation levels.

Encumbrances represent the estimated amount of expenditures that are expected to be incurred when purchase orders issued are filled and contracts and other commitments entered into are performed. They serve to reserve that part of an appropriation until the actual liabilities are incurred and to ensure that funds committed (encumbered) and expended do not exceed the total amounts appropriated and/or allocated. Section 621 of the Administrative Code provides that unencumbered appropriated funds shall automatically lapse at fiscal year end and become available for appropriation in the new fiscal year. Encumbered appropriations are carried forward into the new fiscal year. They are reported in the Commonwealth's governmental funds as reservations of fund balance as distinguished from unreserved fund balance. Funds reserved for appropriations carried forward may be expended until October 31 of the new fiscal year at which time any remaining balances must be lapsed, except amounts for encumbered items being litigated or arbitrated or otherwise extended for some other reason with approval of the Secretary of the Budget. In no event, however, can an encumbrance carried forward from one fiscal year be extended beyond the end of the next fiscal year except for a litigated item.

Accounting records of most departments under the Governor's jurisdiction are maintained on a centralized accounting system. The operations of this system are directed and supervised by the Office of the Budget, Comptroller Operations. Separate accounting systems are maintained by the Department of Transportation for the Motor License Fund; the Liquor Control Board for the State Stores Fund; and the Department of Labor and Industry, Office of Employment Security, for the payment of unemployment compensation benefits. The Treasury Department, the Department of the Auditor General, and the Legislature and Judiciary, likewise, operate separate accounting systems.

The accounts of the Commonwealth's governmental fund types are maintained on a budgetary basis by fund, agency and appropriation. Revenues are recorded at the time cash is received. Expenditures are recorded at the time payment requisitions and invoices are submitted to the Treasury Department for payment. At the fiscal year end, both revenues and expenditures are adjusted to reflect appropriate accruals for financial reporting in conformity with GAAP.

Within the accounting systems, internal controls effectively provide reasonable assurance that financial transactions are executed in accordance with prior authorizations, that assets are protected from unauthorized use or disposition, and that the financial records are reliable for the purposes of preparing financial statements and maintaining accountability. All department records are reconciled monthly with the Treasury Department's records of cash disbursements and the Department of Revenue's records of cash receipts.

## THE GENERAL PURPOSE FINANCIAL STATEMENTS (GPFS)

Although the Commonwealth plans and manages its financial affairs on a budgetary basis, it also prepares GPFS in conformity with GAAP applicable to governments. These financial statements differ from those prepared on a budgetary basis in that generic funds are combined by fund types and the financial information is presented on the basis of accounting principles applicable to each fund type. Accordingly, governmental, expendable trust, and agency funds are reported on the modified accrual basis of accounting; proprietary and pension trust funds are reported on the accrual basis of accounting. The College and University Funds are reported on the accrual basis of accounting in accordance with the National Association of College and University Business Officers' College and University Business Administration and the American Institute of Certified Public Accountants' Audits of Colleges and Universities for institutions of higher education.

In measuring financial position and operating results on the modified accrual basis of accounting, as compared to the budgetary basis, revenues are generally recognized when they become measurable and available to finance current obligations, as opposed to when cash is received. Expenditures are generally reported when goods and services are received and a liability incurred, rather than when cash is disbursed. Due to these differences, the Commonwealth's GPFS as of a fiscal year end include amounts which actually will not be received or disbursed until a future date. Such amounts are necessarily based on management's best assessment and evaluation of available financial data at the time the financial statements are prepared. They include revenues due the Commonwealth, net of credits and refunds, and accounts payable and accrued expenditures for which a liability has been incurred as of the fiscal year end.

## THE GENERAL FUND

The General Fund, the Commonwealth's largest fund, is the focal point in any determination of Pennsylvania's financial position. It accounts for all revenues and receipts which are not required by law to be accounted for or deposited elsewhere and for the major portion of Commonwealth expenditures. Tax receipts, principally personal and corporate income and sales and use taxes, constitute more than 72 percent of the General Fund's revenues. Major fund expenditures are for general government, protection of persons and property, public health and welfare, public education, economic development and debt service on all obligations except those incurred for highway or other special revenue fund purposes. A comparison of how the Commonwealth has operated within its adopted General Fund budget, as amended, is presented in the "Combined Statement of Revenues, Expenditures and Changes in Unreserved/Undesignated Fund Balances - Budget and Actual (Budgetary Basis)," included in the GPFS.

During the last six fiscal years, the Commonwealth reported General Fund surplus unreserved/undesignated fund balances on the budgetary basis of accounting. A deficit was last reported at the end of the 1982-83 fiscal year. The surplus amounts are the result of controlled expenditure growth, improved productivity and continued economic growth that has produced revenue surpluses despite general tax rate reductions in previous fiscal years.

Budgetary Basis: At June 30, 1989 the General Fund's unreserved/undesignated fund balance (budgetary basis) amounted to $\$ 385.1$ million. This compares to a budgetary fund balance of $\$ 94.7$ million at June 30, 1988. The budgetary basis fund balance at June 30, 1989 was the result of revenue collections totalling $\$ 14,912.5$ million less appropriation authorizations totalling $\$ 14,810.0$ million, plus appropriation lapses from prior years in the amount of $\$ 187.9$ million.

The following table shows the General Fund's actual year end unreserved/undesignated fund balance and increases or decreases (expressed in millions) on a budgetary basis at the end of the five most recent fiscal years:

| At June 30 | Unreserved/ <br> Undesignated <br> Fund Balance | Increase <br> (Decrease) |
| :---: | :---: | :---: |
| 1985 | $\$ 310.5$ | $\$ 234.1$ |
| 1986 | 219.8 | $(90.7)$ |
| 1987 | 347.8 | 128.0 |
| 1988 | 94.7 | $(253.1)$ |
| 1989 | 385.1 | 290.4 |

Modified Accrual Basis: At June 30, 1989 the Commonwealth's General Fund reflects a fund balance of $\$ 618.9$ million, an increase of $\$ 46.1$ million from $\$ 572.8$ million at June 30, 1988. Total assets increased by $\$ 363.2$ million to $\$ 2,212.8$ million. Liabilities increased by $\$ 317.1$ million to $\$ 1,593.9$ million. These changes and others (expressed in millions) are reflected in the General Fund summary comparative balance sheet that follows.

General Fund<br>Summary Comparative Balance Sheets (GAAP Basis)<br>(Expressed in Millions)

|  | June 30, 1989 |  | June 30, 1988 |  | Increase (Decrease) |  |
| :---: | :---: | :---: | :---: | :---: | :---: | :---: |

| Total Liabilities and Fund Balance. | \$ | 2,212.8 | \$ | 1,849.6 | \$ | 363.2 |

## GENERAL GOVERNMENTAL FUNCTIONS - MODIFIED ACCRUAL BASIS

The Commonwealth's governmental fund types include the General Fund, the Motor License Fund and other Special Revenue Funds, the Debt Service Funds and the Capital Projects Funds. These funds account for most general operating revenues and expenditures. Their combined fund balances at June 30 , 1989 decreased by $\$ 44$ million to $\$ 1,965$ million from $\$ 2,009$ million at the beginning of the fiscal year. Unreserved/undesignated fund balances at June 30, 1989 amount to $\$ 374$ million as compared to $\$ 381$ million a year ago. Comparative summaries of general governmental revenues by source and expenditures by function (expressed in millions) follow.

General Governmental Revenues by Source. Revenues of the Commonwealth's General, Special Revenue, Debt Service and Capital Projects Funds totalled $\$ 19,248$ million. This represents an 8 percent increase over the previous fiscal year. Taxes constituted 61 percent of general governmental revenues; intergovernmental revenues, primarily Federal funds, constituted 22 percent.

| Revenue Source | rs En |  |  |  | Increase (Decrease) |  |
| :---: | :---: | :---: | :---: | :---: | :---: | :---: |
|  | June 30, 1989 |  | June 30, 1988 |  |  |  |
| Taxes | \$ | 11,759 | \$ | 10,888 | \$ | 871 |
| Licenses and fees |  | 629 |  | 589 |  | 40 |
| Intergovernmental |  | 4,249 |  | 3,874 |  | 375 |
| Charges for goods and services |  | 529 |  | 536 |  | (7) |
| Investment income . . . . . . . . . . |  | 226 |  | 194 |  | 32 |
| Lottery receipts . |  | 1,575 |  | 1,472 |  | 103 |
| Lease rental principal and interest |  | 140 |  | 108 |  | 32 |
| Other |  | 141 |  | 153 |  | (12) |
| Total Revenues | \$ | 19,248 | \$ | 17,814 | \$ | 1,434 |

Taxes increased by $\$ 871$ million over the previous fiscal year due mainly to the expansion in the state and national economies. The following is a summary of tax revenue by type:

| Taxes by Type | Fiscal Years Ended |  |  |  | Increase |  |
| :---: | :---: | :---: | :---: | :---: | :---: | :---: |
|  | June 30, 1989 |  | June 30, 1988 |  |  |  |
| Sales and use | \$ | 4,073 | \$ | 3,837 | \$ | 236 |
| Personal income |  | 3,084 |  | 2,786 |  | 298 |
| Corporation |  | 2,546 |  | 2,316 |  | 230 |
| Liquid Fuels |  | 998 |  | 971 |  | 27 |
| Other . . . . . |  | 1,058 |  | 978 |  | 80 |
| Total Taxes | \$ | 11,759 | \$ | 10,888 | \$ | 871 |

General Governmental Expenditures by Function. Expenditures of the Commonwealth's General, Special Revenue, Debt Service and Capital Projects Funds totalled $\$ 19,449$ million, reflecting an increase of $\$ 1,202$ million over the previous fiscal year. Of the total amount expended, public health and welfare accounted for 36.9 percent, public education for 26.6 percent and transportation, 11.9 percent.

Expenditures for public health and welfare increased by $\$ 470$ million or 7.0 percent over the previous fiscal year. Increases in financial support to the economically needy, aid to families with dependent children, and medical assistance comprise the largest portion of the public health and welfare expenditure increase.

Expenditures for public education increased by $\$ 405$ million or 8.5 percent over the previous fiscal year. Areas of increase include aid to local school districts for basic instruction, vocational instruction, debt service, pupil transportation, employe retirement including social security, and special education programs.

## DEBT ADMINISTRATION

The Constitution of the Commonwealth of Pennsylvania permits the incurrence of debt, without approval of the electorate, for capital projects specifically authorized in a capital budget. Capital project debt outstanding cannot exceed one and three quarters (1.75) times the average of the annual tax revenues deposited in all funds during the previous five fiscal years. The certified constitutional debt limit at August 31, 1989 was $\$ 22.2$ billion. Outstanding capital project debt at August 31, 1989 amounted to $\$ 4.0$ billion.

In addition to constitutionally authorized capital project debt, the Commonwealth may incur debt for electorate approved programs, such as economic revitalization, land and water development, and water facilities restoration; and for special purposes approved by the General Assembly, such as disaster relief.

The total general obligation bond indebtedness outstanding at June 30,1989 was $\$ 4,705$ million. Total debt service expenditures paid from General Fund and Motor License Fund appropriations during the fiscal year ended June 30,1989 amounted to $\$ 613.8$ million.

During the fiscal year ending June 30, 1990 the Office of the Budget projects general obligation bond issuances amounting to $\$ 428$ million, a decrease of $\$ 76$ million as compared to actual bond issuances of $\$ 504$ million, during the fiscal year ended June 30, 1989. This forecast reflects the need to make investments in the Commonwealth's capital infrastructure, particularly interstate highway construction under the Federal Advance Construction Interstate Program, highway bridges, mass transportation and water supply systems. Debt principal retirements of $\$ 412$ million are forecast during fiscal 1990. The table that follows shows total outstanding long-term indebtedness for general obligation bonds (expressed in millions) at the end of the seven most recent fiscal years.

In December 1985, June 1986, and April 1987, the Commonwealth issued general obligation refunding bonds totalling $\$ 224.1$ million. The proceeds are being used to retire general obligation debt incurred in 1980, 1981, 1982 and 1984 at higher interest rates. This will result in estimated savings of $\$ 11.6$ million over the life of the refunding bonds, or $\$ 9.1$ million when discounted to present value. In November 1988, the Commonwealth issued $\$ 127.6$ million in general obligation bonds to advance refund $\$ 146.2$ million of outstanding General State Authority (GSA) bonds. The Commonwealth advance refunded the GSA bonds to reduce its total debt service payments over the next nine years by $\$ 3.6$ million and to obtain an economic gain of $\$ 3.5$ million.

In addition to general obligation bonds, the Commonwealth issues tax anticipation notes to meet operating cash needs during certain months of the fiscal year. Tax anticipation notes may be issued only for the General Fund and the Motor License Fund. They may not exceed 20 percent of the funds' estimated revenues for the year, and must mature during the fiscal year in which they are issued. Cash shortages occur during the fiscal year because tax receipts, unlike cash disbursements, are concentrated in the fourth quarter of the fiscal year.

During the fiscal year ending June 30, 1990, General Fund revenues and budgeted expenditures, adjusted for estimated lapses and encumbrances, are expected to increase by 1 percent and 2 percent, respectively. As the result of tax changes and expenditure patterns that are likely to affect the cash receipts flow, the Commonwealth anticipates issuance of $\$ 850$ million in General Fund tax anticipation notes during the current fiscal year. General Fund tax anticipation note or commercial paper issuances (expressed in millions) during the five most recent fiscal years are shown below. Motor License Fund tax anticipation notes were not issued for the periods shown and are not expected to be issued in the future.

## CASH MANAGEMENT

The Treasury Department is required by the Commonwealth's Fiscal Code to deposit monies of the Commonwealth, excluding certain component units, in state depositories approved by the Board of Finance and Revenue. Monies deposited are not required to be segregated by fund.

In addition, the Treasury Department is empowered to invest monies of the Commonwealth that have accumulated beyond the ordinary needs of the various Commonwealth Funds. Temporary investments held by the Treasury Department by type, average maturity in days and percent at June 30, 1989 are depicted below.

| Investment Type | Average Maturity (days) | Percent |
| :---: | :---: | :---: |
| Commercial Paper (Moody's Prime One Rating or |  |  |
| Equivalent) | 24 | 45.5\% |
| United States Treasury and Agency Obligations | 204 | 25.2 |
| Repurchase Agreements. | 13 | 24.9 |
| Certificates of Deposit | 241 | . 7 |
| Bankers' Acceptances (Moody's Aa Rating or |  |  |
| Equivalent) . . . . . | 21 | . 2 |
| Medium-Term Corporate Notes | 262 | 5 |
| Other | 180 | 3.0 |
|  |  | 100.0\% |

Temporary investments held by the Treasury Department amounted to $\$ 4,898$ million as of June 30, 1989. Temporary investments were made by specific funds. Interest on investments made by the Treasury Department during the fiscal year amounted to $\$ 407$ million at an average yield of 8.495 percent.

