COMMONWEALTH OF PENNSYLVANIA  
GOVERNOR'S OFFICE  
HARRISBURG

December 14, 1990

MICHAEL H. HERSHOCK  
SECRETARY  
OFFICE OF THE BUDGET

To the Governor, the Honorable Members of the General Assembly and the Citizens of the Commonwealth of Pennsylvania:

This Comprehensive Annual Financial Report (CAFR) of the Commonwealth of Pennsylvania represents this Administration's continued commitment to sound fiscal management and to responsible financial reporting based on nationally recognized standards. This CAFR, which includes the Commonwealth's independently audited general purpose financial statements as of and for the fiscal year ended June 30, 1990, will provide you and the financial community with all the information required to fully assess the Commonwealth's financial position, results of operations, and the management of its financial resources.

During the fiscal year ended June 30, 1990, we built on the momentum established in previous years while making a major strategic investment for the future: an investment in our business environment and our natural environment; an investment in basic and higher education; an investment in job training; and an investment in the human potential of the citizens of the Commonwealth. Our goal was to provide quality services without increasing taxes.

Tax revenues of the General Fund, on the budgetary basis, for the fiscal year ended June 30, 1990 were \$274.7 million, or 2.6 percent, higher than the prior fiscal year collections of \$10,773 million, but were \$232.2 million, or 2.1 percent below the budgeted revenue estimate of \$11,280 million. Slow economic growth caused lower retail sales, lower employment and lower profits than were anticipated in the development of the General Fund revenue estimate. Based on generally accepted accounting principles, tax revenues increased \$285 million over the \$10,722 million reported last fiscal year. Personal income taxes increased 4.9 percent and sales and use taxes increased 3.9 percent, while corporation taxes decreased 2.0 percent. These taxes, in conjunction with other consumption taxes, produced an overall 2.7 percent increase in tax revenues in the General Fund for the fiscal year ended June 30, 1990.

Non-tax General Fund revenues for the 1989-90 fiscal year were augmented by appropriated transfers of \$85 million of excess reserves from the State Workmen's Insurance Fund and a \$41 million transfer of state liquor store profits from the State Stores Fund. Also, cash reserves from the Commonwealth employe workmen's compensation program, representing reserves for future claim payments, in the amount of \$76.1 million, were eliminated in the General Fund as a result of the decision to convert to a current funding payment method.

The Commonwealth continued to expand the State Correctional Institution (SCI) system by committing \$12 million for the conversion of Farview State Hospital to a State prison. By the end of the fiscal year, 359 of the planned 1,000 cells were available for occupancy. We also opened 480 additional cells at SCI Pittsburgh, expanded SCI Graterford by 172 cells and began construction of a 120 cell maximum security modular unit at SCI Camp Hill.

Our long-term commitment to the economic future of the Commonwealth was accelerated by initiating a new \$10 million Industrial Communities Program to restore blighted industrial sites to productive use, by an accelerated \$12 million Ports Improvement Program and by transferring \$34.6 million from the General Fund to the Pennsylvania Economic Revitalization Fund (PERF).

Within PERF-funded programs, we provided \$17 million for the Business Infrastructure Development Program which makes grants and loans to local sponsors for specific infrastructure improvements that complement private industrial development. We also continued an important effort initiated in prior years by providing \$5 million for the Industrial Resource Centers Program, which recruits and creates research facilities both for direct jobs and for direct investment by private companies who will benefit from association with such a facility.

We also appropriated \$10 million from the Sunny Day Fund to help private industries expand and attract new businesses to Pennsylvania. We appropriated \$37 million from the General Fund for the Housing and Redevelopment Program which provides grants to improve blighted neighborhoods through redevelopment and to improve low and moderate-income housing through rehabilitation. We continued a major change initiated in the 1987-88 fiscal year in the way state government assists the job creation process by establishing partnerships among businesses, working men and women, government officials, and educators to help create more jobs.

Education continues to be the cornerstone of Pennsylvania's future. We have continued our commitment to the future by providing total funding of \$2.7 billion to our public schools through the Equalized Subsidy for Basic Education. The total funding for basic education was \$4.1 billion, including funding for special education, pupil transportation, teacher retirement and social security, and special programs to address the needs of economically and educationally at-risk students. In addition, we provided over \$1.3 billion for higher educational institutions and students.

During the 1989-90 fiscal year, several major pieces of legislation were enacted to create and expand several programs:

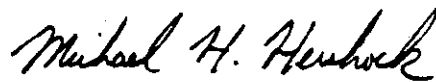

- Act 24 of 1989 created the Catastrophic Loss Benefits Continuation Fund and provided a surcharge on traffic violations to fund the continuation of payments to persons injured while the original Catastrophic Loss Trust Fund (CAT) was operational. After the original CAT Fund was eliminated in late 1988, the related surcharge on auto registrations, which funded the original CAT Fund, was stopped. In order to continue to pay claims to persons who were injured during the period when the CAT Fund was operational, the Continuation Fund was enacted.
- Act 89 of 1989 authorized the expenditure of \$39.6 million for the construction of modular housing units at State prisons, renovation of the cells destroyed in the disturbances at SCI Camp Hill, and construction of additional cells throughout the SCI system.
- Act 6 of 1990 provided auto insurance reform for the Commonwealth. By providing options on tort coverage and other changes, the Commonwealth was able to mandate reductions in insurance premiums to consumers. In addition to giving citizens of the Commonwealth a choice of coverage and rate reductions on their automobile insurance policies, the Act requires proof of insurance to operate, register, and inspect a vehicle.
- Act 14 of 1990 continued the Commonwealth's emphasis on environmental issues by enacting the nation's first "backhauling" legislation. This Commonwealth law prohibits the commercial hauling of food products in one direction and garbage and trash on the return trip. Other states and the Federal Government are looking closely at Pennsylvania's law as they develop their own proposals to address backhauling.

- Act 42 of 1990 created a standardized Commercial Drivers Licensing Program in the Commonwealth. During the 1989-90 fiscal year, \$2.4 million was expended to meet the April 1992 federally mandated deadline for having all commercial drivers retested using a more stringent written test as well as a driving skill test for certain drivers. We expect that these measures will reduce the number of truck related fatalities and injuries.

We made significant investments in programs to support the economically needy through general assistance, aid to families with dependent children, and medical assistance. Total expenditures for these programs by the Commonwealth and the Federal Government amounted to \$3.7 billion in the 1989-90 fiscal year. Approximately 50 percent of the total costs for assistance to the economically needy is supported by the General Fund. The balance is provided by the State Lottery Fund, by reimbursements from the Federal Government, and through various program collection activities conducted by the Commonwealth. We focused attention on maintaining the financial integrity of the State Lottery Fund by continuing a yearly transfer of selected program costs back to the General Fund. We are continuing to develop a new reimbursement methodology for long-term care facilities providing nursing home care for medical assistance recipients.

Overall, the financial position presented in these General Purpose Financial Statements demonstrates our continued commitment to the fiscal integrity of the Commonwealth. It is our goal to maintain a strong emphasis on economic development, education and productive growth in the Pennsylvania economy.

Sincerely,

Michael H. Hershock  
Secretary  
Office of the Budget

COMMONWEALTH OF PENNSYLVANIA  
GOVERNOR'S OFFICE  
HARRISBURG

December 14, 1990

HARVEY C. ECKERT  
DEPUTY SECRETARY FOR COMPTROLLER OPERATIONS  
OFFICE OF THE BUDGET

Dear Secretary Hershock:

It is my privilege to present this Comprehensive Annual Financial Report (CAFR) on the operations of the Commonwealth of Pennsylvania as of and for the fiscal year ended June 30, 1990. This report, which includes the General Purpose Financial Statements (GPFS), was prepared by the Office of the Budget, Comptroller Operations, pursuant to the power vested in the Governor under Section 701 of the Administrative Code and delegated to the Secretary of the Budget by Executive Order No. 1984-3, October 11, 1984.

The financial statements contained in this CAFR were prepared in conformity with generally accepted accounting principles (GAAP) as prescribed in pronouncements by the Governmental Accounting Standards Board (GASB). They were jointly audited by the elected Auditor General of the Commonwealth of Pennsylvania and KPMG Peat Marwick, a nationally recognized public accounting firm. Their Independent Auditors' Report, expressing an unqualified opinion on the GPFS, is included in this financial report.

I believe the financial statements are fairly stated in all material respects; that they are presented in a manner designed to fairly set forth the Commonwealth's financial position, results of operations, and changes in the fund balances as measured by the financial activity of its various fund types; and that all disclosures necessary to enable the Governor, the Members of the General Assembly, the public, and the financial community to gain a full understanding of the Commonwealth's operations and financial affairs have been included. Responsibility for the completeness and fairness of the presentation, including all disclosures, rests with the Commonwealth of Pennsylvania, Office of the Budget.

In addition to the GPFS, which provide an overview of the Commonwealth's financial position and operating results by fund type, this CAFR includes: combining financial statements presenting information by fund; supporting schedules; certain narrative information describing individual funds; and statistical tables presenting financial, economic, social and demographic data about the Commonwealth. The CAFR was prepared in accordance with standards established by the Government Finance Officers Association of the United States and Canada (GFOA) and will be submitted to the GFOA to determine its eligibility for a Certificate of Achievement for Excellence in Financial Reporting.

#### THE FINANCIAL REPORTING ENTITY

The GPFS of the Commonwealth, in conformance with GASB Codification Section (Cod.Sec.) 2100 includes all funds, account groups, agencies, boards and commissions, and governmental public service corporations over which the Commonwealth's executive and legislative branches exercise oversight responsibility. Criteria used to determine oversight responsibility include budget adoption and approval, taxing authority, funding of outstanding debt, authority to appoint an organization's governing body, constitutional officers' ability to significantly influence operations, accountability for fiscal operations and scope of public service. Inclusion of an organization in the Commonwealth GPFS in no way alters the defined prerogatives of the organization's management, its statutory authority, or its legal characteristics.

Based on Cod.Sec. 2100, the following Commonwealth public service organizations meet the oversight criteria and are included in the accompanying financial statements.

***Pennsylvania Higher Educational Facilities Authority (PHEFA):*** The PHEFA was created for the purpose of financing, constructing, improving and maintaining any educational facility, and assisting colleges in financing, on a short-term basis, their working capital requirements. PHEFA revenue bonds are financed through lease rental payments. Some of the lessees, although private institutions, are recipients of Commonwealth grants and subsidies.

***Pennsylvania Higher Education Assistance Agency (PHEAA):*** The PHEAA was created to improve the higher educational opportunities of persons who are residents of the Commonwealth and attending institutions of higher education by enabling the agency, lenders and post-secondary institutions to make loans and grants to students for educational purposes. Debt service on bonds issued by the PHEAA is met from loan repayments and interest and other revenues of the agency.

***Pennsylvania Housing Finance Agency (PHFA):*** The PHFA was created to make loans secured by real property or leasehold, including mortgages, to finance projects designed and planned to be available for low and moderate income persons and families. Bonds issued by the PHFA are partially secured by a capital reserve fund required to be maintained at an amount equal to the maximum annual debt service on its outstanding bonds in any succeeding calendar year. Statute provides that if there is a deficiency in the capital reserve fund or if funds are necessary to avoid default on interest, principal or sinking fund payments on PHFA notes or bonds, an amount sufficient to make up such deficiency shall be placed in the budget of the Commonwealth for the succeeding fiscal year.

