The Office of Comptroller Operations has announced an upcoming transition to SAP Concur Travel & Expense will occur in December 2019. This transformation will significantly reduce the administrative time of booking travel and expensing employee business travel costs and will offer enhanced features to commonwealth travelers and travel arrangers.

A webpage has been created on the Commonwealth's travel website to provide the latest information on the project. Visit [www.travel.pa.gov](http://www.travel.pa.gov) and click on the 'SAP Concur' tile.

Questions on the SAP Concur Travel & Expense project can be directed to the Bureau of Commonwealth Payroll Operations at [OB, BCPO](#).