## RISK MANAGEMENT

The Commonwealth maintains ongoing training and information programs to reduce risks associated with employe injury and negligence, contract compliance, tort liabilities and property losses. As more fully described at Note O to the financial statements, the Commonwealth became self-insured for employe disability and medical claims on July 1, 1983. The Commonwealth is also self-insured for
tort liabilities, including automobile, employe and transportation-related claims. Financial resources are accumulated to establish reserves to fund self-insured claims. Third-party coverage is obtained for property losses in excess of one million dollars per occurrence, to a limit of one hundred million dollars per occurrence. Coverage for property losses less than one million dollars or more than one hundred million dollars is maintained through the Commonwealth's self-insurance program.

## CAPITAL PROJECTS FUNDS

Proceeds of general obligation bonds are generally accounted for in the capital projects funds. Completed projects and construction in progress at the fiscal year end are accounted for as assets and are capitalized in the General Fixed Assets Account Group. Projects completed during the fiscal year totalled $\$ 95$ million; construction in progress at June 30, 1989 amounted to $\$ 40$ million. Authorized but unissued general obligation bonds at June 30,1989 totalled $\$ 9,635$ million.

## ENTERPRISE, FIDUCIARY AND COLLEGE AND UNIVERSITY FUNDS

All enterprise funds, except for the Pennsylvania Infrastructure Investment Authority (PENNVEST), reported retained earnings for the fiscal year ended June 30, 1989. As more fully described at Note $C$ to the financial statements, PENNVEST reported a retained earnings deficit of $\$ 1.8$ million at June 30, 1989. The overall increase in retained earnings for enterprise funds amounted to $\$ 161.7$ million.

Fiduciary type funds, including expendable trust funds and pension trust funds, reported fund balances of $\$ 24,290$ million at June 30,1989 , as compared to $\$ 21,387$ million at June $30,1988$.

The total fund equity for the College and University Funds at June 30, 1989 was $\$ 390$ million, as compared to $\$ 334$ million at June 30, 1988.

## GENERAL FIXED ASSETS

General fixed assets of the Commonwealth are those used in the performance of general governmental functions. The fixed assets of the proprietary and the fiduciary fund types and the College and University Funds are not included in the General Fixed Assets Account Group, except for certain real property of the SSHE. General fixed assets as of June 30 , 1989 amounted to $\$ 2,833$ million at actual or estimated historical cost. Depreciation is not recognized for the Commonwealth's general fixed assets. Infrastructure assets, consisting primarily of highways, roads and bridges, are not recorded in the General Fixed Assets Account Group. Both of these practices are in conformity with GAAP.

## INDEPENDENT AUDIT

The audit of the GPFS, evidenced by the Independent Auditors' Report submitted herewith, was performed jointly by the Department of the Auditor General and the independent public accounting firm of Peat Marwick Main \& Co. It was performed pursuant to the authority vested in the Auditor General and the Governor under Section 402 of the Fiscal Code of 1929 and in the Governor under Section 701 of the Administrative Code of 1929.

The Fiscal Code provides that the Department of the Auditor General shall make all audits of transactions after their occurrence, which may be necessary, in connection with the administration of the financial affairs of the government of the Commonwealth of Pennsylvania and that it shall be the duty of the Governor to make such audits of the affairs of the Department of the Auditor General.

## CERTIFICATE OF ACHIEVEMENT

The Government Finance Officers Association of the United States and Canada (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to the Commonwealth of Pennsylvania for its Comprehensive Annual Financial Report as of and for the fiscal years ended June 30, 1988, 1987 and 1986.

To merit a certificate of achievement, a government unit must publish an easily readable and efficiently organized Comprehensive Annual Financial Report which conforms to GFOA standards and satisfy both generally accepted accounting principles and applicable legal requirements. A certificate of achievement is valid for a period of one year only.

We believe the Comprehensive Annual Financial Report of the Commonwealth of Pennsylvania as of and for the fiscal year ended June 30, 1989 conforms to the GFOA standards and we are submitting it to the GFOA to determine its eligibility for a Certificate of Achievement for Excellence in Financial Reporting.

## OUTLOOK

The national economy appears to be entering a period of sub-par economic growth in the last half of 1989. Slower growth of exports, reduced investment in business facilities and equipment and slower growth in consumer spending, especially for durable goods such as automobiles and home furnishings, are bringing economic growth in the second half of 1989 to a level below that of the first half. Most economic forecasts project this period of slower economic activity to last for three to four quarters but not to turn into a recession. A return to a stronger economy is expected to take place slowly through 1991.

Based on the above economic outlook and current revenue and expenditure forecasts, the Commonwealth is projecting a $\$ 1.2$ million General Fund budgetary balance (unappropriated surplus) at the end of the 1989-90 fiscal year as follows (amounts in millions):

$$
\begin{aligned}
& \text { Fund balance, November 30, } 1989 \text {. . . . . . . . . . . . . . . . . . . . . . } \$ 5.3 \\
& \text { Net revenue adjustments . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . } \\
& \text { Estimated lapses at June 30, } 1990 \text {. . . . . . . . . . . . . . . . . . . . . . . . } 97.0 \\
& \text { Potential supplemental appropriations . . . . . . . . . . . . . . . . . . . . . (48.5) } \\
& \text { Projected fund balance, June } 30,1990 \ldots \ldots . . . . . . . . .
\end{aligned}
$$

The official budgetary revenue estimated for the $1989-90$ fiscal year is $\$ 12,432.5$ million. Appropriations currently are $\$ 11,924.0$ million. Potential additional 1989-90 appropriations for cost of current programs are estimated to be $\$ 48.5$ million, an amount that may be revised during the development of the 1990-91 fiscal year budget.

## ACKNOWLEDGEMENTS

In conclusion, I wish to express my appreciation to the staff of the various Commonwealth agencies whose time and dedicated effort made this report possible and, at the same time, to reaffirm my commitment to you to maintain the highest standards of accountability in financial reporting to the citizens of the Commonwealth.

Harvey C. Eckert Deputy Secretary for Comptroller Operations Office of the Budget

## Certificate of Achievement for Excellence in Financial Reporting

Presented to

## Commonwealth of Pennsylvania

## For its Comprehensive Annual Financial Report for the Fiscal Year Ended June 30, 1988

A Certificate of Achievement for Excellence in Financial Reporting is presented by the Government Finance Officers Association of the United States and Canada to government units and public employee retirement systems whose comprehensive annual financial reports (CAFR's) achieve the highest standards in government accounting and financial reporting.

## Independent Auditors' Report

The Honorable Robert P. Casey
Governor
Commonwealth of Pennsylvania
Harrisburg, Pennsylvania

We have jointly audited the general purpose financial statements of the Commonwealth of Pennsylvania as of and for the fiscal year ended June 30, 1989, as listed in the accompanying table of contents. These general purpose financial statements are the responsibility of the Commonwealth's management. Our responsibility is to express an opinion on these financial statements based on our audit. We did not jointly audit the financial statements of certain component units, which represent $47,50,51$ and 79 percent of total assets and $3,75,55$ and 41 percent of total revenues, respectively, of the Special Revenue, Debt Service, Capital Projects and Enterprise Fund Types, 90 percent of total assets of the Trust and Agency Fund Type, all revenues of the Pension Trust Funds, and 17 percent of total liabilities of the General Long-Term Obligations Account Group, and we did not jointly audit the financial statements of the State System of Higher Education which represent the amounts shown as the College and University Funds. The financial statements of these component units and the College and University Funds were audited by other auditors, including Peat Marwick Main \& Co. acting separately, whose reports thereon have been furnished to us and our opinion expressed herein, insofar as it relates to the amounts included for those component units and the College and University Funds, is based solely on the reports of the other auditors. Peat Marwick Main \& Co. has audited separately 18 and 63 percent of total assets and 12 and 63 percent of total revenues, respectively, of the Enterprise Funds and Pension Trust Funds and the financial statements of the State System of Higher Education.

We conducted our audit in accordance with generally accepted auditing standards. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the general purpose financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the general purpose financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit and the reports of other auditors provide a reasonable basis for our opinion.

In our opinion, based on our audit and the reports of other auditors, the general purpose financial statements referred to above present fairly, in all material respects, the financial position of the Commonwealth of Pennsylvania at June 30, 1989, and the results of its operations and the changes in financial position of its Proprietary Fund Types and Pension Trust Fund for the fiscal year then ended, in conformity with generally accepted accounting principles.

Our audit was made for the purpose of forming an opinion on the general purpose financial statements taken as a whole. The combining financial statements and schedules listed in the accompanying table of contents are presented for purposes of additional analysis and are not a required part of the general purpose financial statements of the Commonwealth of Pennsylvania. Such information has been subjected to the auditing procedures applied in the audit of the general purpose financial statements and, in our opinion, and based upon the reports of other auditors, is fairly presented in all material respects in relation to the general purpose financial statements taken as a whole.

We did not audit the data included in the introductory and statistical sections of this report and, therefore, express no opinion thereon.

East Wing Addition to the Main Capitol
$>$
Designed in the "post
modernist" style by
Celli-Flynn
Associates/H.F. Lenz
Co., the 950,000
square-foot addition
contains legislative
office space andunderground parkingfor 840 cars.
Completed in 1986, it
complements the Italian
Renaissance style of the
Capitol and provides
the long-missing focal
point called for in
Brunner's 1916 master
plan. The entrance
plaza evokes Bernini's

## COMMONWEALTH OF PENNSYLVANIA

## NOTE A-FINANCIAL REPORTING ENTITY

For financial reporting purposes, in conformity with generally accepted accounting principles (GAAP), the Commonwealth includes all funds, agencies, boards, commissions and authorities over which the Commonwealth's executive or legislative branches exercise oversight responsibility. Oversight responsibility of the Commonwealth was determined on the basis of budget adoption, tax authority, funding, outstanding debt secured by revenues of the Commonwealth, authority to appoint an organization's governing board, and the organization's scope of service and financing relationship to the Commonwealth. The accompanying financial statements include all Commonwealth funds, agencies, boards and commissions required to submit an annual budget in accordance with Section 610 of the Administrative Code of 1929, as amended, and the following organizations:

General State Authority<br>Pennsylvania Higher Educational Facilities Authority<br>Pennsylvania Higher Education Assistance Agency<br>Pennsylvania Housing Finance Agency<br>Pennsylvania Industrial Development Authority<br>Pennsylvania Turnpike Commission<br>Public School Employes' Retirement System<br>State Employes' Retirement System<br>State Highway and Bridge Authority<br>State Public School Building Authority<br>State System of Higher Education

Certain independent charitable foundations and affiliated organizations of the State System of Higher Education, including alumni associations, trusts, student government associations, bookstores and science and research centers are not included in the Commonwealth financial reporting entity. Such foundations and organizations are separate and distinct from the respective universities - they are separately incorporated, have their own charters and are governed by representatives from the private sector. The foundations and affiliated organizations are responsible for their own daily operations, debt service, personnel and financial management.
The State-Related Universities listed below are not considered part of the reporting entity since they determine their own budgets without review or modification by the Commonwealth, have the power to fix and collect charges for their services, have the responsibility to fund their own deficits, dispose of their own surpluses, exercise complete autonomy over fiscal and institutional matters and may issue debt which is neither a statutory nor moral obligation of the Commonwealth:

Pennsylvania State University<br>Temple University<br>University of Pittsburgh<br>Lincoln University

The Pennsylvania Municipal Retirement System is excluded from the reporting entity because the System independently fixes and collects charges for providing municipal pension benefits, receives no funds from the Commonwealth, has no continuing policy-making affiliation with the Commonwealth and exercises complete autonomy over financial, operational and personnel matters.

## NOTE B-SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Fund Accounting: In governmental accounting, a fund is defined as an independent fiscal and accounting entity with a self-balancing set of accounts, recording cash and/or other resources together with all related liabilities and equities which are segregated for the purpose of carrying on specific activities or attaining certain objectives in accordance with the fund's special regulations, restrictions or limitations. In the Commonwealth, funds are established by legislative enactment or in certain cases by administrative action.

## NOTES TO FINANCIAL STATEMENTS

NOTE B-Summary of Significant Accounting Policies (continued)
The Commonwealth has established the following fund categories, fund types and account groups:

## Governmental Funds

General Fund - Accounts for all financial resources except those required to be accounted for in another fund. The General Fund is the Commonwealth's major operating fund.

Special Revenue Funds - Account for the proceeds of specific revenue sources (other than expendable trusts or major capital projects) that are legally restricted to expenditure for specified purposes. Although included as a Special Revenue Fund, the State Lottery Fund reports on a basis of accounting which provides results which are the same as if the full accrual method of accounting were used, except for fixed assets and related depreciation, which are not reported.

Debt Service Funds - Account for the accumulation of resources, principally transfers from other funds, for the payment of general long-term debt principal and interest.

Capital Projects Funds - Account for financial resources to be used for the acquisition or construction of major capital facilities, including those provided to political subdivisions and other public organizations (other than those financed by Proprietary or Fiduciary Funds).

## Proprietary Funds

Enterprise Funds - Account for operations that are financed and operated in a manner similar to private business enterprises. Costs of providing goods and services to the general public on a continuing basis, including depreciation, are financed or recovered primarily through user charges. The State Workmen's Insurance Fund is included for its fiscal year ended December 31, 1988, the Pennsylvania Turnpike Commission for its fiscal year ended May 31, 1989 and the State Stores Fund for its 52 week period ended June 27, 1989.

Internal Service Funds - Account for the financing of goods or services provided by one department or agency to other departments or agencies of the Commonwealth, or to other governmental units, on a cost-reimbursement basis.

## Fiduciary Funds

Trust and Agency Funds - Account for assets held by the Commonwealth in a trustee capacity or as an agent for individuals, private organizations, other governmental units and/or other funds. These include Expendable Trust Funds, Pension Trust Funds and Agency Funds. The State Employes' Retirement System, a Pension Trust Fund, and the Deferred Compensation Fund, an Agency Fund, are included for their fiscal years ended December 31, 1988.

## Account Groups

General Fixed Assets Account Group - Accounts for all general fixed assets acquired or constructed for use by the Commonwealth in the conduct of its activities, except those accounted for in Proprietary and Pension Trust Funds.

General Long-Term Obligations Account Group - Accounts for all long-term obligations of the Commonwealth, except those accounted for in Proprietary Funds.

## College and University Funds

Account for the operations of the Office of the Chancellor and the 14 state-owned universities, which comprise the State System of Higher Education, in accordance with existing authoritative accounting and reporting principles applicable to colleges and universities. Accordingly, the College and University Funds are an aggregation of the following funds:

Current Funds-Unrestricted - Account for economic resources of the institution which are expendable for any purpose in performing the primary objectives of the universities and have not been designated by the governing body for any other purpose.

## NOTES TO FINANCIAL STATEMENTS

## NOTE B-Summary of Significant Accounting Policies (continued)

Current Funds-Restricted - Account for resources received from donors or other outside agencies that are restricted by them for specific operating purposes.

Loan Funds - Account for resources available for loans to students, faculty or staff.
Endowment and Similar Funds - Consist of endowment funds, term endowment funds and quasi-endowment funds.

Endowment Funds - Account for resources which the donor has stipulated, as a condition of the gift instrument, that the principal amount would be maintained inviolate and in perpetuity for investment. Investment earnings may be added to the principal or expended for restricted or unrestricted purposes, based on the donor's stipulation.