***Pennsylvania Industrial Development Authority (PIDA):*** The PIDA was created for the purpose of making secured loans to industrial development agencies for payment of a part of the cost of industrial development projects in critical economic areas. Principal and interest payments to PIDA and other revenues are used to pay debt service on revenue bonds issued by the PIDA and to make additional loans.

***Pennsylvania Turnpike Commission (PTC):*** The PTC was created for the purpose of constructing, maintaining and operating a turnpike system together with connecting roads, tunnels and bridges. Debt service on turnpike revenue bonds is payable from revenues, primarily tolls and rentals from leases and concessions, of the turnpike system.

***State Employees' Retirement System (SERS), Public School Employees' Retirement System (PSERS):*** The SERS and PSERS were established as independent administrative boards of the Commonwealth. Each system is directed by a governing board which exercises control and management of the systems, including the investment of assets. The retirement plans of the SERS and the PSERS are contributory defined benefit plans covering all state employes, employes of certain state-related organizations, and all public school employes. Proposed changes in benefit and contribution provisions require legislative action and must be supported by an actuarially computed estimate of the cost of such changes.

***State Highway and Bridge Authority (SHBA):*** The SHBA was created to construct, reconstruct, improve and maintain highway and bridge projects and roadside rests. All rental charges of SHBA are transferred from the Motor License Fund, a Special Revenue Fund, and are used to meet debt service requirements. No SHBA debt obligations have been issued since 1968.

***State Public School Building Authority (SPSBA):*** The SPSBA was created for the purpose of constructing, furnishing and equipping, and maintaining public school buildings, as part of the public school system of the Commonwealth. Debt service on revenue bonds issued by the SPSBA is met from lease rental payments made by the local school districts, all of which receive substantial financial aid from the Commonwealth.

***State System of Higher Education (SSHE):*** In accordance with Cod. Sec. 2100, Commonwealth-owned universities are reported in a "discrete presentation" under a separate fund category in the Commonwealth's GPFs. The SSHE, composed of fourteen universities, was created by Act No. 188 of 1982 to function independently of the Department of Education for the purpose of providing instruction for undergraduate and graduate students. The corporate powers of the SSHE are exercised by a Board of Governors through the SSHE Chancellor.

Commonwealth-related universities named below are not included in the GPFS as the degree of oversight responsibility exercised by the Commonwealth is so insignificant that it has not been deemed appropriate to reflect them in the reporting entity.

Pennsylvania State University  
Temple University  
University of Pittsburgh  
Lincoln University

It has been determined that the following organization is not a part of the Commonwealth reporting entity after applying criteria of Cod.Sec. 2100 and is excluded from the GPFS because the Commonwealth does not control its assets, operations or management.

***Pennsylvania Municipal Retirement System (PMRS):*** The PMRS was established as an independent board of the Commonwealth for the purpose of administering a retirement plan for officers, employes, firemen and policemen of the Commonwealth's political subdivisions and municipal authorities, and of institutions supported and maintained by the political subdivisions and municipal government associations. Control and management of the PMRS, including investment of assets, is exercised by a governing board.

#### BUDGETARY CONTROLS AND ACCOUNTING SYSTEMS

The annual budget of the Commonwealth is comprised of separate appropriations to individual agencies for their specific programs, purposes, special outlays and/or operating expenditures. Budgetary control is exercised at the agency level by appropriation and by allocations to major categories of expenditure within each appropriation. Major expenditure categories include personnel services, operational expenses, fixed assets, subsidies and grants, debt service and fixed charges. An encumbrance system is used to effect budgetary control at the appropriation and allocation levels.

Encumbrances represent the estimated amount of expenditures that are expected to be incurred when purchase orders issued are filled and contracts and other commitments entered into are performed. They serve to reserve that part of an appropriation until the actual liabilities are incurred and to ensure that funds committed (encumbered) and expended do not exceed the total amounts appropriated and/or allocated. Section 621 of the Administrative Code provides that unencumbered appropriated funds shall automatically lapse at fiscal year end and become available for appropriation in the new fiscal year. Encumbered appropriations are carried forward into the new fiscal year. They are reported in the Commonwealth's governmental funds as reservations of fund balance as distinguished from unreserved fund balance. Funds reserved for appropriations carried forward may be expended until October 31 of the new fiscal year at which time any remaining balances must be lapsed, except amounts for encumbered items being litigated or arbitrated or otherwise extended for some other reason with approval of the Secretary of the Budget. In no event, however, can an encumbrance carried forward from one fiscal year be extended beyond the end of the next fiscal year except for a litigated item.

Accounting records of most departments under the Governor's jurisdiction are maintained on a centralized accounting system. The operations of this system are directed and supervised by the Office of the Budget, Comptroller Operations. Separate accounting systems are maintained by the Department of Transportation for the Motor License Fund; the Liquor Control Board for the State Stores Fund; and the Department of Labor and Industry, Office of Employment Security, for the payment of unemployment compensation benefits. The Treasury Department, the Department of the Auditor General, and the Legislature and Judiciary, likewise, operate separate accounting systems.

The accounts of the Commonwealth's governmental fund types are maintained on a budgetary basis by fund, agency and appropriation. Revenues are recorded at the time cash is received.

Expenditures are recorded at the time payment requisitions and invoices are submitted to the Treasury Department for payment. At the fiscal year end, both revenues and expenditures are adjusted to reflect appropriate accruals for financial reporting in conformity with GAAP.

Within the accounting systems, internal controls effectively provide reasonable assurance that financial transactions are executed in accordance with prior authorizations, that assets are protected from unauthorized use or disposition, and that the financial records are reliable for the purposes of preparing financial statements and maintaining accountability. All department records are reconciled monthly with the Treasury Department's records of cash disbursements and the Department of Revenue's records of cash receipts.

### THE GENERAL PURPOSE FINANCIAL STATEMENTS (GPFS)

Although the Commonwealth plans and manages its financial affairs on a budgetary basis, it also prepares GPFS in conformity with GAAP applicable to governments. These financial statements differ from those prepared on a budgetary basis in that generic funds are combined by fund types and the financial information is presented on the basis of accounting principles applicable to each fund type. Accordingly, governmental, expendable trust, and agency funds are reported on the modified accrual basis of accounting; proprietary and pension trust funds are reported on the accrual basis of accounting. The College and University Funds are reported on the accrual basis of accounting in accordance with the National Association of College and University Business Officers' *College and University Business Administration* and the American Institute of Certified Public Accountants' *Audits of Colleges and Universities* for institutions of higher education.

In measuring financial position and operating results on the modified accrual basis of accounting, as compared to the budgetary basis, revenues are generally recognized when they become measurable and available to finance current obligations, as opposed to when cash is received. Expenditures are generally reported when goods and services are received and a liability incurred, rather than when cash is disbursed. Due to these differences, the Commonwealth's GPFS as of a fiscal year end include amounts which actually will not be received or disbursed until a future date. Such amounts are necessarily based on management's best assessment and evaluation of available financial data at the time the financial statements are prepared. They include revenues due the Commonwealth, net of credits and refunds, and accounts payable and accrued expenditures for which a liability has been incurred as of the fiscal year end.

### ECONOMIC CONDITION AND OUTLOOK

Considerable change has occurred in the economic outlook for the 1990-91 fiscal year since July, 1990 when Pennsylvania adopted the fiscal year budget. In June, 1990 the economic experts gave a 15 percent probability of a near-term recession, believing that the conditions usually precedent to recessions were not present in the economy. However, the most recent forecast includes the projection of a brief, shallow recession. Uncertainties, in part related to conditions in the Mid-East, raise the probability of the recession being deeper and longer than anticipated. It appears from the revenue trends and recent United States (U.S.) and Pennsylvania economic data that economic growth is below earlier projections and a period of, at best, very weak economic growth lies immediately ahead. The most recent data on the economy depict an economy that suffers from continued higher inflation, a deep drop in consumer confidence, declining employment and rising unemployment rates and a tighter fiscal policy constrained by already steep federal budget deficits.

The current forecast for a mild recession to occur during the fourth quarter of 1990 and the first quarter of 1991 also projects a slow and prolonged recovery period. Economic growth, as expressed in terms of real gross national product, is expected to remain at or below 3 percent for the economy through the 1991-92 fiscal year which will mean a national unemployment rate of almost 7 percent during the period, a mild retrenchment in the rate of inflation, and persistently high interest rates.

The slower than anticipated rate of economic growth in the U.S. and Pennsylvania economy has been evident in the trend of tax revenue collections for the 1990-91 fiscal year. Through the end of November, 1990 tax revenues collected in the General Fund were \$71.2 million below the official budgetary revenue estimate. A substantial portion of the tax shortfall is from the sales and use tax which is \$66.1 million or 3.5 percent below the estimate.

### THE GENERAL FUND

The General Fund, the Commonwealth's largest fund, is the focal point in any determination of Pennsylvania's financial position. It accounts for all revenues and receipts which are not required by law to be accounted for or deposited elsewhere and for the major portion of Commonwealth expenditures. Tax receipts, principally personal and corporate income and sales and use taxes, constitute more than 71 percent of the General Fund's revenues. Major fund expenditures are for general government, protection of persons and property, public health and welfare, public education, economic development and debt service on all obligations except those incurred for highway or other special revenue fund purposes. A comparison of how the Commonwealth has operated within its adopted General Fund budget, as amended, is presented in the "Combined Statement of Revenues, Expenditures and Changes in Unreserved/Undesignated Fund Balances — Budget and Actual (Budgetary Basis)," included in the GPFS.

**Budgetary Basis:** During the last seven fiscal years, the Commonwealth reported General Fund surplus unreserved/undesignated fund balances on the budgetary basis of accounting. A deficit was last reported at the end of the 1982-83 fiscal year. The surplus amounts were the result of controlled expenditure growth, improved productivity and economic growth that has produced revenue surpluses despite general tax rate reductions in previous fiscal years.

At June 30, 1990 the General Fund's unreserved/undesignated fund balance (budgetary basis) amounted to \$136.2 million. This compares to a budgetary fund balance of \$385.1 million at June 30, 1989. The change in budgetary basis fund balance for the fiscal year ended June 30, 1990 was the result of revenue collections totalling \$15,537.5 million less appropriation authorizations totalling \$15,898.4 million, plus appropriation lapses from prior years in the amount of \$112.0 million. Included in the \$15,898.4 million appropriation authorizations are \$136.8 million supplemental appropriations authorized during the fiscal year.

The following table shows the General Fund's actual year end unreserved/undesignated fund balance and increases or decreases (expressed in millions) on a budgetary basis at the end of the five most recent fiscal years:

<u>At June 30</u>	<u>Unreserved/ Undesignated Fund Balance</u>	<u>Increase (Decrease)</u>
1986	\$ 219.8	\$ (90.7)
1987	347.8	128.0
1988	94.7	(253.1)
1989	385.1	290.4
1990	136.2	(248.9)

**Modified Accrual Basis:** At June 30, 1990 the Commonwealth's General Fund reported a fund balance deficit of \$119.8 million, a decrease of \$738.7 million from a \$618.9 million fund balance at June 30, 1989. Total assets decreased by \$413.1 million to \$1,799.7 million. Liabilities increased by \$325.6 million to \$1,919.5 million. These changes and others (expressed in millions) are reflected in the General Fund summary comparative balance sheet that follows.