Term Endowment Funds - Account for resources, all or a part of the principal of which may be expended upon the passage of time or the occurrence of a particular event.

Quasi-Endowment Funds - Account for resources that the governing board of an institution, rather than an outside source, has determined will be retained and invested. Since this is an internal designation, the Board of Governors has the right to expend the principal of these funds at any time.

Plant Funds - Account for (a) resources available to acquire or repair institutional properties and to service debt incurred to acquire such properties and (b) the cost of fixed assets and the source from which the cost is funded.

Ageñcy Funds - Account for resources held by the institution acting in the capacity of an agent for distribution to designated beneficiaries.

Measurement Focus and Basis of Accounting (GAAP): The accounts of the general, special revenue, debt service, capital projects funds (Governmental Fund Types), expendable trust and agency funds are reported using the current financial resources measurement focus and modified accrual basis of accounting. Under this measurement focus only current assets and current liabilities are normally included on the balance sheet. Operating statements of these funds present increases (i.e., revenues and other financing sources) and decreases (i.e., expenditures and other financing uses) in net current assets. Fund balance represents a measure of "available spendable resources." Under the modified accrual basis of accounting, revenues of governmental and expendable trust funds are recognized in the year that they become both measurable and available (within 60 days of fiscal year-end) to pay current fiscal year liabilities. The Commonwealth accrues the following major revenue sources that are both measurable and available:

Sales and use taxes, cigarette taxes, corporation taxes, personal income taxes, liquid fuels taxes, liquor taxes, grant revenues, investment income, institutional revenues, lottery revenues and sales of goods and services.

Revenues from other sources are recognized when received. Expenditures are generally recognized in the fiscal year the goods or services are received and the related fund liability is incurred. Debt service expenditures for principal and interest on general long-term obligations are recognized when due unless resources have been provided for payment early in the subsequent fiscal year. Prepaid items and inventory purchases are reported as current fiscal year expenditures, rather than allocating cost to the fiscal year when the items are used. Expenditures for claims, judgments, compensated absences and employer pension contributions are reported as the amount accrued during the fiscal year that normally would be liquidated with expendable available financial resources.

## NOTES TO FINANCIAL STATEMENTS

NOTE B-Summary of Significant Accounting Policies (continued)

The accounts of the enterprise, internal service (Proprietary Fund Types) and pension trust funds are reported using the flow of economic resources measurement focus and the accrual basis of accounting. Under this measurement focus all assets and liabilities associated with the operations of these funds are included on the balance sheet. Fund equity (i.e., net total assets) consists of contributed capital and retained earnings. Under the accrual basis of accounting, revenues are recognized in the fiscal year earned and expenses are recognized in the fiscal year incurred.

The accounts of the College and University Funds are reported using the "financial flow' (spending) measurement focus and the accrual basis of accounting with the exception that depreciation expense related to plant fund assets is not recorded. This treatment is in accordance with the National Association of College and University Business Officers' (NACUBO) College and University Business Administration (1982) and the American Institute of Certified Public Accountants' (AICPA) Audits of Colleges and Universities (1975) for institutions of higher education.

Basis of Accounting (Budgetary). The Commonwealth's Constitution requires that the Governor submit a budget annually to be adopted by the General Assembly for the ensuing fiscal year. The General Assembly may add, change or delete any items in the budget proposed by the Governor, but the Governor retains veto power over the individual appropriations passed by the legislature. The Governor may also reduce individual appropriations, but may not increase them. A gubernatorial veto can be overridden only by a two-thirds majority of each House of the General Assembly.

The Commonwealth's budget is prepared essentially on a cash basis. Total appropriations enacted by the General Assembly may not exceed the ensuing fiscal year's estimated revenues, as developed by the Governor, plus (less) the unappropriated fund balance (deficit) of the preceding fiscal year, except for constitutionally authorized debt service payments.

Budgetary control is exercised at the appropriation level (legislative spending authority level). Encumbrances and expenditures cannot exceed appropriated amounts. Appropriation transfers between departments and any supplemental appropriations require both executive and legislative branch approval. Unencumbered and unexpended appropriations lapse at fiscal year end and become available for appropriation in the subsequent year. On the budgetary basis of accounting, certain estimated tax revenue accruals are recorded at fiscal year end for the General Fund and the Motor License Fund, a Special Revenue Fund. Accruals include sales and use taxes and personal income taxes, both applicable to the General Fund, and liquid fuels taxes applicable to the Motor License Fund, which are estimated to be owed to the Commonwealth but not collected at fiscal year end. Also, estimated encumbrances are established for all funds at fiscal year end to pay certain direct expenditures for salaries, wages, travel, and utility costs payable against current year appropriation authority but expended in the subsequent year. Over-estimates of prior year encumbrances are lapsed in the subsequent year and under-estimates are charged to subsequent year appropriation authority. A separate document, "Status of Appropriations" for the fiscal year ended June 30, 1989 reports the level of legal control at the appropriation level for specific departmental programs and functions, and is available from the Commonwealth's Office of the Budget.

Budgets are legally adopted each fiscal year for the following funds:
General Fund
Special Revenue Funds:
State Lottery
Motor License
Workmen's Compensation Administration
State Public School Building Authority

## NOTES TO FINANCIAL STATEMENTS

## NOTE B-Summary of Significant Accounting Policies (continued)

Not all Special Revenue Funds are controlled by legally adopted budgets. Controls over spending in such Special Revenue Funds are maintained by use of spending limits (executive authorizations) established by the Governor.

The Commonwealth also makes appropriations to authorize expenditures for various capital projects. Appropriations for capital projects normally remain in effect until the completion of each project unless modified or rescinded.

Budget revenues in the accompanying Combined Statement of Revenues, Expenditures and Changes in Unreserved/Undesignated Fund Balances - Budget and Actual (Budgetary Basis) represent official estimates while expenditures represent amounts originally adopted and legally amended. Actual amounts are presented on the budgetary basis. Because the budgetary basis of accounting differs from GAAP, a reconciliation of the differences between budgetary basis and the GAAP basis of reporting is presented in Note M.

Pooled Cash: In accordance with the Pennsylvania Fiscal Code, cash balances of most Commonwealth funds are pooled by the Treasury Department. Cash balances are segregated by fund, but accounted for centrally for receipt and disbursement purposes. The law requires that collateral be pledged by banks and other financial institutions to guarantee the Commonwealth's cash on deposit.

Investments: Investments are maintained separately by fund. Temporary investments are stated at cost, which approximates market. Long-term investments are stated at cost for equity securities and at amortized cost for debt securities, except for various investments of the State Employes' Retirement System and the Deferred Compensation Fund, which are stated at market value.

Grants: Federal grants and assistance awards made on the basis of entitlement periods are recorded as intergovernmental revenues when entitlement occurs. Federal reimbursement type grants are recorded as revenues when the related expenditures or expenses are incurred.

Inventories: Inventories of goods, materials and supplies are maintained by the Proprietary and College and University Funds. These inventories are valued at the lower of cost or market (first-in, first-out) for Proprietary and weighted average for College and University Funds. In the governmental fund types, inventories are accounted for on the purchases method.

Fixed Assets and Depreciation: General fixed assets are reported at cost or estimated historical cost. Donated fixed assets are stated at fair market value at the time of donation. Public domain fixed assets (including highways, bridges, highway land and rights-of-way) are not capitalized. No depreciation is provided on general fixed assets. Land and buildings used by the State System of Higher Education (SSHE), which were acquired or constructed before July 1, 1983, the inception date for the SSHE, are reported in the Commonwealth's General Fixed Assets Account Group. All general fixed assets acquired or constructed by the SSHE subsequent to June 30,1983 without the use of university funds or incurrence of the SSHE debt are also reported in the Commonwealth's General Fixed Assets Account Group. This accounting treatment is used to conform to the enabling legislation for the SSHE, which includes the vesting of title for the SSHE property.

Fixed assets related to Proprietary and Pension Trust Funds are reported in those funds at cost or estimated historical cost. Depreciation is reported on a straight-line basis over the fixed assets' estimated useful lives. The following lives are used:

$$
\begin{aligned}
& \text { Buildings . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . 10-50 years } \\
& \text { Improvements other than buildings . . . . . . . . . . . . . . . . . . . . . . . . . . 5-50 years } \\
& \text { Furniture, machinery and equipment. . . . . . . . . . . . . . . . . . . . . . . . . 3-25 years }
\end{aligned}
$$

Fixed assets reported by the SSHE are stated at cost. Depreciation is not recorded on the SSHE fixed assets.

## NOTES TO FINANCIAL STATEMENTS

## NOTE B-Summary of Significant Accounting Policies (continued)

#### Abstract

Amounts Available in Commonwealth Funds: The amounts available for retirement of Other General Long-Term Obligations are reported as part of Fund Balance "Designated-Other" at June 30, 1989 as follows (expressed in thousands):

| General Fund: |  |  |
| :---: | :---: | :---: |
| Employe disability claims | \$ | 85,855 |
| Tort claims |  | 9,068 |
|  |  | 94,923 |
| Expendable Trust Fund: |  |  |
| Workmen's Compensation Security Trust claims |  | 118,710 |
| Total Amounts Available in Commonwealth Funds for |  |  |
| Other General Long-Term Obligations . . . . . . . | \$ | 213,633 |

Insurance Loss Liability: The insurance loss liability represents an estimate of the ultimate net costs of unpaid claims relating to policyholders of the State Workmen's Insurance Fund, an Enterprise Fund. These loss reserves are discounted at a $6 \%$ rate.

Self-Insurance: The Commonwealth is uninsured for property losses and self-insured for employe disability and tort claims. Reporting of self-insurance liabilities is described in Note O.

Compensated Absences: Employes accumulate annual leave based on $2 \%$ to $10 \%$ of regular hours paid to a maximum of 45 days. Employes are paid for accumulated annual leave upon termination or retirement.

Employes accumulate sick leave based on $5 \%$ of regular hours paid to a maximum of 200 days. Retiring employes that meet service, age or disability requirements are paid for $30 \%$ of their accumulated unused sick leave.

Accumulated annual and sick leave liability payable in subsequent fiscal years from Governmental Funds and Expendable Trust Funds are reported in the General Long-Term Obligations Account Group. Proprietary, Pension Trust, and College and University Funds accrue annual and sick leave in the fiscal year earned.

Pension Costs: The Commonwealth's policy is to fund pension costs incurred and to amortize prior service costs over varying periods not exceeding 30 years.

Encumbrances: Encumbrance accounting, under which purchase orders, contracts and other commitments for expenditures are recorded as a reserve of the applicable appropriation, is employed as an extension of formal budgetary integration in the Commonwealth's accounting system. Encumbrances outstanding at fiscal year end are reported as reservations of fund balance for subsequent year expenditures.

Reserves and Designations: Reserves represent portions of fund balances that are legally segregated for a specific future use or are not appropriable for expenditure.

The amount reserved for advances in the General Fund is applicable to a demand loan to the State Stores Fund, an advance to the State Workmen's Insurance Fund, both Enterprise Funds, and an advance to the Motor License Fund, a Special Revenue Fund.

## NOTES TO FINANCIAL STATEMENTS

## NOTE B-Summary of Significant Accounting Policies (continued)

Reserved retained earnings for Enterprise Funds (expressed in thousands) are provided principally for the retirement of debt relating to the Pennsylvania Turnpike Commission, $\$ 737,578$, insurance claims relating to the State Workmen's Insurance Fund, $\$ 105,429$, student loans relating to the Pennsylvania Higher Education Assistance Agency, $\$ 146,369$, housing loans relating to the Pennsylvania Housing Finance Agency, $\$ 27,165$ and other items, \$2,265.

Designations of unreserved fund balances reflect managerial plans for the future use of financial resources. At June 30, 1989 the Commonwealth has included the following amounts as "Designated-Other" for the General Fund, Special Revenue Funds and Expendable Trust Funds (expressed in thousands):
General Fund:
Employe disability claims ..... \$ 85,855
Tort claims ..... 9,06894,923
Tax stabilization ..... 112,954
Continuing programs ..... 111,956
Restricted revenue ..... 65,806
Group medical and life insurance ..... 57,525
Other ..... 12,471
Total General Fund ..... 455,635
Special Revenue Funds:
Economic development\$ 19,090
Land reclamation ..... 12,283
Energy conservation and development ..... 6,040
Solid waste grants ..... 5,056
Other ..... 881
Total Special Revenue Funds ..... $\$ 43,350$
Expendable Trust Funds:
Workmen's Compensation Security Trust Claims ..... \$ 118,710
Other ..... 517
Total Expendable Trust Funds ..... \$ 119,227

Intergovernmental Revenues: These amounts represent revenues received principally from the Federal Government.

## NOTES TO FINANCIAL STATEMENTS

## NOTE B-Summary of Significant Accounting Policies (continued)

Interfund Transactions: The Commonwealth has the following types of transactions among funds:
Statutory Transfers (Operating Transfers) - Legally required transfers that are reported when incurred as "Operating transfers in" by the recipient fund and as "Operating transfers out' by the disbursing fund.

Transfers of Expenditures (Reimbursements) - Reimbursement of expenditures made by one fund for another that are recorded as expenditures in the reimbursing fund and as a reduction of expenditures in the reimbursed fund.

Residual Equity Transfers - Nonroutine or nonrecurring transfers between funds that are reported as additions to or deductions from the fund equity balance.

Interfund Payments (Quasi-external Transactions) - Charges or collections for services rendered by one fund to another that are recorded as revenues of the recipient fund and expenditures or expenses of the disbursing fund.

The composition of the Commonwealth's interfund receivables and payables at June 30, 1989 is presented in Note H .

Totals-Memorandum Only: The "Totals (Memorandum Only)" columns represent an aggregation of the combined financial statement amounts of the fund types and account groups and are presented only for analytical purposes. These amounts are not comparable to a consolidation and do not represent the total resources available to or used by the Commonwealth.

## NOTES TO FINANCIAL STATEMENTS

## NOTE C-RESTATEMENTS AND FUND BALANCE/RETAINED EARNINGS DEFICIT

The July 1, 1988 retained earnings for the Purchasing Fund, an Internal Service Fund, has been restated due primarily to the inclusion of additional fixed assets and related accumulated depreciation previously excluded from the June 30, 1988 financial statements. The July 1, 1988 retained earnings has been increased by $\$ 2,875$, from $\$ 5,279$ to $\$ 8,154$. The effect of this adjustment increases the combined retained earnings for all Internal Service Funds from $\$ 20,708$, as previously reported at June 30, 1988, to $\$ 23,583$ (amounts in thousands).

The July 1, 1988 current funds unrestricted fund balance for the State System of Higher Education, College and University Funds, has been restated to recognize additional compensated absence liabilities previously excluded from the June 30, 1988 financial statements. The July 1, 1988 current funds unrestricted fund balance has been decreased by $\$ 1,113$, from $\$ 29,738$ to $\$ 28,625$ (amounts in thousands).