**General Fund**  
**Summary Comparative Balance Sheets (GAAP Basis)**

**GENERAL GOVERNMENTAL FUNCTIONS — MODIFIED ACCRUAL BASIS**

The Commonwealth's governmental fund types include the General Fund, the Motor License Fund and other Special Revenue Funds, the Debt Service Funds and the Capital Projects Funds. These funds account for most general operating revenues and expenditures. Their combined fund balances at June 30, 1990 decreased by \$887 million to \$1,078 million from \$1,965 million at the beginning of the fiscal year. Unreserved/undesignated fund balances at June 30, 1990 amount to a \$206 million deficit as compared to a \$374 million unreserved/undesignated fund balance surplus a year ago. Comparative summaries of general governmental revenues by source and expenditures by function (expressed in millions) follow.

**General Governmental Revenues by Source.** Revenues of the Commonwealth's General, Special Revenue, Debt Service and Capital Projects Funds totalled \$19,716 million. This represents a 2.4 percent increase over the previous fiscal year. Taxes constituted 61.1 percent of general governmental revenues; intergovernmental revenues, primarily Federal funds, constituted 22.1 percent.

Revenue Source	Fiscal Years Ended		Increase (Decrease)
	June 30, 1990	June 30, 1989	
Taxes .....	\$ 12,052	\$ 11,759	\$ 293

Lottery receipts .....	1,530	1,575	(45)
Lease rental principal and interest .....	194	140	54
Other .....	195	141	54
<b>Total Revenues .....</b>	<b>\$ 19,716</b>	<b>\$ 19,248</b>	<b>\$ 468</b>

Taxes increased by \$293 million over the previous fiscal year due mainly to the modest expansion in the state and national economies. The following is a summary of tax revenue by type:

Taxes by Type	Fiscal Years Ended		Increase (Decrease)
	June 30, 1990	June 30, 1989	
Sales and use .....	\$ 4,230	\$ 4,073	\$ 157
Personal income .....	3,234	3,084	150
Corporation .....	2,524	2,546	(22)
Liquid Fuels .....	1,010	998	12
Other .....	1,054	1,058	(4)
Total Taxes .....	<u>\$ 12,052</u>	<u>\$ 11,759</u>	<u>\$ 293</u>

**General Governmental Expenditures by Function.** Expenditures of the Commonwealth's General, Special Revenue, Debt Service and Capital Projects Funds totalled \$20,844 million, reflecting an increase of \$1,395 million over the previous fiscal year. Of the total amount expended, public health and welfare accounted for 37.2 percent, public education for 26.9 percent and transportation for 11.5 percent.

Expenditure Function	Fiscal Years Ended		Increase (Decrease)
	June 30, 1990	June 30, 1989	
General government .....	\$ 1,921	\$ 1,873	\$ 48
Protection of persons and property .....	1,217	1,092	125
Public health and welfare .....	7,745	7,175	570
Public education .....	5,598	5,166	432
Conservation of natural resources .....	374	369	5
Economic development and assistance .....	364	350	14
Transportation .....	2,392	2,305	87
Capital outlay .....	169	230	(61)
Debt service:			
Principal retirement .....	608	440	168
Interest and fiscal charges .....	456	449	7
Total Expenditures .....	<u>\$ 20,844</u>	<u>\$ 19,449</u>	<u>\$ 1,395</u>

Expenditures for public health and welfare increased by \$570 million or 7.9 percent over the previous fiscal year. Increases in financial support to the economically needy, aid to families with dependent children, and medical assistance comprise the largest portion of the public health and welfare expenditure increase.

Expenditures for public education increased by \$432 million or 8.4 percent over the previous fiscal year. Areas of increase include aid to local school districts for basic instruction, vocational instruction, debt service, pupil transportation, employe retirement including social security, and special education programs.

#### DEBT ADMINISTRATION

The Constitution of the Commonwealth of Pennsylvania permits the incurrence of debt, without approval of the electorate, for capital projects specifically authorized in a capital budget. Capital project debt outstanding cannot exceed one and three quarters (1.75) times the average of the annual tax revenues deposited in all funds during the previous five fiscal years. The certified constitutional debt limit at August 31, 1990 was \$23.1 billion. Outstanding capital project debt at August 31, 1990 amounted to \$3.9 billion.

In addition to constitutionally authorized capital project debt, the Commonwealth may incur debt for electorate approved programs, such as economic revitalization, land and water development, and water facilities restoration; and for special purposes approved by the General Assembly, such as disaster relief.

The total general obligation bond indebtedness outstanding at June 30, 1990 was \$4,633.5 million. Total debt service expenditures paid from General Fund and Motor License Fund appropriations during the fiscal year ended June 30, 1990 amounted to \$706.8 million.

During the fiscal year ending June 30, 1991 the Office of the Budget projects general obligation bond issuances amounting to \$521.5 million, an increase of \$159.5 million as compared to actual bond issuances of \$362.0 million during the fiscal year ended June 30, 1990. This forecast reflects the need to make investments in the Commonwealth's capital infrastructure, particularly prisons, interstate highway construction under the Federal Advance Construction Interstate Program, highway bridges, mass transportation and water supply systems. Debt principal retirements of \$442.9 million are forecast during fiscal 1991. The table that follows shows total outstanding long-term indebtedness for general obligation bonds (expressed in millions) at the end of the seven most recent fiscal years.

At June 30	Outstanding Bond Indebtedness
1984	\$4,484
1985	4,535
1986	4,529
1987	4,559
1988	4,699
1989	4,705
1990	4,634

In December 1985, June 1986, and April 1987, the Commonwealth issued general obligation refunding bonds totalling \$224.1 million. The proceeds are being used to retire general obligation debt incurred in 1980, 1981, 1982 and 1984 at higher interest rates. This will result in estimated savings of \$11.6 million over the life of the refunding bonds, or \$9.1 million when discounted to present value. In November 1988, the Commonwealth issued \$127.6 million in general obligation bonds to advance refund \$146.2 million of outstanding General State Authority (GSA) bonds. After this refunding transaction, the GSA ceased to exist.

In addition to general obligation bonds, the Commonwealth issues tax anticipation notes to meet operating cash needs during certain months of the fiscal year. Tax anticipation notes may be issued only for the General Fund and the Motor License Fund. They may not exceed 20 percent of the funds' estimated revenues for the year, and must mature during the fiscal year in which they are issued. Cash shortages occur during the fiscal year because tax receipts, unlike cash disbursements, are concentrated in the fourth quarter of the fiscal year.

During the fiscal year ending June 30, 1991, total General Fund revenues and budgeted expenditures, including Federal funds, are expected to increase by 5.6 percent and 3.9 percent, respectively. As the result of tax changes and expenditure patterns that are likely to affect the cash receipts flow, the Commonwealth anticipates issuance of \$1.4 billion in General Fund tax anticipation notes during the 1990-91 fiscal year. General Fund tax anticipation note or commercial paper issuances (expressed in millions) during the five most recent fiscal years are shown below. Motor License Fund tax anticipation notes were not issued for the periods shown and are not expected to be issued in the future.

Fiscal Year Issue Ended June 30	For the Account of the General Fund	Amount Issued as a Percent of General Fund Tax Revenues
1987	\$ 490	5%
1988	700	7
1989	699	7
1990	955	8
1991 (Estimated)	1,400	12

## CASH MANAGEMENT

The Treasury Department is required by the Commonwealth's Fiscal Code to deposit monies of the Commonwealth, excluding certain component units, in state depositories approved by the Board of Finance and Revenue. Monies deposited are not required to be segregated by fund.

In addition, the Treasury Department is empowered to invest monies of the Commonwealth that have accumulated beyond the ordinary needs of the various Commonwealth Funds. Temporary investments held by the Treasury Department by type, average maturity in days and percent at June 30, 1990 are depicted below.

<u>Investment Type</u>	<u>Average Maturity (days)</u>	<u>Percent</u>
Commercial Paper (Moody's Prime One Rating or Equivalent) .....	10	24.0
United States Treasury and Agency Obligations .....	217	50.0
Repurchase Agreements .....	2	20.0
Certificates of Deposit .....	18	2.0
Corporate Bonds and Notes .....	184	.1
Other .....	127	3.9
		<u>100.0</u>

Temporary investments held by the Treasury Department amounted to \$3.7 billion as of June 30, 1990. Temporary investments were made by specific funds. Interest on investments made by the Treasury Department during the fiscal year amounted to \$373.0 million at an average yield of 8.649 percent.

## RISK MANAGEMENT

The Commonwealth maintains ongoing training and information programs to reduce risks associated with employe injury and negligence, contract compliance, tort liabilities and property losses. As more fully described at Note O to the financial statements, the Commonwealth became self-insured for employe disability and medical claims on July 1, 1983. The Commonwealth is also self-insured for tort liabilities, including automobile, employe and transportation-related claims. Financial resources are accumulated to establish reserves to fund self-insured claims. Third-party coverage is obtained for property losses in excess of \$1 million per occurrence, to a limit of \$100 million per occurrence. Coverage for property losses less than \$1 million or more than \$100 million is maintained through the Commonwealth's self-insurance program.

## CAPITAL PROJECTS FUNDS

Proceeds of general obligation bonds are generally accounted for in the capital projects funds. Completed projects and construction in progress at the fiscal year end are accounted for as assets and are capitalized in the General Fixed Assets Account Group. Projects completed during the fiscal year totalled \$54 million; construction in progress at June 30, 1990 amounted to \$69 million. Authorized but unissued general obligation bonds at June 30, 1990 totalled \$9,417 million.

## ENTERPRISE, FIDUCIARY AND COLLEGE AND UNIVERSITY FUNDS

The Commonwealth's enterprise funds are used to account for revolving loan programs for economic development, higher education and housing assistance. Also included are a turnpike system and the Pennsylvania Infrastructure Investment Authority (PENNVEST) which loans funds to local governments for improving water and sewer systems. All enterprise funds reported retained earnings at June 30, 1990, except for the PENNVEST which reported a retained earnings deficit of \$324 thousand. This deficit is more fully described in Note C to the financial statements. The overall increase in retained earnings for enterprise funds during the fiscal year amounted to \$72 million, for total reported retained earnings of \$1,775 million at June 30, 1990.

Fiduciary type funds, including expendable trust funds and pension trust funds, reported total fund balances of \$27,840 million at June 30, 1990, compared to \$24,290 million at June 30, 1989. Total fund balances of the expendable trust funds increased \$191 million over the previous fiscal year, for total reported fund balances of \$2,170 million at June 30, 1990. The two pension trust funds included in the Commonwealth's financial reporting entity reported combined fund balances of \$25,670 million at June 30, 1990, an increase of \$3,359 million over the previous fiscal year. Fund balances of the pension trust funds are completely reserved for pension benefits.

The total fund equity for the College and University Funds, used to account for the State System of Higher Education, at June 30, 1990 was \$450 million, compared to \$390 million at June 30, 1989.

## GENERAL FIXED ASSETS

General fixed assets of the Commonwealth are those used in the performance of general governmental functions. The fixed assets of the proprietary and the fiduciary fund types and the College and University Funds are not included in the General Fixed Assets Account Group, except for certain real property used by the SSHE. General fixed assets as of June 30, 1990 amounted to \$2,899.5 million at actual or estimated historical cost. Depreciation is not recognized for the Commonwealth's general fixed assets. Infrastructure assets, consisting primarily of highways, roads and bridges, are not recorded in the General Fixed Assets Account Group. Both of these practices are in conformity with GAAP.

## INDEPENDENT AUDIT

The audit of the GPFS, evidenced by the Independent Auditors' Report submitted herewith, was performed jointly by the Department of the Auditor General and the independent public accounting firm of KPMG Peat Marwick. It was performed pursuant to the authority vested in the Auditor General and the Governor under Section 402 of the Fiscal Code of 1929 and in the Governor under Section 701 of the Administrative Code of 1929.

The Fiscal Code provides that the Department of the Auditor General shall make all audits of transactions after their occurrence, which may be necessary, in connection with the administration of the financial affairs of the government of the Commonwealth of Pennsylvania and that it shall be the duty of the Governor to make such audits of the affairs of the Department of the Auditor General.

## CERTIFICATE OF ACHIEVEMENT

The Government Finance Officers Association of the United States and Canada (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to the Commonwealth of Pennsylvania for its Comprehensive Annual Financial Report as of and for the fiscal year ended June 30, 1989. This represents the fourth consecutive year the Commonwealth of Pennsylvania has received this award.

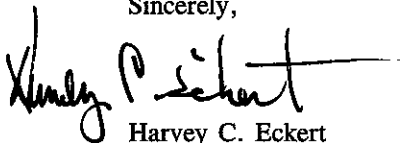

To merit a certificate of achievement, a government unit must publish an easily readable and efficiently organized Comprehensive Annual Financial Report which conforms to GFOA standards and satisfy both generally accepted accounting principles and applicable legal requirements. A certificate of achievement is valid for a period of one year only.

We believe the Comprehensive Annual Financial Report of the Commonwealth of Pennsylvania as of and for the fiscal year ended June 30, 1990 conforms to the GFOA standards and we are submitting it to the GFOA to determine its eligibility for a Certificate of Achievement for Excellence in Financial Reporting.

### ACKNOWLEDGEMENTS

In conclusion, I wish to express my appreciation to the staff of the various Commonwealth agencies whose time and dedicated effort made this report possible and, at the same time, to reaffirm my commitment to you to maintain the highest standards of accountability in financial reporting to the citizens of the Commonwealth.

Sincerely,

Harvey C. Eckert  
Deputy Secretary for Comptroller Operations  
Office of the Budget

# Certificate of Achievement for Excellence in Financial Reporting

Presented to

## Commonwealth of Pennsylvania

For its Comprehensive Annual  
Financial Report  
for the Fiscal Year Ended  
June 30, 1989

A Certificate of Achievement for Excellence in Financial Reporting is presented by the Government Finance Officers Association of the United States and Canada to government units and public employee retirement systems whose comprehensive annual financial reports (CAFR's) achieve the highest standards in government accounting and financial reporting.

### Independent Auditors' Report

The Honorable Robert P. Casey  
Governor  
Commonwealth of Pennsylvania  
Harrisburg, Pennsylvania

We have jointly audited the general purpose financial statements of the Commonwealth of Pennsylvania as of and for the fiscal year ended June 30, 1990, as listed in the accompanying table of contents. These general purpose financial statements are the responsibility of the Commonwealth's management. Our responsibility is to express an opinion on these financial statements based on our audit. We did not jointly audit the financial statements of certain component units, which represent 52, 61, 73 and 79 percent of total assets and 4, 73, 64 and 42 percent of total revenues, respectively, of the Special Revenue, Debt Service, Capital Projects and Enterprise Fund Types, 90 percent of total assets of the Trust and Agency Fund Type, all revenues of the Pension Trust Funds, and 20 percent of total liabilities of the General Long-Term Obligations Account Group, and we did not jointly audit the financial statements of the State System of Higher Education which represent the amounts shown as the College and University Funds. The financial statements of these component units and the College and University Funds were audited by other auditors, including KPMG Peat Marwick acting separately, whose reports thereon have been furnished to us and our opinion expressed herein, insofar as it relates to the amounts included for those component units and the College and University Funds, is based solely on the reports of the other auditors. KPMG Peat Marwick has audited separately 18 and 62 percent of total assets and 12 and 58 percent of total revenues, respectively, of the Enterprise Funds and Pension Trust Funds and the financial statements of the State System of Higher Education.

We conducted our audit in accordance with generally accepted auditing standards. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the general purpose financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the general purpose financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit and the reports of other auditors provide a reasonable basis for our opinion.

The Department of the Auditor General emphasizes that, as required by the Governmental Accounting Standards Board, the general purpose financial statements, prepared in accordance with generally accepted accounting principles (GAAP), include a Combined Statement of Revenues, Expenditures and Changes in Unreserved/Undesignated Fund Balances - Budget and Actual (Budgetary Basis), General and Budgeted Special Revenue Funds. The Commonwealth of Pennsylvania's budgetary basis of accounting is described in Note B. GAAP requires a reconciliation of budgetary and GAAP basis amounts when a governmental entity adopts a budget on any basis other than GAAP. This reconciliation is included in Note M.

In our opinion, based on our audit and the reports of other auditors, the general purpose financial statements referred to above present fairly, in all material respects, the financial position of the Commonwealth of Pennsylvania at June 30, 1990, and the results of its operations and the changes in financial position of its Proprietary Fund Types and Pension Trust Fund for the fiscal year then ended, in conformity with generally accepted accounting principles.

Our audit was made for the purpose of forming an opinion on the general purpose financial statements taken as a whole. The combining financial statements and schedules listed in the accompanying table of contents are presented for purposes of additional analysis and are not a required part of the general purpose financial statements of the Commonwealth of Pennsylvania. Such information has been subjected to the auditing procedures applied in the audit of the general purpose financial statements and, in our opinion, based on our audit and the reports of other auditors, is fairly presented in all material respects in relation to the general purpose financial statements taken as a whole.

We did not audit the data included in the introductory and statistical sections of this report and, therefore, express no opinion thereon.

*Barbara Hofer*

*KPMG Peat Marwick*

November 16, 1990, except for Note S  
as to which the date is December 13, 1990

When we say that America starts here in Pennsylvania, you'll recall immediately the events that created this country. It was here, at Independence Hall in Philadelphia, that America declared her independence and framed the Constitution. This is where the Liberty Bell first rang.

Among our 335 official historic sites are the Brandywine Battlefield, where Washington's army resisted the British occupation of Philadelphia; Washington Crossing Historic Park, where the Colonial Army crossed the Delaware River on Christmas Day, 1776; and the city of York, America's first capital.

But all of these famous places are only a small part of our story. The notion that America starts here doesn't begin and end with the founding of this nation; rather, it recognizes an ongoing record of achievement, a time line of accomplishment, that stretches from 1776 into the 1990s.

As we stand at the threshold of the 21st century, Pennsylvania continues to lead the nation in innovation. The first computer was invented at the University of Pennsylvania. The electron microscope was invented in Allegheny County. The nation's first Robotics Institute was founded at Pittsburgh's Carnegie Mellon University in 1979.

The history of Pennsylvania's ingenuity runs from Benjamin Franklin's bifocals to the supercomputer, and from this country's first cookbook to the Constitution.

**COMMONWEALTH OF PENNSYLVANIA****NOTE A—FINANCIAL REPORTING ENTITY**

For financial reporting purposes, in conformity with generally accepted accounting principles (GAAP), the Commonwealth includes all funds, agencies, boards, commissions and authorities over which the Commonwealth's executive or legislative branches exercise oversight responsibility. Oversight responsibility of the Commonwealth was determined on the basis of budget adoption, tax authority, funding, outstanding debt secured by revenues of the Commonwealth, authority to appoint an organization's governing board, and the organization's scope of service and financing relationship to the Commonwealth. The accompanying financial statements include all Commonwealth funds, agencies, boards and commissions required to submit an annual budget in accordance with Section 610 of the Administrative Code of 1929, as amended, and the following organizations:

- Pennsylvania Higher Educational Facilities Authority
- Pennsylvania Higher Education Assistance Agency
- Pennsylvania Housing Finance Agency
- Pennsylvania Industrial Development Authority
- Pennsylvania Turnpike Commission
- Public School Employes' Retirement System
- State Employes' Retirement System
- State Highway and Bridge Authority
- State Public School Building Authority
- State System of Higher Education

Certain independent charitable foundations and affiliated organizations of the State System of Higher Education, including alumni associations, trusts, student government associations, bookstores and science and research centers are not included in the Commonwealth financial reporting entity. Such foundations and organizations are separate and distinct from the respective universities — they are separately incorporated, have their own charters and are governed by representatives from the private sector. The foundations and affiliated organizations are responsible for their own daily operations, debt service, personnel and financial management.

The State-Related Universities listed below are not considered part of the reporting entity since they determine their own budgets without review or modification by the Commonwealth, have the power to fix and collect charges for their services, have the responsibility to fund their own deficits, dispose of their own surplus, exercise complete autonomy over fiscal and institutional matters and may issue debt which is neither a statutory nor a moral obligation of the Commonwealth:

- Pennsylvania State University
- Temple University
- University of Pittsburgh
- Lincoln University

The Pennsylvania Municipal Retirement System is excluded from the reporting entity because the System independently fixes and collects charges for providing municipal pension benefits, receives no funds from the Commonwealth, has no continuing policy-making affiliation with the Commonwealth and exercises complete autonomy over financial, operational and personnel matters.

**NOTE B—SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

**Fund Accounting:** In governmental accounting, a fund is defined as an independent fiscal and accounting entity with a self-balancing set of accounts, recording cash and/or other resources together with all related liabilities and equities which are segregated for the purpose of carrying on specific activities or attaining certain objectives in accordance with the fund's special regulations, restrictions or limitations. In the Commonwealth, funds are established by legislative enactment or in certain cases by administrative action.

# NOTES TO FINANCIAL STATEMENTS

---

## NOTE B—Summary of Significant Accounting Policies (continued)

---

The Commonwealth has established the following fund categories, fund types and account groups:

### Governmental Funds

*General Fund* — Accounts for all financial resources except those required to be accounted for in another fund. The General Fund is the Commonwealth's major operating fund.

*Special Revenue Funds* — Account for the proceeds of specific revenue sources (other than expendable trusts or major capital projects) that are legally restricted to expenditure for specified purposes. Although included as a Special Revenue Fund, the State Lottery Fund reports on a basis of accounting which provides results which are the same as if the full accrual method of accounting were used, except for fixed assets and related depreciation, which are not reported.

*Debt Service Funds* — Account for the accumulation of resources, principally transfers from other funds, for the payment of general long-term debt principal and interest.

*Capital Projects Funds* — Account for financial resources to be used for the acquisition or construction of major capital facilities, including those provided to political subdivisions and other public organizations (other than those financed by Proprietary or Fiduciary Funds).