The Catastrophic Loss Trust Fund, an Expendable Trust Fund, had a fund balance deficit of $\$ 24.7$ million at June 30, 1989. Elimination of this deficit will result, in part, from additional revenue collected from future surcharges on motor vehicle violations.

The Pennsylvania Infrastructure Investment Authority (PENNVEST), an Enterprise Fund, had an unreserved retained earnings deficit of $\$ 1.8$ million at June 30,1989 . Elimination of this deficit will result from future interest earned on loan repayments and investments.

At June 30, 1989 the Capital Facilities Fund, an individual fund included in the Capital Projects fund type, reported a deficit unreserved/undesignated fund balance of $\$ 64,223$. This deficit is primarily caused by a fund balance reservation for encumbrances of $\$ 211,068$. In total, the individual Capital Facilities Fund reported a fund balance of $\$ 146,845$ at June 30, 1989. Total Capital Projects funds reported reservations for encumbrances of $\$ 211,674$, designations for capital projects of $\$ 187,752$ and a deficit unreserved/undesignated fund balance of $\$ 64,223$, for a total combined fund balance of $\$ 335,203$ at June 30, 1989 (amounts in thousands).

## NOTES TO FINANCIAL STATEMENTS

## NOTE D-DEPOSITS AND INVESTMENTS

Authority for Commonwealth deposits and investments: The deposit and investment policies of the Commonwealth's Treasury Department are governed by sections 301.1 and 505 of the Pennsylvania Fiscal Code (Act of 1929, P.L. 343, No. 176, amended November 16, 1985). Commonwealth deposits must be held in insured depositories approved by the Board of Finance and Revenue and must be fully collateralized. Permissible investments include direct obligations of the U.S. Treasury and U.S. Government agencies with maturities not exceeding two years; commercial paper rated "Prime One"' by Moody's Credit Service or the equivalent by Standard and Poor's or Fitch's Rating Service; certificates of deposit issued by Pennsylvania banks or savings and loan associations; repurchase agreements secured by U.S. Government obligations that are held by the Treasury Department at the Federal Reserve bank; banker's acceptances; and up to a maximum of $10 \%$ of the book value of a fund's assets in any investment (other than common stock) not otherwise specifically authorized. It is also permissible for the Treasury Department to participate in reverse repurchase agreements.

In some cases, deposit and investment policies of certain individual funds and component units are established by statutes other than the Fiscal Code; however, all deposits, investments and reverse repurchase agreements of Commonwealth component units are specifically authorized by law.

In accordance with applicable statutory authority, the State Employes' Retirement System and the Public School Employes' Retirement System, Pension Trust Funds, have invested in common and preferred stocks, corporate and foreign bonds and notes, mortgages and real estate during their fiscal years.

Deposits: The following summary presents the amount of Commonwealth deposits which are fully insured or collateralized with securities held by the Commonwealth or its agent in the Commonwealth's name (Category 1), those deposits which are collateralized with securities held by the pledging financial institution's trust department or agent in the Commonwealth's name (Category 2) and those deposits which are not collaterized or are collaterized by the pledging financial institution or the pledging institution's trust department or agent, but rot in the Commonwealth's name (Category 3 ) at June 30 , 1989 (expressed in thousands).

|  | Category 1 | Category 2 | Category 3 | Total Bank Balance | Carrying Amount |
| :---: | :---: | :---: | :---: | :---: | :---: |
| Cash | \$ 241,332 | \$ 30,793 | \$12,688 | \$ 284,813 | \$ 103,377 |
| Cash with fiscal agents | 1,531,597 |  | 51,829 | 1,583,426 | 1,559,167 |
| Certificates of deposit | 249,806 | 144,664 |  | 394,470 | 394,556 |

The above-listed $\$ 394,556$ in certificates of deposit is reported as investments at June 30, 1989.

Investments: The Commonwealth categorizes investments according to the level of credit risk assumed by the Commonwealth. Category 1 includes investments that are insured, registered or held by the Commonwealth or the Commonwealth's agent in the Commonwealth's name. Category 2 includes uninsured and unregistered investments held by the counterparty's trust department or agent in the Commonwealth's name. Category 3 includes uninsured and unregistered investments held by the counterparty, its trust department or its agent, but not in the Commonwealth's name. Certain investments have not been categorized because securities are not used as evidence of the investment. These uncategorized investments include ownership interests in mutual funds and in mortgage, real estate and venture capital pools. The following summary identifies the level of credit risk assumed by the Commonwealth and the total carrying amount and market value of Commonwealth investments at June 30, 1989 (expressed in thousands).

| Mutual funds | 2,202,789 | 2,202,789 |
| Real estate | 566,432 | 566,432 |
| Venture capital | 82,479 | 82,479 |
| Venture capital pool in which the Public School Employes' Retirement System participates at June 30, 1989 | 98,742 | 98,742 |
| Investment agreement in which the Pennsylvania Higher Educational Facilities |  |  |
| Authority participates at June 30, 1989 | 34,240 | 34,240 |
| Investment agreement in which the Pennsylvania Housing Finance Agency participates at June 30, 1989 | 4,301 | 4,301 |
| Investment agreements in which the Pennsylvania Higher Education Assistance Agency participate at June 30, 1989 | 361,349 | 361,310 |
| Total Investments. | \$28,551,700 | \$29,805,724 |

In addition to the above listed carrying amount of $\$ 28,551,700$, there are $\$ 394,556$ of certificates of deposit which are reported as investments at June 30, 1989 but which have been treated as deposits for a determination of the level of credit risk associated with the certificates. The total investments reported on the balance sheet of $\$ 28,946,256$ is reported as follows (expressed in thousands):

| Temporary investments $\ldots \ldots$ | $\$ 8,475,152$ |
| ---: | ---: | ---: |
| Long-term investments $\ldots \ldots$ | $\underline{20,471,104}$ |
| Total investments $\ldots \ldots$ | $\$ 28,946,256$ |

The Pension Trust Funds own approximately 100 percent of the common and preferred stock, 87 percent of the corporate bonds and notes, 98 percent of mortgage loans and 100 percent of the real estate reported in the above summary. During the fiscal year ended June 30, 1989 the Treasury Department entered into reverse repurchase agreements, but none were outstanding at June 30, 1989. There were no violations of statutory authority or contractual provisions for investments during the year ended June 30, 1989.

## NOTES TO FINANCIAL STATEMENTS

## NOTE E-FIXED ASSETS

A summary of fixed assets by category at June 30, 1989 is as follows (expressed in thousands):

|  | Enterprise | Internal Service |  | Pension Trust |  | General Fixed Assets <br> Account Group |  | College and University |  |
| :---: | :---: | :---: | :---: | :---: | :---: | :---: | :---: | :---: | :---: |
| Land | \$ 47,254 | \$ | 6 | \$ |  | \$ | 205,711 | \$ | 2,013 |
| Buildings | 55,620 |  | 2,487 |  |  |  | 2,009,350 |  | 79,889 |
| Improvements other than buildings | 1,116,342 |  | 186 |  |  |  | 146,731 |  | 9,852 |
| Furniture, machinery and equipment | 121,977 |  | 38,724 |  | 7,688 |  | 430,790 |  | 236,300 |
| Construction in progress | 112,543 |  | . . . . |  | . . . |  | 40,281 |  | 8,585 |
| Total | \$1,453,736 | \$ | 41,403 | \$ | 7,688 | \$ | 2,832,863 | \$ | 336,639 |

Changes in general fixed assets for the fiscal year ended June 30, 1989 are as follows (expressed in thousands):

|  | Balance July 1, 1988 | Additions |  | $\underline{\text { Retirements }}$ |  | Balance June 30, 1989 |
| :---: | :---: | :---: | :---: | :---: | :---: | :---: |
| Land | \$ 201,107 | \$ | 4,696 | \$ | 92 | \$ 205,711 |
| Buildings | 1,923,507 |  | 88,702 |  | 2,859 | 2,009,350 |
| Improvements other than buildings . | 138,236 |  | 8,757 |  | 262 | 146,731 |
| Furniture, machinery and equipment | 380,973 |  | 59,588 |  | 9,771 | 430,790 |
|  | 2,643,823 |  | 161,743 |  | 12,984 | 2,792,582 |
| Construction in progress | 124,642 |  | 10,710 |  | 95,071 | 40,281 |
| Totals | \$2,768,465 | \$ | 172,453 | \$ | 108,055 | \$2,832,863 |

Interest costs of $\$ 2.2$ million were capitalized for the Enterprise Funds for the fiscal year ended June $30,1989$.
The Commonwealth's initial valuation of general fixed assets was made as of June 30, 1986 using appraisal and historical cost reconstruction techniques. Subsequent to June 30, 1986 general fixed asset acquisitions are valued at cost. At June 30,1989 the amount of general fixed assets related to the initial valuation amounts to $\$ 2,158$ million.

Construction in progress included in the General Fixed Assets Account Group at June 30, 1989 is composed of the following (expressed in thousands):

| Project | Project Authorization |  | Expended <br> Through June 30, 1988 |  | Authorization Available |  |
| :---: | :---: | :---: | :---: | :---: | :---: | :---: |
| Capitol Complex Buildings | \$ | 91,315 | \$ | 3,242 | \$ | 88,073 |
| Department of Corrections Institutions. |  | 79,854 |  | 13,408 |  | 66,446 |
| Colleges and Universities |  | 64,106 |  | 12,352 |  | 51,754 |
| Department of Public Welfare Institutions. |  | 36,660 |  | 2,947 |  | 33,713 |
| Other |  | 43,569 |  | 8,332 |  | 35,237 |
| Total. | \$ | 315,504 | \$ | 40,281 | \$ | 275,223 |

## NOTE F-DUE FROM OTHER GOVERNMENTS

This receivable represents amounts due primarily from the Federal Government for various departmental programs.

## NOTES TO FINANCIAL STATEMENTS

## NOTE G - TAXES, LOANS AND LEASE RENTAL RECEIVABLES

Taxes Receivable: Taxes receivable at June 30, 1989 consisted of the following (expressed in thousands):

|  | General | Special <br> Revenue | Trust and Agency | Total |
| :---: | :---: | :---: | :---: | :---: |
| Sales and use. | \$ 358,389 | \$ |  | \$ 358,389 |
| Unemployment compensation |  |  | 283,300 | 283,300 |
| Personal income | 96,295 |  |  | 96,295 |
| Liquid fuels |  | 87,752 | 3,754 | 91,506 |
| Corporation | 57,806 |  | . . . . | 57,806 |
| Other | 13,093 | 51,101 |  | 64,194 |
|  | \$ 525,583 | \$ 138,853 | \$ 287,054 | \$ 951,490 |

Loans Receivable: Loans receivable at June 30, 1989 consisted of the following (expressed in thousands):

|  | Special <br> Revenue |  | Enterprise | College and University |  | Total |
| :---: | :---: | :---: | :---: | :---: | :---: | :---: |
| Mortgage loan program | \$ |  | \$1,384,728 | \$ |  | \$1,384,728 |
| Business development loan program |  | 10,752 | 486,895 |  | -••• | 497,647 |
| Student loan program |  |  | 878,845 |  | 22,927 | 901,772 |
| Municipal water system loan program |  | 61,583 | 28,659 |  | . . . . | 90,242 |
| Nursing home loan program |  | 33,221 | . . . . |  | - . . | 33,221 |
| Other loan programs...... |  | 3,422 | 40,226 |  | . . . | 43,648 |
|  |  | 108,978 | 2,819,353 |  | 22,927 | 2,951,258 |
| Less: Allowance for uncollectible accounts |  | 1,279 | 58,558 |  | 3,536 | 63,373 |
| Loans receivable, net | \$ | 107,699 | \$2,760,795 | \$ | 19,391 | \$2,887,885 |

Lease Rentals Receivable: The Pennsylvania Higher Educational Facilities Authority and State Public School Building Authority finance construction projects for educational institutions through the issuance of bonds and other obligations, the principal and interest of which are paid through the collection of lease rental payments related to the projects. The General State Authority and the Capital Facilities Fund, Capital Projects Funds, also finance construction projects for educational institutions through the issuance of General Obligation Bonds, the principal and interest of which are paid through the collection of lease rental payments and deposited in their related debt service funds. At the conclusion of the lease terms, the project facilities are conveyed to the educational institutions. Accordingly, these lease arrangements are classified as direct financing leases. Lease rental receivables and associated deferred revenue equal to the principal lease payments to be received are recorded in the Special Revenue and Debt Service Funds relating to these arrangements. The total minimum lease payments to be received was $\$ 2,892$ million and the present value of the lease payments was $\$ 1,246$ million at June 30, 1989, the difference representing interest of $\$ 1,646$ million. Minimum lease payments for the five fiscal years succeeding June 30, 1989 are as follows (expressed in millions):

| Fiscal Year Ending June 30 | Amount |
| :---: | :---: |
| 1990 | \$184 |
| 1991 | 161 |
| 1992 | 154 |
| 1993 | 150 |
| 1994 | 150 |

## NOTE H-INTERFUND ACCOUNTS/OPERATING TRANSFERS/RESIDUAL EQUTY TRANSFERS

$\qquad$
The amounts shown as interfund accounts for the State Employes' Retirement System, a Pension Trust Fund, and the Deferred Compensation Fund, an Agency Fund, are as of their fiscal year end of December 31, 1988. The amounts shown for the State Workmen's Insurance Fund and Pennsylvania Turnpike Commission, Enterprise Funds, are as of their respective fiscal year ends of December 31, 1988 and May 31, 1989. The following presents a reconciliation of interfund accounts at June 30, 1989 (expressed in thousands):

## Due from other funds - combined balance sheet at June 30, 1989

$\$ 353,247$
State Workmen's Insurance Fund decrease in receivables from
January 1, 1989 through June 30, 1989
State Employes' Retirement System increase in receivables from
January 1, 1989 through June 30, 1989. ..... 16,228
DUE FROM OTHER FUNDS AT JUNE 30, 1989\$369,411
Due to other funds - combined balance sheet at June 30, 1989 ..... $\$ 368,660$
Deferred Compensation Fund increase in payables from
January 1, 1989 through June 30, 1989 ..... 38
State Employes' Retirement System increase in payables from January 1, 1989 through June 30, 1989 ..... 259
State Workmen's Insurance Fund increase in payables from
January 1, 1989 through June 30, 1989 ..... 121
Pennsylvania Turnpike Commission increase in payables from June 1, 1989 through June 30, 1989 ..... 333

## NOTES TO FINANCIAL STATEMENTS

NOTE H-Interfund Accounts/Operating Transfers/Residual Equity Transfers (continued)
A summary of interfund receivables and payables at June 30,1989 is as follows (expressed in thousands):

| FUND TYPE/FUND | DUE FROM | DUE TO |
| :---: | :---: | :---: |
| General | \$ 36,607 | \$222,792 |
| Special Revenue: |  |  |
| State Lottery Fund | - . . | 5,113 |
| Water Facilities Loan Fund |  | 3,992 |
| Hazardous Sites Clean-up Fund | 9,873 | 394 |

| Unemployment Compensation Fund | 1,463 | $\cdots$ |
| Other Funds . . . . . . . . . . . . . . . . . | 1 | 15 |
|  | 1,464 | 15 |
| Pension Trust: |  |  |
| State Employes' Retirement System | 106,580 | 664 |
| Public School Employes' Retirement System | 129,931 | 3,097 |
|  | 236,511 | 3,761 |
| Agency | 396 | 648 |
| College and University. | 57,227 | 67,548 |
| TOTAL | \$369,411 | \$369,411 |

Total operating transfers are for the year ended June 30, 1989, except for the State Employes' Retirement System (SERS), a Pension Trust Fund, and the State Workmen's Insurance Fund (SWIF), an Enterprise Fund, whose transfers are for their year ended December 31, 1988. The reconciling amount of net transfers for SERS during the period January 1, 1988 to June 30, 1988 and January 1, 1989 to June 30, 1989 amounted to approximately $\$ .4$ million. The reconciling amount of $\$ 25$ million for a SWIF transfer occurred during June, 1989.