### Proprietary Funds

*Enterprise Funds* — Account for operations that are financed and operated in a manner similar to private business enterprises. Costs of providing goods and services to the general public on a continuing basis, including depreciation, are financed or recovered primarily through user charges. The State Workmen's Insurance Fund is included for its fiscal year ended December 31, 1989, the Pennsylvania Turnpike Commission for its fiscal year ended May 31, 1990 and the State Stores Fund for its 52 week period ended June 26, 1990.

*Internal Service Funds* — Account for the financing of goods or services provided by one department or agency to other departments or agencies of the Commonwealth, or to other governmental units, on a cost-reimbursement basis.

### Fiduciary Funds

*Trust and Agency Funds* — Account for assets held by the Commonwealth in a trustee capacity or as an agent for individuals, private organizations, other governmental units and/or other funds. These include Expendable Trust Funds, Pension Trust Funds and Agency Funds. The State Employees' Retirement System, a Pension Trust Fund, and the Deferred Compensation Fund, an Agency Fund, are included for their fiscal years ended December 31, 1989.

### Account Groups

*General Fixed Assets Account Group* — Accounts for all general fixed assets acquired or constructed for use by the Commonwealth in the conduct of its activities, except those accounted for in Proprietary Funds, Pension Trust Funds, and College and University Funds.

*General Long-Term Obligations Account Group* — Accounts for all long-term obligations of the Commonwealth, except those accounted for in Proprietary Funds and College and University Funds.

### College and University Funds

Account for the operations of the Office of the Chancellor and the 14 state-owned universities, which comprise the State System of Higher Education, in accordance with existing authoritative accounting and reporting principles applicable to colleges and universities. Accordingly, the College and University Funds are an aggregation of the following funds:

*Current Funds—Unrestricted* — Account for economic resources of the institution which are expendable for any purpose in performing the primary objectives of the universities and have not been designated by the governing body for any other purpose.

# NOTES TO FINANCIAL STATEMENTS

---

## NOTE B—Summary of Significant Accounting Policies (continued)

---

*Current Funds—Restricted* — Account for resources received from donors or other outside agencies that are restricted by them for specific operating purposes.

*Loan Funds* — Account for resources available for loans to students, faculty or staff.

*Endowment and Similar Funds* — Consist of endowment funds, term endowment funds and quasi-endowment funds.

*Endowment Funds* — Account for resources which the donor has stipulated, as a condition of the gift instrument, that the principal amount would be maintained inviolate and in perpetuity for investment. Investment earnings may be added to the principal or expended for restricted or unrestricted purposes, based on the donor's stipulation.

*Term Endowment Funds* — Account for resources, all or a part of the principal of which may be expended upon the passage of time or the occurrence of a particular event.

*Quasi-Endowment Funds* — Account for resources that the governing board of an institution, rather than an outside source, has determined will be retained and invested. Since this is an internal designation, the Board of Governors has the right to expend the principal of these funds at any time.

*Plant Funds* — Account for (a) resources available to acquire or repair institutional properties and to service debt incurred to acquire such properties and (b) the cost of fixed assets and the source from which the cost is funded.

*Agency Funds* — Account for resources held by the institution acting in the capacity of an agent for distribution to designated beneficiaries.

**Measurement Focus and Basis of Accounting (GAAP):** The accounts of the general, special revenue, debt service, capital projects funds (Governmental Fund Types) and expendable trust funds are reported using the current financial resources measurement focus and modified accrual basis of accounting. Assets and liabilities of agency funds are reported using the modified accrual basis of accounting. Under this measurement focus only current assets and current liabilities are normally included on the balance sheet. Operating statements of these funds present increases (i.e., revenues and other financing sources) and decreases (i.e., expenditures and other financing uses) in net current assets. Fund balance represents a measure of "available spendable resources." Under the modified accrual basis of accounting, revenues of governmental and expendable trust funds are recognized in the year that they become both measurable and available (within 60 days of fiscal year-end) to pay current fiscal year liabilities. The Commonwealth accrues the following major revenue sources that are both measurable and available:

Sales and use taxes, cigarette taxes, corporation taxes, personal income taxes, liquid fuels taxes, liquor taxes, grant revenues, investment income, institutional revenues, lottery revenues and sales of goods and services.

Revenues from other sources are recognized when received. Expenditures are generally recognized in the fiscal year the goods or services are received and the related fund liability is incurred. Debt service expenditures for principal and interest on general long-term obligations are recognized when due unless resources have been provided for payment early in the subsequent fiscal year. Prepaid items and inventory purchases are reported as current fiscal year expenditures, rather than allocating cost to the fiscal year when the items are used. Expenditures for claims, judgments, compensated absences and employer pension contributions are reported as the amount accrued during the fiscal year that normally would be liquidated with expendable available financial resources.

## NOTES TO FINANCIAL STATEMENTS

---

### NOTE B—Summary of Significant Accounting Policies (continued)

The accounts of the enterprise, internal service (Proprietary Fund Types) and pension trust funds are reported using the flow of economic resources measurement focus and the accrual basis of accounting. Under this measurement focus all assets and liabilities associated with the operations of these funds are included on the balance sheet. Fund equity (i.e., net total assets) consists of contributed capital and retained earnings. Under the accrual basis of accounting, revenues are recognized in the fiscal year earned and expenses are recognized in the fiscal year incurred.

The accounts of the College and University Funds are reported using the “financial flow” (spending) measurement focus and the accrual basis of accounting with the exception that depreciation expense related to plant fund assets is not recorded. This treatment is in accordance with the National Association of College and University Business Officers’ (NACUBO) *College and University Business Administration (1982)* and the American Institute of Certified Public Accountants’ (AICPA) *Audits of Colleges and Universities (1975)* for institutions of higher education.

**Basis of Accounting (Budgetary).** The Commonwealth’s Constitution requires that the Governor submit a budget annually to be adopted by the General Assembly for the ensuing fiscal year. The General Assembly may add, change or delete any items in the budget proposed by the Governor, but the Governor retains veto power over the individual appropriations passed by the legislature. The Governor may also reduce individual appropriations, but may not increase them. A gubernatorial veto can be overridden only by a two-thirds majority of each House of the General Assembly.

The Commonwealth’s budgets are prepared essentially on a cash basis. Total appropriations enacted by the General Assembly may not exceed the ensuing fiscal year’s estimated revenues, as developed by the Governor, plus (less) the unappropriated fund balance (deficit) of the preceding fiscal year, except for constitutionally authorized debt service payments.

Budgetary control is exercised at the appropriation level (legislative spending authority level). Encumbrances and expenditures cannot exceed appropriated amounts. Appropriation transfers between departments and any supplemental appropriations require both executive and legislative branch approval. Unencumbered and unexpended appropriations lapse at fiscal year end and become available for appropriation in the subsequent year. On the budgetary basis of accounting, certain estimated tax revenue accruals are recorded at fiscal year end for the General Fund and the Motor License Fund, a Special Revenue Fund. Accruals include sales and use taxes and personal income taxes, both applicable to the General Fund, and liquid fuels taxes applicable to the Motor License Fund, which are estimated to be owed to the Commonwealth but not collected at fiscal year end. Also, estimated encumbrances are established for all funds at fiscal year end to pay certain direct expenditures for salaries, wages, travel, and utility costs payable against current year appropriation authority but expended in the subsequent year. Over-estimates of prior year encumbrances are lapsed in the subsequent year and under-estimates are charged to subsequent year appropriation authority. A separate document, “Status of Appropriations” for the fiscal year ended June 30, 1990 reports the level of legal control at the appropriation level for specific departmental programs and functions, and is available from the Commonwealth’s Office of the Budget.

Budgets are legally adopted each fiscal year for the following funds:

- General Fund
- Special Revenue Funds:
  - State Lottery
  - Motor License
  - Workmen’s Compensation Administration
  - State Public School Building Authority

The legally adopted budget for the General Fund includes \$136.8 million in supplemental appropriations approved during the fiscal year ended June 30, 1990.

# NOTES TO FINANCIAL STATEMENTS

## NOTE B—Summary of Significant Accounting Policies (continued)

Not all Special Revenue Funds are controlled by legally adopted budgets. Controls over spending in such Special Revenue Funds are maintained by use of spending limits (executive authorizations) established by the Governor.

The Commonwealth also makes appropriations to authorize expenditures for various capital projects. Appropriations for capital projects normally remain in effect until the completion of each project unless modified or rescinded.

Budget revenues in the accompanying Combined Statement of Revenues, Expenditures and Changes in Unreserved/Undesignated Fund Balances — Budget and Actual (Budgetary Basis) represent official estimates while expenditures represent amounts originally adopted and legally amended. Actual amounts are presented on the budgetary basis. Because the budgetary basis of accounting differs from GAAP, a reconciliation of the differences between budgetary basis and the GAAP basis of reporting is presented in Note M.

**Pooled Cash:** In accordance with the Pennsylvania Fiscal Code, cash balances of most Commonwealth funds are pooled by the Treasury Department. Cash balances are segregated by fund, but accounted for centrally for receipt and disbursement purposes. The law requires that collateral be pledged by banks and other financial institutions to guarantee the Commonwealth's cash on deposit.

**Investments:** Investments are maintained separately by fund. Temporary investments are stated at cost, which approximates market. Long-term investments are stated at cost for equity securities and at amortized cost for debt securities, except for various investments of the State Employees' Retirement System and the Deferred Compensation Fund, which are stated at market value.

**Grants:** Federal grants and assistance awards made on the basis of entitlement periods are recorded as intergovernmental revenues when entitlement occurs. Federal reimbursement type grants are recorded as revenues when the related expenditures or expenses are incurred.

**Inventories:** Inventories of goods, materials and supplies are maintained by the Proprietary and College and University Funds. These inventories are valued at the lower of cost or market (first-in, first-out) for Proprietary and weighted average for College and University Funds. In the governmental fund types, inventories are accounted for on the purchases method.

**Fixed Assets and Depreciation:** General fixed assets are reported at cost or estimated historical cost. Donated fixed assets are stated at fair market value at the time of donation. Public domain general fixed assets (including highways, bridges, highway land and rights-of-way) are not capitalized. No depreciation is provided on general fixed assets. Land and buildings used by the State System of Higher Education (SSHE), which were acquired or constructed before July 1, 1983, the inception date for the SSHE, are reported in the Commonwealth's General Fixed Assets Account Group. All general fixed assets acquired or constructed by the SSHE subsequent to June 30, 1983 without the use of university funds or incurrence of the SSHE debt are also reported in the Commonwealth's General Fixed Assets Account Group. This accounting treatment is used to conform to the enabling legislation for the SSHE, which includes the vesting of title for the SSHE property.

Fixed assets related to Proprietary and Pension Trust Funds are reported in those funds at cost or estimated historical cost. Depreciation is reported on a straight-line basis over the fixed assets' estimated useful lives. The following lives are used:

Buildings .....	10-50 years
Improvements other than buildings .....	5-50 years
Furniture, machinery and equipment .....	3-25 years

Fixed assets reported by the SSHE are stated at cost. Depreciation is not recorded on the SSHE fixed assets.

## NOTES TO FINANCIAL STATEMENTS

---

### NOTE B—Summary of Significant Accounting Policies (continued)

---

**Amounts Available in Commonwealth Funds:** The amount available for retirement of Other General Long-Term Obligations in the amount of \$5,250 thousand is reported in the Workmen's Compensation Security Trust Fund, an Expendable Trust Fund, as Fund Balance "Designated—Other" at June 30, 1990.

**Insurance Loss Liability:** The insurance loss liability represents an estimate of the ultimate net costs of unpaid claims relating to policyholders of the State Workmen's Insurance Fund, an Enterprise Fund. These loss reserves are discounted at a 6 percent rate.

**Self-Insurance:** The Commonwealth is uninsured for property losses and self-insured for employe disability and tort claims. Reporting of self-insurance liabilities is described in Note O.

**Compensated Absences:** Employes accumulate annual leave based on 2 percent to 10 percent of regular hours paid to a maximum of 45 days. Employes are paid for accumulated annual leave upon termination or retirement.

Employes accumulate sick leave based on 5 percent of regular hours paid to a maximum of 200 days. Retiring employes that meet service, age or disability requirements are paid for 30 percent of their accumulated unused sick leave.

Accumulated annual and sick leave liability payable in subsequent fiscal years from Governmental Funds and Expendable Trust Funds are reported in the General Long-Term Obligations Account Group. Proprietary, Pension Trust, and College and University Funds accrue annual and sick leave in the fiscal year earned.

**Pension Costs:** The Commonwealth's policy is to fund pension costs incurred and to amortize prior service costs over varying periods not exceeding 30 years.

**Encumbrances:** Encumbrance accounting, under which purchase orders, contracts and other commitments for expenditures are recorded as a reserve of the applicable appropriation, is employed as an extension of formal budgetary integration in the Commonwealth's accounting system. Encumbrances outstanding at fiscal year end are reported as reservations of fund balance for subsequent year expenditures.

**Reserves and Designations:** Reserves represent portions of fund balances that are legally segregated for a specific future use or are not appropriate for expenditure.

The amount reserved for advances in the General Fund is applicable to a demand loan to the State Stores Fund, an advance to the State Workmen's Insurance Fund, both Enterprise Funds, and an advance to the Motor License Fund, a Special Revenue Fund.

## NOTES TO FINANCIAL STATEMENTS

### NOTE B—Summary of Significant Accounting Policies (continued)

Reserved retained earnings for Enterprise Funds are provided principally for the retirement of debt relating to the Pennsylvania Turnpike Commission, insurance claims relating to the State Workmen's Insurance Fund, student loans relating to the Pennsylvania Higher Education Assistance Agency, and housing loans relating to the Pennsylvania Housing Finance Agency. At June 30, 1990 the Commonwealth has included the following reservations of retained earnings for the Enterprise Funds (expressed in thousands):

Pennsylvania Turnpike Commission .....	\$ 811,048
Pennsylvania Higher Education Assistance Agency .....	158,652
State Workmen's Insurance Fund .....	69,100
Pennsylvania Housing Finance Agency .....	24,555
Other funds .....	<u>2,355</u>
Total Enterprise Funds .....	<u>\$1,065,710</u>

Designations of unreserved fund balances reflect managerial plans for the future use of financial resources. At June 30, 1990 the Commonwealth has included the following amounts as "Designated—Other" for the Special Revenue Funds and Expendable Trust Funds (expressed in thousands):

Special Revenue Funds:	
Land reclamation .....	\$ 15,797
Energy conservation and development .....	10,085
Economic development .....	5,127
Solid waste grants .....	3,851
Other .....	<u>15</u>
Total Special Revenue Funds .....	<u>\$ 34,875</u>
Expendable Trust Funds:	
Workmen's Compensation Security Trust Claims .....	\$ 5,250
Other .....	<u>209</u>
Total Expendable Trust Funds .....	<u>\$ 5,459</u>

**Intergovernmental Revenues:** These amounts represent revenues received principally from the Federal Government.

## NOTES TO FINANCIAL STATEMENTS

---

### NOTE B—Summary of Significant Accounting Policies (continued)

---

**Interfund Transactions:** The Commonwealth has the following types of transactions among funds:

*Statutory Transfers (Operating Transfers)* — Legally required transfers that are reported when incurred as “Operating transfers in” by the recipient fund and as “Operating transfers out” by the disbursing fund.

*Transfers of Expenditures (Reimbursements)* — Reimbursement of expenditures made by one fund for another that are recorded as expenditures in the reimbursing fund and as a reduction of expenditures in the reimbursed fund.

*Residual Equity Transfers* — Nonroutine or nonrecurring transfers between funds that are reported as additions to or deductions from the fund equity balance.

*Interfund Payments (Quasi-external Transactions)* — Charges or collections for services rendered by one fund to another that are recorded as revenues of the recipient fund and expenditures or expenses of the disbursing fund.

The composition of the Commonwealth’s interfund receivables and payables at June 30, 1990 is presented in Note H.

**Totals—Memorandum Only:** The “Totals (Memorandum Only)” columns represent an aggregation of the combined financial statement amounts of the fund types and account groups and are presented only for analytical purposes. These amounts are not comparable to a consolidation and do not represent the total resources available to or used by the Commonwealth. Interfund eliminations have not been made in the aggregation of the totals.

## **NOTES TO FINANCIAL STATEMENTS**

---

### **NOTE C—FUND BALANCE/RETAINED EARNINGS DEFICITS**

---

The General Fund had a fund balance deficit of \$119.8 million at June 30, 1990 which resulted from the recognition of accrued expenditures in excess of accrued revenues. A component of the fund balance deficit is an unreserved/undesignated fund balance deficit of \$293.2 million. This deficit, excluding the Tax Stabilization Reserve Fund fund balance of \$128 million, is \$421.2 million. The funds in the Tax Stabilization Reserve Fund (which is included in the General Fund for financial reporting purposes) are available to counterbalance a downturn in the economy which results in significant unanticipated revenue shortfalls. The expenditure of such funds must be approved by the Governor and two-thirds of the members of both the Senate and the House of Representatives. No expenditures have been made from this fund since its inception in 1985.

The State Lottery Fund, a Special Revenue Fund, had a fund balance deficit of \$626 thousand at June 30, 1990.

The Pennsylvania Infrastructure Investment Authority Redemption Fund, a Debt Service Fund, had a fund balance deficit of \$59 at June 30, 1990, resulting from the recognition of a liability for accrued interest on bonds issued. Total Debt Service Funds reported reservations for long-term investments of \$60,273, designations for debt service of \$85,769 and a deficit unreserved/undesignated fund balance of \$59, for a total combined fund balance of \$145,983 at June 30, 1990 (amounts in thousands).

The Catastrophic Loss Benefits Continuation Fund, an Expendable Trust Fund, had a fund balance deficit of \$22.1 million at June 30, 1990.

The Pennsylvania Infrastructure Investment Authority (PENNVEST), an Enterprise Fund, had an unreserved retained earnings deficit of \$324 thousand at June 30, 1990, resulting from an unreserved retained earnings deficit at the beginning of the fiscal year of \$1.8 million.

The Capital Facilities Fund, an individual fund included in the Capital Projects fund type, reported a deficit unreserved/undesignated fund balance of \$283,365 at June 30, 1990. This deficit was primarily caused by a fund balance reservation for encumbrances of \$314,283. In total, the individual Capital Facilities Fund reported a fund balance of \$30,918 at June 30, 1990. Total Capital Projects Funds reported reservations for encumbrances and long-term investments of \$314,804 and \$89,169, respectively, designations for capital projects of \$159,824 and a deficit unreserved/undesignated fund balance of \$283,365, for a total combined fund balance of \$280,432 at June 30, 1990 (amounts in thousands).

# NOTES TO FINANCIAL STATEMENTS

## NOTE D—DEPOSITS AND INVESTMENTS

**Authority for Commonwealth deposits and investments:** The deposit and investment policies of the Commonwealth's Treasury Department are governed by sections 301.1 and 505 of the Pennsylvania Fiscal Code (Act of 1929, P.L. 343, No. 176, amended November 16, 1985). Commonwealth deposits must be held in insured depositories approved by the Board of Finance and Revenue and must be fully collateralized. Permissible investments include direct obligations of the U.S. Treasury and U.S. Government agencies with maturities not exceeding two years; commercial paper rated "Prime One" by Moody's Credit Service or the equivalent by Standard and Poor's or Fitch's Rating Service; certificates of deposit issued by Pennsylvania banks or savings and loan associations; repurchase agreements secured by U.S. Government obligations that are held by the Treasury Department at the Federal Reserve bank; banker's acceptances; and up to a maximum of 10 percent of the book value of a fund's assets in any investment (other than common stock) not otherwise specifically authorized. It is also permissible for the Treasury Department to participate in reverse repurchase agreements.

In some cases, deposit and investment policies of certain individual funds and component units are established by statutes other than the Fiscal Code; however, all deposits, investments and reverse repurchase agreements of Commonwealth component units are specifically authorized by law.

In accordance with applicable statutory authority, the State Employees' Retirement System and the Public School Employees' Retirement System, Pension Trust Funds, have invested in common and preferred stocks, corporate and foreign bonds and notes, mortgages and real estate during their fiscal years.

**Deposits:** The following summary presents the amount of Commonwealth deposits which are fully insured or collateralized with securities held by the Commonwealth or its agent in the Commonwealth's name (Category 1), those deposits which are collateralized with securities held by the pledging financial institution's trust department or agent in the Commonwealth's name (Category 2) and those deposits which are not collateralized or are collateralized by the pledging financial institution or the pledging institution's trust department or agent, but not in the Commonwealth's name (Category 3) at June 30, 1990 (expressed in thousands).

	Category 1	Category 2	Category 3	Total Bank Balance	Carrying Amount
Cash .....	\$ 213,586	\$ 63,828	\$36,548	\$ 313,962	\$ 103,707
Cash with fiscal agents .....	1,755,490	.....	47,557	1,803,047	1,803,047
Certificates of deposit and related items .....	221,664	72,306	28,655	322,625	322,625

The above-listed \$322,625 in certificates of deposit and related items is reported as investments at June 30, 1990.

**Investments:** The Commonwealth categorizes investments according to the level of credit risk assumed by the Commonwealth. Category 1 includes investments that are insured, registered or held by the Commonwealth or the Commonwealth's agent in the Commonwealth's name. Category 2 includes uninsured and unregistered investments held by the counterparty's trust department or agent in the Commonwealth's name. Category 3 includes uninsured and unregistered investments held by the counterparty, its trust department or its agent, but not in the Commonwealth's name. Certain investments have not been categorized because securities are not used as evidence of the investment. These uncategorized investments include ownership interests in mutual funds and in mortgage, real estate and venture capital pools. The following summary identifies the level of credit risk assumed by the Commonwealth and the total carrying amount and market value of Commonwealth investments at June 30, 1990 (expressed in thousands).