The Enterprise Funds received $\$ 64.5$ million in residual equity transfers and $\$ 45$ million in general obligation bond proceeds that were reported as contributed capital for the fiscal year ended June 30, 1989.

## NOTES TO FINANCIAL STATEMENTS

## NOTE I-PENSION SYSTEMS AND OBLIGATIONS

The Commonwealth has contributory defined benefit pension plans covering substantially all state employes, public school employes and employes of certain other state-related organizations. State employes and employes of state-related organizations are members of the State Employes' Retirement System (SERS). Public school employes are members of the Public School Employes' Retirement System (PSERS).
The SERS follows the accounting and reporting requirements of the Financial Accounting Standards Board's (FASB) Statement 35 and the PSERS follows the National Council on Governmental Accounting's Statement 1. Both the SERS and the PSERS currently follow the disclosure requirements of the Governmental Accounting Standards Board's (GASB) Statement 5, "Disclosure of Pension Information by Public Employee Retirement Systems and State and Local Governmental Employers". FASB Statement 35 provides authoritative guidance on accounting and financial reporting for defined benefit public employe retirement systems and GASB Statement 5 provides disclosure guidance. The following summaries present disclosure requirements for both the SERS and the PSERS for their fiscal years ended December 31, 1988 and June 30, 1989, respectively.
Since the SERS reports under the provisions of FASB Statement 35, a statement of changes in financial position is not presented for the SERS. Also, a statement of changes in net assets available for benefits has not been presented separately. Financial information which would have been presented in such statement is included in the Combined Statement of Revenues, Expenses and Changes in Fund Balances for Pension Trust Funds.

## STATE EMPLOYES' RETIREMENT SYSTEM

Plan Description: The State Employes' Retirement System (System) is the administrator of a cost-sharing multiple-employer retirement system established by the Commonwealth of Pennsylvania (Commonwealth) to provide pension benefits for employes of state government and certain independent agencies. At December 31, 1988 there were 110 participating state and independent agencies. For the year ended December 31, 1988 the System's covered payroll was $\$ 2,779$ million. For the same period, the covered payroll for agencies included in the Commonwealth's financial reporting entity was $\$ 2,437$ million, or 94 percent of total payroll of $\$ 2,598$ million for the Commonwealth's financial reporting entity.
Membership in the System is mandatory for most state employes, members and employes of the legislature and certain elected persons in the executive branch. Certain other employes are not required but are given the option to participate. At December 31, 1988 the System membership consisted of:

> Retirees and beneficiaries currently receiving
> benefits and terminated employes entitled to
> benefits but not yet receiving benefits ...... 74,559
> Current employes:

> Nonvested.
> 43,822
> Total members

The System provides retirement, death, and disability benefits. Retirement benefits vest after 10 years of credited service. Employes who retire at age 60 or, if under age 60 with 35 years of service, are entitled to an unreduced annual retirement benefit. Members of the legislature and certain law enforcement officers can retire with full benefits at age 50 .
The general annual benefit is 2 percent of the member's high-three year average salary times years of service. Members of the legislature who were members of the System before March 1, 1974 are entitled to a benefit of 7.5 percent of average salary for each year of legislative service. Judges who were members of the System before March 1, 1974 are entitled to a benefit of 3 to 4 percent of average salary for each year of judicial service.
Covered employes are required by statute to contribute to the System at a rate of 5 percent of their gross pay except for employes hired on or after July 22, 1983 who contribute at a rate of 6.25 percent of their gross pay. Increased contributions are required of the previously noted legislators and judges ( 18.75 percent and 7.5 to 10 percent of gross pay, respectively) who are entitled to increased benefits. The contributions are recorded in an individually identified account which is also credited with interest, calculated quarterly to yield 4 percent per annum, as mandated by statute. Accumulated employe contributions and credited interest, which amounted to $\$ 1,602$ million as of December 31, 1988, vest immediately and are returned upon termination of service if the employe is not eligible for other benefits.

## NOTES TO FINANCIAL STATEMENTS

## NOTE I-Pension Systems and Obligations (continued)

Participating agency contributions are also mandated by statute and are based upon an actuarially determined percentage of gross pay that is necessary to provide the System with assets sufficient to meet the benefits to be paid to System members. According to the retirement code, all obligations of the System will be assumed by the Commonwealth should the System terminate.

At December 31, 1988 the System owned 23,679,726 units of the Wells Fargo Bank Equity Index Fund and $35,775,781$ units of Wells Fargo Asset Allocation Fund, with respective carrying amounts of $\$ 1,239$ million and $\$ 626.6$ million. The Bank Equity Index Fund represents 15 percent and the Asset Allocation Fund represents 7.5 percent of System assets at December 31, 1988. The System owned no securities issued by the Commonwealth or related parties and made no loans to the Commonwealth or related parties during the year ended December 31, 1988.

Funding Status and Progress: The amount shown as 'pension benefit obligation'' is a standardized disclosure measure of the present value of pension benefits, adjusted for the effects of projected salary increases, estimated to be payable in the future as a result of employe service to date. The measure is the actuarial present value of credited projected benefits and is intended, on an ongoing basis, to facilitate the assessment of System funding status and progress made in accumulating sufficient assets to pay benefits when due and to allow for appropriate comparisons of this data among public employe retirement systems. The measure is independent of the actuarial funding method used to determine contributions to the System as discussed below.

The pension benefit obligation was determined as part of an actuarial valuation at December 31, 1988. Significant actuarial assumptions used include (a) a rate of return on the investment of present and future assets of 8.75 percent per year compounded annually, (b) projected salary increases of 4 percent per year compounded annually, attributable to inflation, (c) additional projected salary increases of 2.2 percent per year, attributable to merit/promotion, and (d) no postretirement benefit increases.

Net assets in excess of the pension benefit obligation at December 31, 1988 totalled $\$ 54.6$ million as calculated below (expressed in thousands):

```
Pension benefit obligation:
    Retirees and beneficiaries currently receiving benefits and
    terminated employes entitled to benefits but not yet receiving
    benefits
        \$3,330,537
    Current employes:
            Accumulated employe contributions including allocated
                investment income . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . 1,602,386
            Employer-financed vested . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . 3,004,531
            Employer-financed nonvested . . . . . . . . . . . . . . . . . . . . . . . . . . 319, 3
            Total pension benefit obligation . . . . . . . . . . . . . . . . . . . . . . . 8,257,214
Net assets available for benefits (at market value) . . . . . . . . . . . . . 8,311,830
            Net assets in excess of the pension benefit obligation...... \$ 54,616
```

Contributions: The System funding policy provides for periodic member contributions at statutory rates and employer contributions at actuarially determined rates (expressed as a percentage of annual gross pay) that are sufficient to accumulate assets to pay benefits when due. All required 1988 contributions were made.

## NOTES TO FINANCIAL STATEMENTS

## NOTE I-Pension Systems and Obligations (continued)

Employer contribution rates are determined using the entry age normal actuarial cost method, with amortization of the unfunded actuarial liability ( $\$ 2,012$ million) and of the supplemental annuities arising from cost of living and other adjustments over varying periods ending June 30, 2004. These rates are computed on a Commonwealth fiscal year basis such that employer contribution rates in effect for the System for 1988 reflect a blended average of those in effect through June 30,1988 and subsequent to that date, as calculated based upon actuarial valuations prepared as of December 31, 1986 and December 31, 1987, respectively. The actuarially determined contribution requirement for the year ended December 31, 1988 consisted of (amounts in thousands):

| \% of Current <br> Covered <br> Payroll |  |
| :--- | ---: |
|  |  |
| 4.59 | Amount |
| 6.87 |  |
| 1.63 |  |
| 13.09 |  |

Member contributions amounted to $\$ 153$ million, or 5.5 percent and employer contributions amounted to $\$ 382$ million, or 13.8 percent, of total actual covered payroll of $\$ 2,779$ million, for the year ended December 31,1988 . Total employer contributions of $\$ 382$ million exceeded the above actuarially determined contribution requirement of $\$ 364$ million due to employer contributions related to employe purchases of prior service cost and employer contibutions related to the transfer of prior employe service from the Public School Employes' Retirement System to this System. Employer contributions amounted to $\$ 410$ million for the fiscal year ended June 30, 1989, of which $\$ 348$ million relates to agencies included in the Commonwealth's financial reporting entity. The Commonwealth employer contributions of $\$ 348$ million approximate 85 percent of total employer contributions of $\$ 410$ million.

Significant actuarial assumptions used to compute contribution requirements are the same as those used to compute the pension benefit obligation as described above, except for an assumed rate of return on investments of 5.5 percent per annum and certain revisions to salary increase assumptions.

## THREE-YEAR HISTORICAL TREND INFORMATION

All required contributions were made, in accordance with actuarially determined requirements, for each of the three years ended December 31, 1986, 1987 and 1988.

Ten-year historical trend information is available in separate financial reports issued by the System. These separately issued reports include information about progress made in accumulating sufficient assets to pay benefits when due.

## NOTES TO FINANCIAL STATEMENTS

## NOTE I-Pension Systems and Obligations (continued)

The following information is presented in accordance with the reporting requirements of FASB Statement 35 .
The calculation of actuarial liabilities under GASB Statement 5 (the pension benefit obligation presented above) differs principally by the consideration of future salary increases from the calculation required under FASB Statement 35 of the actuarial present value of accumulated plan benefits presented below.
The accumulated plan benefit information as of December 31, 1988 is as follows (expressed in thousands):
Actuarial present value of accumulated plan benefits:
Vested benefits: Participants currently receiving payments ....... \$3,685,141
Other participants
3,523,943
7,209,084
Nonvested benefits
Total
$\begin{array}{r}240,864 \\ \hline \$ 7,449,948\end{array}$
Changes in accumulated plan benefits as of December 31, 1988 are as follows (expressed in thousands):
Actuarial present value of accumulated plan benefits at December 31, 1987
\$6,754,259
Changes during the year attributable to:
Passage of time 481,210

Plan provision changes 214,479
Net increase 695,689

Actuarial present value of accumulated plan benefits at December 31, 1988
\$7,449,948
The significant actuarial assumptions used in the valuations of the actuarial present value of accumulated plan benefits as of December 31, 1988 are as follows:

| Mortality | Superannuation (normal retirement) and early retirement: The 1971 Group Annuity Mortality Table |
| :---: | :---: |
| Disability | Modifications of the 1965 Railroad Retirement Board Mortality among Totally Disabled Annuitants |

Assumed rate of return on investments . . . $7.75 \%$

## PUBLIC SCHOOL EMPLOYES' RETIREMENT SYSTEM

Plan Description: The Commonwealth of Pennsylvania Public School Employes' Retirement System (System) was established July 18, 1917 under the provision of P.L. 1043, No. 343. The System is a cost-sharing multiple-employer plan and its designated purpose is to provide retirement allowances and other benefits, including disability and death benefits, to members. As defined by GASB Statement 5, the Commonwealth is a non-employer contributor to the System.
Membership in the System is mandatory for substantially all full-time public school employes in the Commonwealth. At June 30, 1989 there were 634 reporting units, generally school districts, and membership consisted of:

| Retirees and beneficiaries currently receiving benefits and terminated employes entitled to benefits, but not yet receiving benefits | 121,000 |
| :---: | :---: |
| Current employes: |  |
| Vested | 122,000 |
| Nonvested | 74,000 |
| Total members | 317,000 |

## NOTE I-Pension Systems and Obligations (continued)

During the fiscal year ended June 30,1988 , the most recent year for which actual amounts are available, the covered payroll for public school employes was $\$ 4,642$ million. Total payroll for public school employes was substantially the same.

Benefit provisions are established under Act 96 of 1975. After completion of ten years of service, a member's rights to the defined benefit is vested and early retirement benefits may be elected. Members are eligible for full monthly retirement benefits upon reaching (a) age 62 ; (b) age 60 and 30 or more years of service; or (c) 35 or more years of service. Act 91, enacted for a period of one year from July 1, 1986 to June 30, 1987 (and extended through September 30, 1991 by Act 69 and Act 112), permits school employes with at least 30 years of credited service to retire without a reduction in benefits. This law does not require a minimum age in conjunction with length of service to be eligible for full benefits. During the fiscal year ended June 30, 1989 there were no changes in benefit provisions.

Funding Status and Progress: The amount shown as "pension benefit obligation" is a standardized disclosure measure of the present value of pension benefits, adjusted for the effects of projected salary increases, estimated to be payable in the future as a result of employe service to date. The measure is the actuarial present value of credited projected benefits and is intended to help users assess the System's funding status on a goingconcern basis, assess progress made in accumulating sufficient assets to pay benefits when due, and make comparisons among public employe retirement systems. The measure is independent of the actuarial funding method used to determine contributions to the System.

The pension benefit obligation was determined as part of an actuarial valuation at June 30, 1988, the most recent actuarial report. Significant actuarial assumptions used include (a) a rate of return on the investment of present and future assets of 5.50 percent per year compounded annually, (b) projected salary increases ranging from 6.99 percent per year at age 25 to 1.89 percent per year at age 69 , and (c) no postretirement benefit increases. The actuarial valuation does not include separate projected salary increases related to either inflation or seniority/merit increases.

At June 30, 1988 the unfunded pension benefit obligation was $\$ 5,652$ million as follows (expressed in thousands):

| Pension benefit obligation: |  |
| :---: | :---: |
| Annuitants and survivor annuitants currently receiving benefits, and terminated members not yet receiving benefits | \$ 6,543,891 |
| Current members: |  |
| Accumulated member contributions with interest. . . | 2,739,231 |
| System-financed vested | 5,072,862 |
| System-financed nonvested | 3,730,496 |
| Total pension benefit obligation | 18,086,480 |
| Net assets available for benefits, at cost (market value is |  |
| \$12,938,600) . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . | 12,434,543 |
| Unfunded pension benefit obligation | \$ 5,651,937 |

Ten-year historical trend information is available in separate financial reports issued by the System. These separately issued reports include information about progress made in accumulating sufficient assets to pay benefits when due.