# NOTES TO FINANCIAL STATEMENTS

## NOTE D—Deposits and Investments (continued)

Venture capital pool and related items in which the Public School Employees' Retirement System participates at June 30, 1990 .....	118,207	118,207
Investment agreement in which the Pennsylvania Higher Educational Facilities Authority participates at June 30, 1990 .....	16,160	16,167
Mutual Fund in which the Pennsylvania Housing Finance Agency participates at June 30, 1990 .....	23,344	23,344
Investment agreements in which the Pennsylvania Higher Education Assistance Agency participate at June 30, 1990 .....	329,962	329,962
Total Investments .....	<u>\$31,297,103</u>	<u>\$32,359,451</u>

In addition to the above listed carrying amount of \$31,297,103, there are \$322,625 of certificates of deposit which are reported as investments at June 30, 1990 but which have been treated as deposits for a determination of the level of credit risk associated with the certificates. The total investments reported on the balance sheet of \$31,619,728 is reported as follows (expressed in thousands):

Temporary investments .....	\$ 6,785,064
Long-term investments .....	<u>24,834,664</u>
Total investments .....	<u>\$31,619,728</u>

Included in the above-listed \$1,035,392 of "other" investments included in Credit Risk Category 3 are \$814,671 of investments owned by the State Employees' Retirement System, the Deferred Compensation Fund and the State Workmen's Insurance Fund, which report their investments at December 31, 1989 in the State Treasury pool.

The Pension Trust Funds own approximately 100 percent of the common and preferred stock, 90 percent of the corporate bonds and notes, 100 percent of mortgage loans and 100 percent of the real estate reported in the above summary. During the fiscal year ended June 30, 1990 the Treasury Department entered into reverse repurchase agreements, but none were outstanding at June 30, 1990. There were no violations of statutory authority or contractual provisions for investments during the year ended June 30, 1990.

## NOTES TO FINANCIAL STATEMENTS

### NOTE E—FIXED ASSETS

A summary of fixed assets by category at June 30, 1990 is as follows (expressed in thousands):

	Enterprise Funds	Internal Service Funds	Pension Trust Funds	General Fixed Assets Account Group	College and University Funds
Land .....	\$ 58,978	\$ 6	\$ . . . .	\$ 209,026	\$ 3,685
Buildings .....	54,909	2,595	. . . .	2,050,093	95,651
Improvements other than buildings .....	48,085	376	. . . .	152,017	13,519
Furniture, machinery and equipment .....	145,735	38,887	7,826	419,321	255,049
Turnpike infrastructure .....	1,123,339	. . . .	. . . .	. . . .	. . . .
Construction in progress .....	152,037	. . . .	. . . .	69,044	12,194
Total .....	<u>\$1,583,083</u>	<u>\$ 41,864</u>	<u>\$ 7,826</u>	<u>\$ 2,899,501</u>	<u>\$ 380,098</u>

Changes in general fixed assets for the fiscal year ended June 30, 1990 are as follows (expressed in thousands):

	Balance July 1, 1989	Additions	Retirements	Balance June 30, 1990
Land .....	\$ 205,711	\$ 3,441	\$ 126	\$ 209,026
Buildings .....	2,009,350	56,441	15,698	2,050,093
Improvements other than buildings .....	146,731	5,352	66	152,017
Furniture, machinery and equipment .....	430,790	40,339	51,808	419,321
	<u>2,792,582</u>	<u>105,573</u>	<u>67,698</u>	<u>2,830,457</u>
Construction in progress .....	40,281	82,478	53,715	69,044
Totals .....	<u>\$2,832,863</u>	<u>\$ 188,051</u>	<u>\$ 121,413</u>	<u>\$2,899,501</u>

Interest costs of \$1 million and \$3 million were capitalized for the Enterprise Funds and general fixed assets, respectively, for the fiscal year ended June 30, 1990.

The Commonwealth's initial valuation of general fixed assets was made as of June 30, 1986 using appraisal and historical cost reconstruction techniques. Subsequent to June 30, 1986 general fixed asset acquisitions are valued at cost. At June 30, 1990 the amount of general fixed assets related to the initial valuation amounts to \$2,106 million.

Construction in progress included in the General Fixed Assets Account Group at June 30, 1990 is composed of the following (expressed in thousands):

Project	Project Authorization	Expended Through June 30, 1990	Authorization Available
Capitol Complex Buildings .....	\$ 46,422	\$ 16,532	\$ 29,890
Department of Corrections Institutions .....	75,299	12,069	63,230
Colleges and Universities .....	31,727	9,892	21,835
Department of Public Welfare Institutions .....	27,416	8,616	18,800
Other .....	47,271	21,935	25,336
Total .....	<u>\$ 228,135</u>	<u>\$ 69,044</u>	<u>\$ 159,091</u>

### NOTE F—DUE FROM OTHER GOVERNMENTS

This receivable represents amounts due primarily from the Federal Government for various departmental programs.

## NOTES TO FINANCIAL STATEMENTS

### NOTE G — TAXES, LOANS AND LEASE RENTAL RECEIVABLES

**Taxes Receivable:** Taxes receivable at June 30, 1990 consisted of the following (expressed in thousands):

Loans receivable, net .....	\$ 106,524	\$ 3,156,678	\$ 20,341	\$ 3,283,543

**Lease Rentals Receivable:** The Pennsylvania Higher Educational Facilities Authority and State Public School Building Authority finance construction projects for educational institutions through the issuance of bonds and other obligations, the principal and interest of which are paid through the collection of lease rental payments related to the projects. Also, the Capital Facilities Fund, a Capital Projects Fund, finances construction projects for educational institutions through the issuance of General Obligation Bonds, the principal and interest of which are paid through the collection of lease rental payments and deposited in their related debt service funds. The General State Authority, which no longer exists, formerly financed similar transactions. At the conclusion of the lease terms, the project facilities are conveyed to the educational institutions. Accordingly, these lease arrangements are classified as direct financing leases. Lease rental receivables and associated deferred revenue equal to the principal lease payments to be received are recorded in the Special Revenue and Debt Service Funds relating to these arrangements. The total minimum lease payments to be received was \$2,761 million and the present value of the lease payments was \$1,381 million at June 30, 1990, the difference representing interest of \$1,380 million. Minimum lease payments for the five fiscal years succeeding June 30, 1990 are as follows (expressed in millions):

Fiscal Year Ending June 30	Amount
1991 .....	\$151
1992 .....	147
1993 .....	145
1994 .....	146
1995 .....	136

## NOTES TO FINANCIAL STATEMENTS

### NOTE H—INTERFUND ACCOUNTS/OPERATING TRANSFERS/RESIDUAL EQUITY TRANSFERS

## NOTES TO FINANCIAL STATEMENTS

---

**NOTE H—Interfund Accounts/Operating Transfers/Residual Equity Transfers (continued)** \_\_\_\_\_

The amount of total operating transfers in of \$2,455,117 does not agree with total operating transfers out of \$2,466,750 for the fiscal year ended June 30, 1990 due to different fiscal year ends for certain funds included in the financial reporting entity. The amounts shown as operating transfers for the State Employees' Retirement System, a Pension Trust Fund, and the State Workmen's Insurance Fund, an Enterprise Fund, are for their fiscal year end of December 31, 1989. The following presents a reconciliation of operating transfers reported in the financial statements to those transfer amounts which would have been reported if all funds used the same fiscal year end (expressed in thousands):

<b>Total operating transfers in - all funds</b> .....	\$2,455,117
State Employees' Retirement System decrease in operating transfers in from the period January 1, 1990 through June 30, 1990 .....	(9,291)
<b>TOTAL OPERATING TRANSFERS IN</b> .....	<u>\$2,445,826</u>
<b>Total operating transfers out - all funds</b> .....	\$2,466,750
State Workmen's Insurance Fund decrease in operating transfers out from the period January 1, 1990 to June 30, 1990 .....	(20,000)
State Employees' Retirement System decrease in operating transfers out from the period January 1, 1990 to June 30, 1990 .....	(924)
<b>TOTAL OPERATING TRANSFERS OUT</b> .....	<u>\$2,445,826</u>

The Enterprise Funds received \$88 million in residual equity transfers from governmental funds and \$25 million in general obligation bond proceeds that were reported as contributed capital for the fiscal year ended June 30, 1990. The State Workmen's Insurance Fund (SWIF), an Enterprise Fund, reported a residual equity transfer of \$25 million to the Sunny Day Fund, an Enterprise Fund, during SWIF's fiscal year ended December 31, 1989. The Sunny Day Fund reported the \$25 million residual equity transfer as an increase in contributed capital during the fiscal year ended June 30, 1989.

# NOTES TO FINANCIAL STATEMENTS

## NOTE I—PENSION SYSTEMS AND OBLIGATIONS

The Commonwealth has contributory defined benefit pension plans covering substantially all state employes, public school employes and employes of certain other state-related organizations. State employes and employes of state-related organizations are members of the State Employes' Retirement System (SERS). Public school employes are members of the Public School Employes' Retirement System (PSERS).

The SERS follows the accounting and reporting requirements of the Financial Accounting Standards Board's (FASB) Statement 35 and the PSERS follows the National Council on Governmental Accounting's Statement 1. Both the SERS and the PSERS currently follow the disclosure requirements of the Governmental Accounting Standards Board's (GASB) Statement 5, "Disclosure of Pension Information by Public Employee Retirement Systems and State and Local Governmental Employers". FASB Statement 35 provides authoritative guidance on accounting and financial reporting for defined benefit public employe retirement systems and GASB Statement 5 provides disclosure guidance. The following summaries present disclosure requirements for both the SERS and the PSERS for their fiscal years ended December 31, 1989 and June 30, 1990, respectively.

Since the SERS reports under the provisions of FASB Statement 35, a statement of changes in financial position is not presented for the SERS. Also, a statement of changes in net assets available for benefits has not been presented separately. Financial information which would have been presented in such statement is included in the Combined Statement of Revenues, Expenses and Changes in Fund Balances for Pension Trust Funds.

### STATE EMPLOYES' RETIREMENT SYSTEM

**Plan Description:** The SERS is the administrator of a cost-sharing multiple-employer retirement system established by the Commonwealth of Pennsylvania (Commonwealth) to provide pension benefits for employes of state government and certain independent agencies. At December 31, 1989 there were 112 participating state and independent agencies. For the year ended December 31, 1989 the SERS covered payroll was \$2,998 million. For the same period, the covered payroll for agencies included in the Commonwealth's financial reporting entity was \$2,633 million, or 94 percent of total payroll of \$2,812 million for the Commonwealth's financial reporting entity.

Membership in the SERS is mandatory for most state employes, members and employes of the legislature and certain elected persons in the executive branch. Certain other employes are not required but are given the option to participate. At December 31, 1989 the SERS membership consisted of:

Retirees and beneficiaries currently receiving benefits and terminated employes entitled to benefits but not yet receiving benefits . . . . .	76,166
Current employes:	
Vested . . . . .	67,485
Nonvested . . . . .	42,334
Total members . . . . .	<u>185,985</u>

The SERS provides retirement, death, and disability benefits. Retirement benefits vest after 10 years of credited service. Employes who retire at age 60 or, if under age 60 with 35 years of service, are entitled to an unreduced annual retirement benefit. Members of the legislature and certain law enforcement officers can retire with full benefits at age 50.

The general annual benefit is 2 percent of the member's high-three year average salary times years of service. Members of the legislature who were members of the SERS before March 1, 1974 are entitled to a benefit of 7.5 percent of average salary for each year of legislative service. Judges who were members of the SERS before March 1, 1974 are entitled to a benefit of 3 to 4 percent of average salary for each year of judicial service.