## NOTE I-Pension Systems and Obligations (continued)

Contributions: The contribution policy is set by Act 96 and requires contributions by active members, employers and the Commonwealth. The rate of contribution for most active members is set by law at 5.25 percent of the member's compensation. For members joining the system on or after July 22, 1983 the rate of contribution is 6.25 percent. The contributions required of employers and the Commonwealth are based upon an actuarial valuation, using the "entry age normal" method, computed as a percentage of the total compensation of all active members during the period for which the amount is determined. The combined amounts required from the employers and Commonwealth were 19.27 percent of active member payroll for the year ended June 30, 1988 and consisted of (amounts in thousands):

|  | \% of Current Covered Payroll | Amount |
| :---: | :---: | :---: |
| Employer normal cost | 8.63 | \$443,148 |
| Amortization of unfunded actuarial accrued liability . . | 7.36 | 377,935 |
| Amortization of supplemental annuities | 3.28 | 168,427 |
| Total contribution requirement | 19.27 | \$989,510 |

The employer and the Commonwealth share such cost equally and all required contributions were made. For the fiscal year ended June 30, 1989 Commonwealth school districts contributed $\$ 499$ million and the Commonwealth contributed $\$ 490$ million to the System. The difference between these two amounts results from timing differences in cash payments to the System. The Commonwealth contribution approximates 10 percent of current covered payroll. Employe contributions of $\$ 276$ million approximate 5.9 percent of covered payroll of $\$ 4,642$ million for the year ended June 30,1988 , the most recent year for which actual amounts are available. At June 30,1988 the unfunded actuarial liability is $\$ 7,067$ million and the average funding period to amortize this liability is 18 years.

For the actuarial valuation at June 30, 1988 there were no changes in the actuarial funding method or other significant factors in calculating employe contributions. The employer contribution requirement has been affected by (a) an extension of the current early retirement window program from June 30, 1989 to September 30, 1991 and (b) an additional monthly supplemental annuity (a cost of living adjustment) commencing in January 1989 for certain benefit recipients. There were no changes in actuarial assumptions which affected the pension benefit obligation or the unfunded actuarial liability at June 30, 1988.

During the fiscal year ended June 30, 1989 the PSERS owned no securities issued by school districts, the Commonwealth or any related parties and made no loans to school districts, the Commonwealth or any related party.

Postretirement Health Care Benefits: In addition to providing pension benefits, the Commonwealth provides certain health care benefits for retired employes that meet specified length-of-service and age requirements. These benefits are provided through insurance companies whose premiums are based on the benefits paid during the fiscal year. The Commonwealth recognizes the cost of providing these benefits as paid, which totalled $\$ 75.7$ million for the fiscal year ended June 30, 1989.

NOTE J-NOTES AND DEMAND REVENUE BONDS PAYABLE

The Pennsylvania Housing Finance Agency (PHFA), an Enterprise Fund, maintains a line of credit agreement with the Pennsylvania Treasury Department. Under the agreement, which has not been used as of June 30,1989 , PHFA may borrow up to $\$ 20$ million. At the time funds are drawn, interest rates are fixed at 2 points below the current prime rate as listed by Morgan Guaranty Bank of New York. These funds may be used for any and all purposes for which PHFA is lawfully established. As of June 30, 1989 PHFA had notes payable outstanding of $\$ 15$ million bearing interest rates ranging from 7 to 9.5 percent for 1989 .

The Pennsylvania Higher Education Assistance Agency (PHEAA), an Enterprise Fund, has $\$ 435$ million of demand revenue bonds outstanding and $\$ 374.5$ million of notes payable at June 30, 1989. Demand revenue bonds at June 30, 1989 consist of the following (expressed in thousands):

|  | Student Loan Adjustable Rate Tender Revenue Bonds 1988 Series D | Student Loan Adjustable Rate Tender Revenue Bonds 1988 Series B | Student Loan Adjustable Rate Tender Revenue Bonds 1988 Series A | Student Loan Adjustable Rate Tender Revenue Bonds 1986 Series A | Student Loan Revenue Bonds 1984 Series A |
| :---: | :---: | :---: | :---: | :---: | :---: |
| Amount issued | \$75,000 | \$110,000 | \$100,000 | \$50,000 | \$100,000 |
| Date of issue | 12/23/88 | 7/29/88 | 1/28/88 | 12/15/86 | 7/19/84 |
| Interest rate | 6.75\% | 6.75\% | 6.75\% | 5.5\% | 6.5\% |
| Due date. | 1/1/19 | 7/1/18 | 1/1/18 | 10/1/16 | 12/1/00 |
| Letter of credit: |  |  |  |  |  |
| Principal amount | \$81,562 | \$119,625 | \$106,904 | \$53,500 | \$103,082 |
| Expiration date. | 12/31/93 | 7/31/93 | 1/31/93 | 12/31/91 | 12/15/00 |

The 1988 bonds bear interest at an adjustable rate determined by PHEAA's remarketing agent based upon prevailing market conditions and is reset weekly. The 1986 bonds bear interest at a rate of 5.5 percent through October 1, 1989, after which they will bear interest at an adjustable rate determined by PHEAA and its remarketing agent. The 1984 bonds bear interest at a fluctuating rate based on the remarketing rate of the J.J. Kenny Index and is also reset weekly. All bonds are subject to purchase, at par plus accrued interest, by PHEAA on the demand of the bondholders upon seven days prior irrevocable written notice. None of the letters of credit pertaining to PHEAA's demand revenue bonds outstanding have been used as of June 30, 1989.

Notes payable for PHEAA at June 30,1989 consist of the following (expressed in thousands):

$$
\begin{aligned}
& \text { Term loan, interest at the Euro-Rate } \\
& \text { plus } .7 \% \text { ( } 10.39 \% \text { at June 30, } \\
& \text { 1989), secured as a general } \\
& \text { obligation of PHEAA, due } \\
& \text { January } 1990 \text {. . . . . . . . . . . . . . . \$ } 39,497 \\
& \text { Note payable, interest at London } \\
& \text { Interbank offered rate plus . } 23 \% \\
& \text { ( } 9.67 \% \text { at June 30, 1989), } \\
& \text { security interest in student loans } \\
& \text { equal to the outstanding principal, } \\
& \text { due September 30, 1990 . . . . . . . } 335,000 \\
& \text { Total . . . . . . . . . . . . . . . . . . . \$ 374,497 }
\end{aligned}
$$

## NOTES TO FINANCIAL STATEMENTS

## NOTE J—Notes and Demand Revenue Bonds Payable (continued)

Under the terms of the trust agreement for the $\$ 335$ million note payable, cash in the amount of $\$ 790$ thousand and investments in the amount of $\$ 1.3$ million are restricted for the purpose of either the issuance or purchase of loans, or the repayment of debt.

During the fiscal year ended June 30, 1989 the Commonwealth issued $\$ 500$ million of tax anticipation notes and $\$ 199$ million in commercial paper which matured on June 30,1989 . The $\$ 24.8$ million of interest related to the notes and commercial paper is shown as a debt service expenditure in the General Fund. Also, in May, 1989 the Commonwealth issued $\$ 67$ million of bond anticipation notes which mature on September 15, 1989.

The State System of Higher Education, College and University Funds, has $\$ 4.6$ million of notes payable as of June 30, 1989 that are collateralized by an equivalent amount of equipment. The notes bear interest at rates ranging from 5 percent to 9.3 percent and mature in varying amounts through 1997. The scheduled principal payments for the notes outstanding at June 30, 1989 follow (expressed in thousands):
1990 ..... \$1,427
1991 ..... 453
1992 ..... 396
1993 ..... 325
Thereafter ..... 2,011
Total ..... \$4,612

## NOTES TO FINANCIAL STATEMENTS

## NOTE K-Long-Term Obligations (continued)

The Pennsylvania Housing Finance Agency (PHFA), the Pennsylvania Higher Education Assistance Agency (PHEAA), the Pennsylvania Industrial Development Authority, and the Pennsylvania Turnpike Commission (PTC), Enterprise Funds, have pledged all of their revenues for the redemption of revenue bonds outstanding. Revenue bonds outstanding as reported in this note disclosure for the fiscal year ended June 30, 1989 (May 31,1989 for the PTC) include bond discounts of $\$ 111.8$ million.

On September 26, 1985, PHEAA issued Student Loan Adjustable Rate Tender Revenue Bonds, 1985 Series A (1985 Bonds) in the amount of $\$ 202$ million. The 1985 Bonds bear interest at a rate of 6.375 percent through June 1, 1991. After that date, the bonds will bear interest at an adjustable rate as determined by PHEAA and its remarketing agent based upon prevailing market conditions, and are subject to purchase at par plus accrued interest, by PHEAA on the demand of the bondholders upon seven days prior irrevocable written notice. On July 29, 1988 and December 30, 1988 PHEAA issued Student Loan Adjustable Rate Tender Revenue Bonds, 1988 Series $C$ and $E$ in the amounts of $\$ 75$ million and $\$ 36$ million, respectively. Interest on the 1988 Series $C$ and $E$ bonds is set by the remarketing agent weekly and was 6.71 percent and 8.01 percent, respectively, at June 30,1989 . The Series C and E bonds are private placements in which the holder may terminate its agreement to hold the bonds as of August 1, 1998 and January 1, 1999, respectively. PHEAA may call a mandatory tender each year, on any date from August 1 to November 1 for Series C, and from January 1 to April 1 of each alternating calendar year for Series E. If the bonds are tendered before maturity date, they will be remarketed by the remarketing agent.
The Commonwealth has pledged its full faith and credit for the payment of principal and interest on general obligation bonds accounted for in the General Long-Term Obligations Account Group.
The Pennsylvania Higher Educational Facilities Authority and the State Public School Building Authority have revenue bonds outstanding, reported as General Long-Term Obligations, as of June 30, 1989, which are payable from the lease rentals of the projects financed. The lease rentals are pledged as collateral for the revenue bonds outstanding.
The Commonwealth of Pennsylvania by enactment of the General Assembly created the Pennsylvania Energy Development Authority (PEDA) to finance projects related to energy conservation and research. Fees are assessed to recover related processing and application costs incurred. The bonds issued by the Authority represent limited obligations payable solely from payments made by the borrowing entities. The majority of the bonds are secured by the property financed. Upon repayment of a bond, ownership of acquired property transfers from the trustee to the entity served by the bond issuance. The PEDA has $\$ 166.7$ million in revenue bonds outstanding at June 30, 1989. The Commonwealth has no obligation for this debt. Accordingly, neither the financed assets nor the bonds are included in the accompanying financial statements.
The Commonwealth uses fiscal agents to process payments for the servicing of the majority of its bond issues. Additional cash with fiscal agents is held by the Federal Government for unemployment compensation claims.
Included in "Other'' for Other General Long-Term Obligations payable from tax revenues are the following (expressed in thousands):

The PURTA provides for a tax on utility realty property which is available for appropriation as a general revenue source. The Act also provides for payment of a tax distribution to local taxing authorities. The Workmen's Compensation Security Trust Fund provides for payment of valid claims under the Workmen's Compensation Law to individuals whose employments are insured by insolvent insurance carriers. The longterm obligation for these claims is reported as a designation of unreserved fund balance in the Workmen's Compensation Security Trust Fund. Amounts included in the General Long-Term Obligations Account Group at June 30, 1989 relating to the PURTA, Workmen's Compensation Claims and Litigation are not payable with currently expendable available financial resources.
The constitutional debt limit, which allows for the incurrence of debt to be used for capital projects without electorate approval as specifically itemized in a capital budget, was $\$ 22.2$ billion as of August 31, 1989, with net debt outstanding of $\$ 4$ billion.

## NOTES TO FINANCIAL STATEMENTS

NOTE K-Long-Term Obligations (continued)
The Commonwealth has entered into agreements to lease various facilities and equipment. Such agreements are in substance purchases (capital leases) and are reported as Other General Long-Term Obligations and Capital Lease Obligations for the College and University Funds.

The following is a schedule by fiscal year of future minimum lease payments under capital leases together with the present value of the net minimum lease payments as of June 30, 1989 (expressed in thousands):

At June 30, 1989 general fixed assets included $\$ 97.9$ million of buildings and $\$ 57$ million of equipment under capital lease.

Capital lease obligations outstanding as of June 30, 1989 for the College and University Funds relate to various capital projects currently under construction for which a related public financing authority is the lessor. Revenue bonds were issued by the public financing authority to provide funding for these capital projects. College and University Funds fixed assets include $\$ 8.8$ million of construction in progress related to capital leases at June 30, 1989.

## NOTES TO FINANCIAL STATEMENTS

## NOTE L-REFUNDED DEBT

On January 31, 1989 the Pennsylvania Higher Educational Facilities Authority (PHEFA) issued $\$ 38.3$ million in Medical College of Pennsylvania Revenue Bonds, First Series of 1989 with an average interest rate of 7.965 percent to advance refund $\$ 31.9$ million of outstanding Medical College of Pennsylvania Revenue Bonds, First Series of 1984 (the 1984 bonds) with an average interest rate of 10.875 percent. The net proceeds (including $\$ 256,023$ of accrued interest) of $\$ 36.5$ million (after payment of $\$ 1,555,213$ of discount fees, deposit allocations of $\$ 256,023$ to the Debt Service Fund and $\$ 182,547$ to the Special Clearing Fund) plus an additional $\$ 1.8$ million from funds available under the original indenture were deposited with an escrow agent to provide for all future debt service payments of the 1984 bonds. As a result, the 1984 bonds are considered to be defeased and the liability for those bonds has been removed from the General Long-Term Obligations Account Group. The PHEFA advance refunded the 1984 bonds to reduce its total debt service payments by $\$ 6$ million and to obtain an economic gain of $\$ 4.2$ million.

During the fiscal year ended June 30, 1989 the Commonwealth issued $\$ 127.6$ million in General Obligation Bonds with an average interest rate of 6.4 percent to advance refund $\$ 146.2$ million of outstanding General State Authority (GSA) bonds with an average interest rate of 3.9 percent. The net proceeds of $\$ 126.5$ million (after payment of $\$ 1.1$ million in underwriting fees, insurance, and other issuance costs) plus an additional $\$ 8.6$ million in other available funds of the GSA and the Commonwealth were used to purchase U.S. government securities. Based on an escrow deposit agreement dated November 15,1988, these securities were deposited with Mellon Bank, N.A., Pittsburgh, Pennsylvania, (escrow agent) to provide for all future debt service payments on the GSA bonds. As a result, the GSA bonds are considered to be defeased and the liability for those bonds has been removed from the General Long-Term Obligations Account Group. The Commonwealth advance refunded the GSA bonds to reduce its total debt service payments over the next nine years by $\$ 3.6$ million and to obtain an economic gain of $\$ 3.5$ million. Although the interest rate associated with the refunding bonds is higher than the rate associated with the refunded debt, the new schedule of debt service payments provides for an accelerated payment of bond principal which, when compared to the schedule associated with the refunded debt, provides for both reduced total debt service payments and the economic gain.

Through June 30, 1989 the Commonwealth has defeased certain general obligation and other bonds by placing the proceeds of the new bonds in irrevocable trusts to provide for all future debt service payments on the old bonds. Accordingly, these assets and liabilities are not included in the Commonwealth's financial statements. At June 30, 1989 there are $\$ 1,016$ million of bonds outstanding that have been defeased through advance refundings. Included are $\$ 341$ million of general obligation bonds, $\$ 359$ million and $\$ 316$ million of revenue bonds for the State Public School Building Authority and PHEFA, Debt Service Funds, respectively.

## NOTES TO FINANCIAL STATEMENTS

## NOTE M-RECONCILIATION OF BUDGETARY AND GAAP BASIS AMOUNTS

The Commonwealth adopts formal annual budgets for the General and three Special Revenue Funds (Motor License, State Lottery and Workmen's Compensation Administration). In addition, the State Public School Building Authority approves a formal annual budget for its operations and is included as a Budgeted Special Revenue Fund.

The Combined Statement of Revenues, Expenditures, and Changes in Unreserved/Undesignated Fund Balances-Budget and Actual (Budgetary Basis)-presents comparisons of the legally adopted budget, as amended, with actual data on a budgetary basis, which differs from GAAP primarily by the omission of certain revenue and expenditure accruals.

The following presents a reconciliation of the budgetary basis to the GAAP basis of reporting (expressed in thousands):

|  | General <br> Fund |  | Special <br> Revenue <br> Funds |  |
| :---: | :---: | :---: | :---: | :---: |
| BUDGETED FUNDS: |  |  |  |  |
| Budgetary basis - revenues and other sources over (under) expenditures | \$ | 290,421 | \$ | $(49,888)$ |
| Adjustments: |  |  |  |  |
| To adjust revenues, other financing sources and related receivables and deferred revenue |  | $(140,811)$ |  | 1,086,727 |
| To adjust expenditures, other financing uses and related accounts payable and accrued liabilities |  | $(902,590)$ |  | (1,295,090) |
| To adjust encumbrances . |  | 822,113 |  | 253,862 |
| Net adjustments |  | $(221,288)$ |  | 45,499 |
| NONBUDGETED FUNDS: |  |  |  |  |
| GAAP basis - revenues and other sources under expenditures and other uses |  | $\cdots$ |  | $(48,918)$ |
| TOTAL ALL FUNDS: |  |  |  |  |
| GAAP basis - revenues and other sources over (under) expenditures and other uses. | \$ | 69,133 | \$ | $(53,307)$ |

## NOTES TO FINANCIAL STATEMENTS

## NOTE N-SEGMENT INFORMATION-ENTERPRISE FUNDS

The Commonwealth has seven major Enterprise Funds which provide for a limited access highway system, industrial development loans, workmen's compensation insurance services, liquor sales, student loans and scholarships, low-cost housing and capital development loans.

Segment information for the fiscal year ended June 30, 1989, unless otherwise noted, was as follows (expressed in thousands):

|  | Pennsylvania Turnpike Commission (May 31, 1989) | Pennsylvania Industrial Development Authority | State <br> Workmen's Insurance Fund (Dec. 31, 1988) | $\begin{gathered} \text { State } \\ \text { Stores } \\ \text { Fund } \\ \text { (June } 27,1989 \text { ) } \end{gathered}$ | Pennsylvania <br> Higher <br> Education <br> Assistance <br> Agency | Pennsylvania <br> Housing <br> Finance <br> Agency | Pennsylvania <br> Infrastructure <br> Investment <br> Authority | Other Enterprise Funds | Total Enterprise Funds |

## NOTES TO FINANCIAL STATEMENTS

## NOTE O-SELF-INSURANCE

Effective July 1, 1983 the Commonwealth became self-insured for future losses for all statutory worker's compensation and medical payments to its employes injured on the job. A loss reserve analysis is prepared annually by an independent consulting actuarial firm using standard actuarial techniques to estimate required reserve liability levels.
The Commonwealth is self-insured for tort liability claims. Major tort self-insurance areas include automobile, general tort, employe and transportation-related liability clains. Tort liabilities were determined as of June 30, 1989 based on reserves computed from the Commonwealth's claim experience.

At June 30, 1989 the following amounts are reported as General Fund and Motor License Fund, a Special Revenue Fund, accrued liabilities representing the estimate of payments to be made from currently expendable available financial resources for accidents occurring on or before June 30, 1989 (expressed in thousands):
General Fund
Employe disability ..... \$ 35,000
Automobile ..... 2,244
General tort ..... 2,015
Employe ..... 1,943
Total ..... $\$ 41,202$
Motor License Fund
Transportation-related ..... $\$ 20,298$

The portion of Commonwealth self-insurance liabilities that will not be liquidated with currently expendable, available financial resources at June 30, 1989 is reported in the General Long-Term Obligations Account Group as follows (expressed in thousands):

$$
\begin{aligned}
& \text { Transportation-related . . . . . . . . . . . . . . . } \$ 216,125 \\
& \text { Employe disability ..................... . . } 191,303 \\
& \text { General tort . . . . . . . . . . . . . . . . . . . . . . . . 31,328 } \\
& \text { Employe . . . . . . . . . . . . . . . . . . . . . . . . . . } 26,698 \\
& \text { Automobile . . . . . . . . . . . . . . . . . . . . . . . . . 4, } 974 \\
& \text { Total } \\
& \text { \$470,428 }
\end{aligned}
$$

The following amounts are reported as designations in the General Fund at June 30, 1989 for future payments of self-insurance losses (expressed in thousands):

General Fund

| Employe disability | \$ 85,855 |
| :---: | :---: |
| Employe | 3,501 |
| General tort | 3,820 |
| Automobile | 1,747 |
| Total | \$ 94,923 |

## NOTES TO FINANCIAL STATEMENTS

## NOTE P-COMMITMENTS AND CONTINGENCIES

Construction and Other Commitments: At June 30, 1989 the Department of Transportation and the Pennsylvania Turnpike Commission have contractual commitments of approximately $\$ 1.2$ billion for various highway construction and mass transit projects. Financing for these future expenditures will be primarily from approved federal grants and general obligation bond sales. In addition, the Commonwealth has certain contractual commitments for future purchases of various goods and services approximating $\$ 1.3$ billion at June 30, 1989. These commitments are contingent upon availability of financial resources.

At June 30, 1989, the Pennsylvania Industrial Development Authority had $\$ 190$ million in approved loans that had not been disbursed.

Operating Lease Commitments: The Commonwealth has commitments to lease certain buildings and equipment. Future minimum rental commitments for noncancelable operating leases as of June 30, 1989 were as follows (expressed in thousands):

Rental expenditures/expenses for all operating leases for the fiscal year ended June 30, 1989 amounted to $\$ 146.6$ million.

Single Excise Tax Refunds: In response to the Supreme Court of Pennsylvania's February 1989 decision declaring the single excise tax unconstitutional, the Commonwealth decided to issue credits and refunds totalling $\$ 627$ million to those banks not involved in the settlement. This amount has been recorded in the General Long-Term Obligations Account Group as of June 30, 1989. Additionally, $\$ 29$ million has been recorded in the General Fund for those banks involved in the settlement.

Litigation: The Commonwealth, its affiliates and employes are defendants in numerous legal proceedings pertaining to matters normally incidental to routine operations. Such litigation includes, but is not limited to, claims asserted against the Commonwealth arising from alleged torts, alleged breaches of contracts, condemnation proceedings and other alleged violations of Commonwealth and Federal laws. The Commonwealth has recorded accrued liabilities at June 30, 1989 with respect to torts as presented in Note O and as follows with respect to other matters of litigation for which the likelihood of an unfavorable outcome is probable (expressed in thousands):

> | General Fund . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . |
| :--- |
| Other General Long-Term Obligations . . . . . . . . . . . |
| 322,086 |
| 22,040 |

Additionally, the Commonwealth has been involved over the past several years in certain legal proceedings relative to highway tax matters which continue into the present year. The Commonwealth is vigorously contesting these cases but if unsuccessful the Commonwealth could be required to make settlements and refund certain highway taxes ranging from approximately $\$ 401$ to $\$ 426$ million (Motor License Fund). Other cases that the Commonwealth is currently vigorously contesting could range from approximately $\$ 174$ to $\$ 279$ million, $\$ 44$ to $\$ 49$ million and $\$ 12$ million of additional liabilities, for the General Fund, Capital Projects Funds and Special Revenue Funds, respectively.

Based on the current status of all these legal proceedings for which accruals have not been made, it is the opinion of the Commonwealth's management and counsel that they will not have a material effect on the Commonwealth's financial position.

## NOTES TO FINANCIAL STATEMENTS

NOTE P-Commitments and Contingencies (continued)

Federal Grants: The Commonwealth receives significant financial assistance from the Federal government in the form of grants and entitlements, including several non-cash programs (which are not included in the general purpose financial statements). Receipt of grants is generally conditioned upon compliance with terms and conditions of the grant agreements and applicable Federal regulations, including the expenditure of resources for eligible purposes. Substantially all grants are subject to either the Federal Single Audit Act or to financial and compliance audits by the grantor agencies of the Federal government or their designees. Disallowances and sanctions as a result of these audits may become liabilities of the Commonwealth. The Commonwealth is currently involved in administrative and legal proceedings, with certain Federal agencies, contesting various disallowances and sanctions related to Federal Assistance Programs ranging from $\$ 24$ to $\$ 94$ million. The Commonwealth's management believes ultimate disallowances and sanctions, if any, will not have a material effect on the genera! purpose financial statements.

Student Loan Guarantees: The Pennsylvania Higher Education Assistance Agency (PHEAA), an Enterprise Fund, guarantees loans made by private lenders to certain resident students. Total outstanding guarantees issued by PHEAA approximated $\$ 5.2$ billion at June 30, 1989. The U.S. Department of Education reinsures losses under these guarantees up to 100 percent until losses are in excess of 5 or 9 percent of the total loans in repayment status, then the reinsurance rate decreases to 90 and 80 percent, respectively.

Other Contingency: The State Lottery Fund, a Special Revenue Fund, has entered into agreements with insurance companies under which the Lottery purchases annuities under group contracts which provide payments corresponding to the State Lottery Fund's obligation to prize winners. The Commonwealth would be liable for such future payments if the insurance companies would default on their payment. In the event of default, the Commonwealth would have to fund future prize payments amounting to $\$ 1.6$ billion, discounted at an interest rate of 8.9 percent to a net present value of $\$ 817$ million at June $30,1989$.

## NOTE Q-MEDICAL PROFESSIONAL LIABILITY CATASTROPHE LOSS FUND

The Medical Professional Liability Catastrophe Loss Fund, an Agency Fund, acts primarily as an agent to facilitate the payment of claims covering excess liability of health care providers practicing in the Commonwealth. The Fund levies surcharges to health care providers to pay settled claims and administrative expenses paid on behalf of health care providers during the prior year. The actuarially computed liability to the health care providers for claims outstanding at June 30, 1989 totals $\$ 1,754.1$ million ( $\$ 1,328.8$ million at present value based on the expected payment pattern and an assumed long-term interest rate of 7 percent). At June 30, $1989 \$ 142.2$ million is payable with expendable available financial resources and is shown as a fund liability. The remaining claims are assessable to health care providers in future years as claims are settled and paid and, therefore, do not represent liabilities of the Commonwealth. The following is a summary of the increases and decreases of the Fund's assets for the year ended June 30, 1989 (expressed in thousands):

| Fund assets, July 1, 1988 | \$158,793 |
| :---: | :---: |
| Surcharges to health care providers | 148,253 |
| Investment earnings | 13,911 |
| Payments to claimants. | $(167,936)$ |
| Administrative costs | $(7,489)$ |
| Fund assets, June 30, 1989 | \$145,532 |

## NOTE R-DEFERRED COMPENSATION

The Commonwealth offers its employes a deferred compensation plan created in accordance with Internal Revenue Code Section 457. The plan, which is administered by the State Employes' Retirement System, permits participants to defer a portion of their salary until future years. Amounts deferred under the plan are not available to employes until termination, retirement, death or unforeseeable emergency.

All amounts of compensation deferred under the plan, all property and rights purchased with the amounts, and all income attributable to these amounts are solely the property and rights of the Commonwealth, subject only to the claims of the Commonwealth's general creditors. Participants' rights under the plan are equal to those of general creditors of the Commonwealth in an amount equal to the fair market value of the deferred account of each participant. The Commonwealth has no liability for losses under the plan but does have the duty of due care that would be required of an ordinary prudent investor. The Commonwealth believes it is unlikely that plan assets will be used to satisfy future claims of general creditors.

Of the $\$ 2,792$ thousand in assets (at market value) reported in the Deferred Compensation Fund, an Agency Fund, at December 31, 1988, \$2,782 thousand relates to participants employed by organizations included in the Commonwealth's financial reporting entity, with the remainder relating to participants employed by organizations not included in the Commonwealth's financial reporting entity.

## NOTES TO FINANCIAL STATEMENTS

## NOTE S-SUBSEQUENT EVENTS

On July 1, 1989 Act 21 of 1989 created a new bank shares tax which requires subject banks to retroactively measure their tax liability to the Commonwealth as of January 1, 1989 and which rescinds the prior statute under which $\$ 74$ million of bank shares taxes had been paid to the Commonwealth in April 1989. On November 14, 1989 the constitutionality of this new law was challenged in Commonwealth Court. The Commonwealth intends to vigorously contest this case which represents a potential liability of $\$ 74$ million as of June 30, 1989.

During October 1989 the Commonwealth issued $\$ 550$ million of Tax Anticipation Notes, First Series of 1989-90. The notes are payable from and secured by the pledge of revenues to be received in the General Fund during the fiscal year ending June 30, 1990. This obligation is due and payable not later than June 30, 1990.

In late October 1989 a disturbance at the Camp Hill Correctional Institution resulted in the destruction of fixed assets and inventories which are reported in the Manufacturing Fund, an Internal Service Fund, and fixed assets which are reported in the General Fixed Assets Account Group at June 30, 1989. Although the total amount of the physical loss, as well as the potential for various legal claims has not yet been determined, Commonwealth officials do not believe that the ultimate physical loss, the majority of which is insured by third-party insurance coverage and through self-insurance, will have a material financial effect on either the Manufacturing Fund or the General Fixed Assets Account Group. On November 10, 1989 Governor Casey proposed a $\$ 230$ million program that would include acquisition of 1,440 modular unit cells and accelerated construction of three 1,000 cell prisons.

On November 1, 1989 the Commonwealth issued $\$ 177$ million of general obligation bonds, Second Series A and B of 1989 , with average interest rates of 6.95 and 6.69 percent, respectively.

## Combining Financial Statements and Schedules

Executive Office Building

# Executive Office Building $\rightarrow$ 

Sometimes called the "Old Museum Building" or the "Capitol Annex," this<br>1894 structure was designed by architect John T. Windrim. Originally, it housed Executive and other offices of the Commonwealth, as well as the State Museum and Library. Now being used for legislative offices, it will be refurbished to serve once again as offices for the Governor and staff.

## Special Revenue Funds

Finance
Building

## Finance Building

## $\infty$

Designed by Gehron
and Ross of New York
City and completed in 1939, this seven-story building is U -shaped in plan. A frieze, by sculptor C. P.
Jennewein, encircles the building. A series of medallions in this frieze presents a symbolic record of economic achievements in the Commonwealth. In addition, there is a carved series of moral precepts as well as the names of Pennsylvania cities, each with a medallion suggesting an outstanding activity of that city. The famous Carl Milles doors are of men working in the glass, oil, steel and anthracite industries and on the farm. The Lee Lawrie sculpture, on the north facade, shows natural products of the Commonwealth on the left, and products used in the daily lives of its citizens on the right of the adaptation of the State Seal.

## SPECIAL REVENUE FUNDS DESCRIPTIONS

Special revenue funds account for the proceeds of specific revenue sources that are legally restricted to expenditure for specified purposes.

State Lottery Fund - to account for the payment of prizes to winners in the state lottery, for property tax and rent assistance to the elderly, for mass transit fare subsidies, for the inflation dividend program for the elderly and for a partial rebate of drug and medical costs incurred by the elderly.

Motor License Fund - to account for highway and bridge improvement, design and maintenance, for the purchase of Rights-of-Way, for aviation activities, for transportation licensing and safety activities, for payment of subsidies for construction and maintenance of roads, and for financing Pennsylvania State Police highway patrol operations.

Workmen's Compensation Administration Fund - to account for the administration of the Pennsylvania Workmen's Compensation Act and the Pennsylvania Occupational Disease Act. The Fund assesses insurance companies and selfinsured businesses a periodic fee for costs incurred in administering these Acts.

State Public School Building Authority - to account for the administration of the State Public School Building Authority (SPSBA). The SPSBA acts as a financing authority for the construction and improvement of public school facilities. Excess funds, after payment of debt service and administrative costs, are returned to the public schools.

Pharmaceutical Assistance Fund - to account for a limited pharmaceutical assistance program for the Commonwealth's senior citizens who are 65 years of age or older.

Water Facilities Loan Fund - to account for the implementation of the water project loan referendum that authorizes the Commonwealth to approve loans to local water companies for the repair, construction, extension and improvement of water supply systems, dams and port facilities and water control systems. Repayments of principal and interest from loans are transferred to the General Fund.

Pennsylvania Economic Revitalization Fund - to account for the promotion of economic redevelopment throughout Pennsylvania, for grants and loans for industrial and small business development, for acquisition of equipment for vocational programs in secondary schools, and for agricultural and recreational programs.

Energy Conservation and Assistance Fund - to account for monies received from oil overcharge settlements to finance supplemental low income weatherization and assistance programs, energy conservation activities and solid waste resource recovery programs.

Fish and Game Fund - to account for the administration and enforcement of fish and game laws and for the protection and propagation of game and aquatic life.

Pennsylvania Higher Educational Facilities Authority - to account for the administration of the Pennsylvania Higher Educational Facilities Authority (PHEFA). The PHEFA acts as a financing authority for the construction and improvement of higher educational institutions. Excess funds, after payment of debt service and administrative costs, are returned to the higher educational institutions.

Other - to account for programs related to conservation and protection of natural resources, the preservation of historical landmarks, administrative and regulatory activities of various departmental programs, and other miscellaneous Commonwealth activities.

## Debt Service <br> Funds

# Forum Building <br> (formerly the State Education Building) 

The Forum Building, designed by William
Gehron, was completed in 1931. It houses the Pennsylvania State Library, the State Law Library, and the offices of several departments of state government. Just below the outside cornice of the building are carved the names of 35 educators, philanthropists, and statesmen who have rendered outstanding services to education in Pennsylvania. The most outstanding feature of the Forum Building is the auditorium, a 1,821-seat performing arts facility influenced by the classical architecture of Greece and Rome. Highlighting the auditorium is its magnificent artwork which includes a ceiling depicting the celestial bodies of the universe with more than 1,000 stars and maps and chronological tables on the rear wall tracing the history of civilization.

## DEBT SERVICE FUNDS DESCRIPTIONS

Debt service funds account for the accumulation of resources, principally from transfers from other funds, for the payment of general long-term debt principal and interest.

Pennsylvania Economic Revitalization Sinking Fund - to account for the payment of principal and interest on bonds issued for the promotion of economic redevelopment throughout Pennsylvania. Funding consists of transfers from the General Fund and the Pennsylvania Economic Revitalization Fund.

Water Facilities Loan Redemption Fund - to account for the payment of principal and interest on bonds issued for loans to local water companies for the repair, construction, extension and improvement of water supply systems, dams and port facilities and water control systems. Funding consists of transfers from the General Fund and the Water Facilities Loan Fund.

Capital Debt Fund - to account for the payment of principal and interest related to general obligation bonds issued for capital projects authorized by Capital Budget Acts. Funding consists of transfers from the General Fund and the Motor License Fund.

Pennsylvania Higher Educational Facilities Authority - to account for the payment of principal and interest on bonds issued by the Pennsylvania Higher Educational Facilities Authority (PHEFA). The PHEFA acts as the financing authority for the construction and improvement of higher educational institutions. Funding consists of rental payments collected for the use of the facilities.

State Public School Building Authority - to account for the payment of principal and interest on bonds issued by the State Public School Building Authority (SPSBA). The SPSBA acts as a financing authority for the construction and improvement of public school facilities. Funding consists of rental payments collected for the use of the facilities and transfers from the SPSBA Special Revenue Fund.

Other - to account for the payment of principal and interest on bonds issued for loans to nursing homes and volunteer fire companies, for disaster relief grants and for compensation to Vietnam Veterans. Funding consists of transfers from the General Fund.

## Capital Projects Funds

## Health and Welfare Building

ornerstone
ceremonies took place
on August 25, 1955, and state offices moved into this modern tenstory building in 1957.
This building was designed by Lacy, Atherton and Davis.

## CAPITAL PROJECTS FUNDS DESCRIPTIONS

Capital projects funds account for financial resources to be used for the acquisition or construction of major capital facilities, including those provided to political subdivisions or other public organizations.

Capital Facilities Fund - to account for the proceeds of general obligation bonds issued to meet the financing costs of capital projects specifically itemized and authorized by Capital Budget Acts.

Pennsylvania Higher Educational Facilities Authority - to account for proceeds of bonds issued to finance the construction and improvement of higher educational institutions.

State Public School Building Authority - to account for the proceeds of bonds issued to finance the construction and improvement of public school facilities.

Other - to account for the proceeds of bonds issued to meet the financing costs for the acquisition, development and improvement to Commonwealth land and facilities.

## Enterprise Funds

# Labor and Industry Building $\rightarrow$ 

Designed by Lacy, Atherton and Davis, this eighteen-story building with an elliptical convex facade was dedicated on May 7, 1956. It is the first post-war building in the Capitol Complex "northern extension area," planned in 1947 by William Gehron.

## ENTERPRISE FUNDS DESCRIPTIONS

Enterprise Funds account for operations that are financed and operated in a manner similar to private business enterprises. Costs of providing goods and services to the general public on a continuing basis, including depreciation, are financed or recovered primarily through user charges.

Pennsylvania Turnpike Commission (PTC) - to account for the construction, operation and maintenance of the Pennsylvania Turnpike System. The PTC was created as an instrumentality of the Commonwealth with powers to issue revenue bonds payable from tolls and other revenues collected.

Pennsylvania Industrial Development Authority - to account for loans to local industrial development agencies to stimulate economic activity in areas of high unemployment. Earnings of the Authority and repayments of loans receivable are reinvested in additional loans.

State Workmen's Insurance Fund - to account for and provide workmen's compensation insurance to private employers in the Commonwealth, including those unable to obtain coverage from private insurance firms.

State Stores Fund - to account for the general operation of the Pennsylvania Liquor Control Board. Expenses include all costs associated with the operation and administration of the Liquor Store System and enforcement of the Liquor Control Law.

Pennsylvania Higher Education Assistance Agency - to account for a variety of programs, such as scholarships and student loans, designed to provide financial assistance to students and institutions of higher education. Earnings of the Agency and repayments of loans receivable are retained for additional loans and programmatic purposes.

Pennsylvania Housing Finance Agency - to account for financing the construction and rehabilitation of housing units for sale or rent to low and moderate income persons and families or the elderly, and to make or purchase loans to finance the purchase, construction, improvement or rehabilitation of owner-occupied single-family residences. Earnings of the Agency and repayments of notes and loans receivable are reinvested for financing of additional projects.

Pennsylvania Infrastructure Investment Authority (PENNVEST) - to account for loans and other financing activities for the construction, improvement, repair or rehabilitation of drinking water supply and sewage disposal systems throughout the Commonwealth. PENNVEST was created as an instrumentality of the Commonwealth, funded by contributed capital from other funds and general obligation bonds authorized by referendum. Earnings of the authority and repayments of loans are reinvested for additional financing activities.

Other - to account for enterprise operations including activities associated with low interest loans to manufacturers, minority business loans, vocational rehabilitation services, and loans to volunteer fire, ambulance and rescue companies, and loans and grants issued to attract industrial, manufacturing or research and development enterprises to the Commonwealth of Pennsylvania.

## Internal Service Funds

North
Office
Building

## North Office Building

This building exactly balances the South Office Building. Following the original design by Arnold W. Brunner, it was completed in 1929. The large bronze entrance doors by C. P. Jennewein contain symbols depicting the construction of highways and other various forms of travel. In the main lobby floor, at terrace level, is a map of Pennsylvania, showing highways of the state and seals of the cities of the Commonwealth.

## INTERNAL SERVICE FUNDS DESCRIPTIONS

Internal Service Funds account for the financing of goods or services provided by one department or agency to other departments or agencies of the Commonwealth, or to other governmental units, on a cost-reimbursement basis.

Purchasing Fund - to account for the purchase of materials, supplies, motor vehicles and other equipment by the Department of General Services for the sale or lease to other Commonwealth departments, boards and commissions.

Manufacturing Fund - to account for the manufacture and sale of goods by inmates in the institutions of the Department of Corrections.

## Trust and Agency <br> Funds

# Northwest Office Building $\infty$ 

> Designed by Verus T. Ritter of Philadelphia, this seven-story building houses the offices of the Liquor Control Board. The building was occupied in 1940. Of interest at the east entrance are two sculptured eagles by Louis Milione.

# TRUST AND AGENCY FUNDS DESCRIPTIONS 

Trust and Agency Funds account for assets held by the Commonwealth in a trustee capacity or as an agent for individuals, private organizations, other governmental units and/or other funds. These include Expendable Trust Funds, Pension Trust Funds and Agency Funds.

## EXPENDABLE TRUST FUNDS

Unemployment Compensation Fund - to account for the receipt of employer and employe contributions under the unemployment compensation law, for the payment of unemployment compensation benefits to eligible individuals, to transfer and receive monies from the Federal Unemployment Trust Fund and to pay the interest due on the Federal Unemployment Compensation Title XII Advances.

Workmen's Compensation Security Trust Fund - to account for the payment of claims for compensation provided by the Workmen's Compensation Law to individuals who are insured by an insolvent stock insurance company and for the administrative costs to administer the program.

Catastrophic Loss Trust Fund - to account for the payment of medical and rehabilitative expenditures in excess of $\$ 100,000$ to residents of Pennsylvania injured in a motor vehicle accident.

Other - to account for financial assistance to public schools or State Universities for repairs or alterations to buildings needed to satisfy the standards of the Department of Labor and Industry and for reimbursement to aggrieved individuals upon judgments against any person licensed by the Real Estate Commission.

## PENSION TRUST FUNDS

State Employes' Retirement System - to account for the payment of retirement, disability and death benefits to members of the State Employes' Retirement System and their beneficiaries.

Public School Employes' Retirement System - to account for the payment of retirement, disability and death benefits to members of the Public School Employes' Retirement System and their beneficiaries.

## TRUST AND AGENCY FUNDS--DESCRIPTIONS

## AGENCY FUNDS

Social Security Contribution Fund - to hold the employers' and employes' social security deductions of Commonwealth and local government or other instrumentality employes and to remit such collections to the Federal Government.

Statutory Liquidator Fund - to convert the assets of insolvent insurance companies into cash for distribution to creditors, policyholders and stockholders.

Fire Insurance Tax Fund - to collect a two-percent tax paid on premiums received from foreign (out-ofstate) fire insurance companies conducting business in the Commonwealth and to distribute monies to local governments based on the amount of foreign fire insurance sold in their municipality. The municipalities must pay these monies to the relief, pension or retirement fund of their recognized fire fighting organization.

Municipal Pension Aid Fund - to collect a portion of the revenues from the Foreign Casualty Insurance Premium Tax and the Foreign Fire Insurance Premium Tax for distribution to municipalities for their distribution to the various municipal, police and fire pension funds.

Medical Professional Liability Catastrophe Loss Fund - to collect annual surcharges levied on health care providers to make available professional liability insurance at a reasonable cost to health care providers.

Other - to collect and administer funds from various sources for distribution to other governments and for the personal needs of patients and inmates at State institutions, and to account for activities of the deferred compensation program.

# General Fixed Assets Account Group 

South
Office Building

## South Office Building

## $\infty$

 landscape architect Warren H. Manning were commissioned to prepare comprehensive plans for the further development of the Capitol Complex. The South Office Building, completed in 1921, was the first step toward the fulfillment of the Brunner Plan. This seven-story, simply designed building has colorful murals by Edward Trumbull on its main floor.
## GENERAL FIXED ASSETS ACCOUNT GROUP DESCRIPTION

The General Fixed Assets Account Group is maintained to account for fixed assets acquired or constructed for general government purposes. These include all fixed assets except those accounted for in Proprietary and Pension Trust Funds and College and University Funds.

## SCHEDULE OF CHANGES IN GENERAL FIXED ASSETS BY SOURCE For the Fiscal Year Ended June 30, 1989

& \text { \$18,184,525,055 }
\end{align*}
$$

The formula for the legal debt limit is contained in Article VIII, Section 7(a) of the Pennsylvania Constitution, which provides:

No debt shall be incurred by or on behalf of the Commonwealth except by law and in accordance with the provisions of this section.
(1) Debt may be incurred without limit to suppress insurrection, rehabilitate areas affected by man-made or natural disaster, or to implement unissued authority approved by the electors prior to the adoption of this article.
(2) The Governor, State Treasurer and Auditor General, acting jointly, may (i) issue tax anticipation notes having a maturity within the fiscal year of issue and payable exclusively from revenues received in the same fiscal year, and (ii) incur debt for the purpose of refunding other debt, if such refunding debt matures within the term of the original debt.
(3) Debt may be incurred without limit for purposes specifically itemized in the law authorizing such debt, if the question whether the debt shall be incurred has been submitted to the electors and approved by a majority of those voting on the question.
(4) Debt may be incurred without the approval of the electors for capital projects specifically itemized in a capital budget if such debt will not cause the amount of all net debt outstanding to exceed one and three-quarters times the average of the annual tax revenues deposited in the previous five fiscal years as certified by the Auditor General. For the purposes of this subsection, debt outstanding shall not include debt incurred under clauses (1) and (2)(i), or debt incurred under clause (2)(ii) if the original debt would not be so considered, or debt incurred under subsection (3) unless the General Assembly shall so provide in the law authorizing such debt.

The figures above are abstracted from a certification of the Auditor General dated August 31, 1989 contained in the Official Statement for $\$ 177,000,000$ Commonwealth of Pennsylvania General Obligation Bonds issued November 1, 1989.