Covered employes are required by statute to contribute to the SERS at a rate of 5 percent of their gross pay except for employes hired on or after July 22, 1983 who contribute at a rate of 6.25 percent of their gross pay. Increased contributions are required of the previously noted legislators and judges (18.75 percent and 7.5 to 10 percent of gross pay, respectively) who are entitled to increased benefits. The contributions are recorded in an individually identified account which is also credited with interest, calculated quarterly to yield 4 percent per annum, as mandated by statute. Accumulated employe contributions and credited interest, which amounted to \$1,726 million as of December 31, 1989, vest immediately and are returned upon termination of service if the employe is not eligible for other benefits.

## NOTES TO FINANCIAL STATEMENTS

---

### NOTE I—Pension Systems and Obligations (continued)

Participating agency contributions are also mandated by statute and are based upon an actuarially determined percentage of gross pay that is necessary to provide the SERS with assets sufficient to meet the benefits to be paid to SERS members. According to the retirement code, all obligations of the SERS will be assumed by the Commonwealth should the SERS terminate.

At December 31, 1989 the SERS owned 23,679,726 units of the Wells Fargo Bank Equity Index Fund and 35,775,873 units of the Wells Fargo Asset Allocation Fund, with respective carrying amounts of \$1,630 million and \$700 million. The Equity Index Fund represents 17 percent and the Asset Allocation Fund represents 7.3 percent of SERS assets at December 31, 1989. The SERS owned no securities issued by the Commonwealth or related parties and made no loans to the Commonwealth or related parties during the year ended December 31, 1989.

**Funding Status and Progress:** The amount shown as “pension benefit obligation” is a standardized disclosure measure of the present value of pension benefits, adjusted for the effects of projected salary increases, estimated to be payable in the future as a result of employe service to date. The measure is the actuarial present value of credited projected benefits and is intended, on an ongoing basis, to facilitate the assessment of the SERS funding status and progress made in accumulating sufficient assets to pay benefits when due and to allow for appropriate comparison of this data among public employe retirement systems. The measure is independent of the actuarial funding method used to determine contributions to the SERS as discussed below.

The pension benefit obligation was determined as part of an actuarial valuation at December 31, 1989. Significant actuarial assumptions used include (a) a rate of return on the investment of present and future assets of 8.75 percent per year compounded annually, (b) projected salary increases of 4 percent per year compounded annually, attributable to inflation, (c) additional projected salary increases of 1.6 percent per year, attributable to merit/promotion, and (d) no postretirement benefit increases.

Net assets in excess of the pension benefit obligation at December 31, 1989 totalled \$1 billion as calculated below (expressed in thousands):

Pension benefit obligation:	
Retirees and beneficiaries currently receiving benefits and terminated members entitled to benefits but not yet receiving benefits .....	\$3,474,269
Current employes:	
Accumulated member contributions with interest .....	1,725,724
Employer-financed, vested .....	3,277,541
Employer-financed, nonvested .....	303,984
Total pension benefit obligation .....	<u>8,781,518</u>
Net assets available for benefits (at market value) .....	9,784,574
Net assets in excess of pension benefit obligation .....	<u><u>\$1,003,056</u></u>

**Contributions:** The SERS funding policy provides for periodic member contributions at statutory rates and employer contributions at actuarially determined rates (expressed as a percentage of annual gross pay) that are sufficient to accumulate assets to pay benefits when due. All required 1989 contributions were made.

# NOTES TO FINANCIAL STATEMENTS

## NOTE I—Pension Systems and Obligations (continued)

Employer contribution rates are determined using the entry age normal actuarial cost method, with amortization of the unfunded actuarial liability (\$1,585 million) and of the supplemental annuities arising from cost of living and other adjustments over varying periods ending June 30, 2004. These rates are computed on a Commonwealth fiscal year basis such that employer contribution rates in effect for the SERS for 1989 reflect a blended average of those in effect through June 30, 1989 and subsequent to that date, as calculated based upon actuarial valuations prepared as of December 31, 1987 and December 31, 1988, respectively. The actuarially determined contribution requirement for the year ended December 31, 1989 consisted of (amounts in thousands):

	% of Current Covered Payroll	Amount
Employer normal cost . . . . .	4.71	\$141,209
Amortization of unfunded actuarial liability . . . . .	6.45	193,376
Amortization of supplemental annuities . . . . .	1.91	57,263
Total contribution requirement . . . . .	<u>13.07</u>	<u>\$391,848</u>

Member contributions amounted to \$165 million, or 5.5 percent and employer contributions amounted to \$417 million, or 13.9 percent, of total actual covered payroll of \$2,998 million, for the year ended December 31, 1989. Total employer contributions of \$417 million exceeded the above actuarially determined contribution requirement of \$392 million due to employer contributions related to employee purchases of prior service cost and employer contributions related to the transfer of prior employee service from the Public School Employees' Retirement System to the SERS. Employer contributions amounted to \$399 million for the fiscal year ended June 30, 1990, of which \$358 million relates to agencies included in the Commonwealth's financial reporting entity. The Commonwealth employer contributions of \$358 million approximate 90 percent of total employer contributions of \$399 million.

Significant actuarial assumptions used to compute contribution requirements are the same as those used to compute the pension benefit obligation as described above, except for an assumed rate of return on investments of 5.5 percent per annum and certain revisions to salary increase assumptions.

### THREE-YEAR HISTORICAL TREND INFORMATION

	Year Ended December 31		
	<u>1987</u>	<u>1988</u>	<u>1989</u>
Net assets available for benefits as a percentage of the pension benefit obligation applicable to covered employees . . . . .	99.8%	100.7%	111.4%
Unfunded (assets in excess of) pension benefit obligation as a percentage of the SERS's annual covered payroll . . . . .	.6	(2.0)	(33.5)
Employer contributions to the pension plan as a percentage of annual covered payroll . . .	13.8	13.8	13.9

All required contributions were made, in accordance with actuarially determined requirements, for each of the three years ended December 31, 1987, 1988 and 1989.

Ten-year historical trend information is available in separate financial reports issued by the SERS. These separately issued reports include information about progress made in accumulating sufficient assets to pay benefits when due.

# NOTES TO FINANCIAL STATEMENTS

## NOTE I—Pension Systems and Obligations (continued)

The following information is presented in accordance with the reporting requirements of FASB Statement 35.

The calculation of actuarial liabilities under GASB Statement 5 (the pension benefit obligation presented above) differs principally by the consideration of future salary increases from the calculation required under FASB Statement 35 of the actuarial present value of accumulated plan benefits presented below.

The accumulated plan benefit information as of December 31, 1989 is as follows (expressed in thousands):

Actuarial present value of accumulated plan benefits:	
Vested benefits:	
Participants currently receiving payments .....	\$4,322,357
Other participants .....	<u>3,805,152</u>
	8,127,509
Nonvested benefits .....	<u>140,921</u>
Total .....	<u>\$8,268,430</u>

Changes in accumulated plan benefits as of December 31, 1989 are as follows (expressed in thousands):

Actuarial present value of accumulated plan benefits at December 31, 1988 .....	<u>\$7,449,948</u>
Changes during the year attributable to:	
Passage of time .....	402,482
Plan provision changes .....	20,000
Change in interest rate from 7.75% in 1988 to 7.25% in 1989 .....	<u>396,000</u>
Net increase .....	<u>818,482</u>
Actuarial present value of accumulated plan benefits at December 31, 1989 .....	<u>\$8,268,430</u>

The significant actuarial assumptions used in the valuations of the actuarial present value of accumulated plan benefits as of December 31, 1989 are as follows:

Mortality	
Superannuation (normal retirement) and early retirement .....	The 1971 Group Annuity Mortality Table
Disability .....	Modifications of the 1965 Railroad Retirement Board Mortality among Totally Disabled Annuitants
Assumed rate of return on investments ...	7.25%

## PUBLIC SCHOOL EMPLOYEES' RETIREMENT SYSTEM

**Plan Description:** The Commonwealth of Pennsylvania Public School Employees' Retirement System (System) was established July 18, 1917 under the provision of P.L. 1043, No. 343. The System is a cost-sharing multiple-employer plan and its designated purpose is to provide retirement allowances and other benefits, including disability and death benefits, to members. As defined by GASB Statement 5, the Commonwealth is a non-employer contributor to the System.

Membership in the System is mandatory for substantially all full-time public school employees in the Commonwealth. At June 30, 1990 there were 633 reporting units, generally school districts, and membership consisted of:

Retirees and beneficiaries currently receiving benefits and terminated employees entitled to benefits but not yet receiving benefits .....	126,000
Current employees:	
Vested .....	126,000
Nonvested .....	<u>74,000</u>
Total members .....	<u>326,000</u>

## NOTES TO FINANCIAL STATEMENTS

---

### NOTE I—Pension Systems and Obligations (continued)

During the fiscal year ended June 30, 1989, the most recent year for which actual amounts are available, the covered payroll for public school employes was \$5,056 million. Total payroll for public school employes was substantially the same.

Benefit provisions are established under Act 96 of 1975. After completion of ten years of service, a member's rights to the defined benefit is vested and early retirement benefits may be elected. Members are eligible for full monthly retirement benefits upon reaching (a) age 62; (b) age 60 and 30 or more years of service; or (c) 35 or more years of service. Act 91, enacted for a period of one year from July 1, 1986 to June 30, 1987 (and extended through September 30, 1991 by Act 69 and Act 112), permits school employes with at least 30 years of credited service to retire without a reduction in benefits. This law does not require a minimum age in conjunction with length of service to be eligible for full benefits. During the fiscal year ended June 30, 1990 there were no changes in benefit provisions.

**Funding Status and Progress:** The amount shown as "pension benefit obligation" is a standardized disclosure measure of the present value of pension benefits, adjusted for the effects of projected salary increases, estimated to be payable in the future as a result of employe service to date. The measure is the actuarial present value of credited projected benefits and is intended to help users assess the System's funding status on a going-concern basis, assess progress made in accumulating sufficient assets to pay benefits when due, and make comparisons among public employe retirement systems. The measure is independent of the actuarial funding method used to determine contributions to the System.

The pension benefit obligation was determined as part of an actuarial valuation at June 30, 1989, the most recent actuarial report. Significant actuarial assumptions used include (a) a rate of return on the investment of present and future assets of 5.50 percent per year compounded annually, (b) projected salary increases ranging from 6.99 percent per year at age 25 to 1.89 percent per year at age 69, and (c) no postretirement benefit increases. The actuarial valuation does not include separate projected salary increases related to either inflation or seniority/merit increases.

At June 30, 1989 the unfunded pension benefit obligation was \$5,602 million as follows (expressed in thousands):

Pension benefit obligation:	
Retirees and beneficiaries currently receiving benefits and terminated members entitled to benefits but not yet receiving benefits .....	\$ 6,826,150
Current members:	
Accumulated member contributions with interest . . . . .	3,039,030
System-financed vested .....	5,708,443
System-financed nonvested .....	4,027,801
Total pension benefit obligation .....	19,601,424
Net assets available for benefits, at cost (market value is \$16,897,787) .....	13,999,254
Unfunded pension benefit obligation .....	<u>\$ 5,602,170</u>

Ten-year historical trend information is available in separate financial reports issued by the System. These separately issued reports include information about progress made in accumulating sufficient assets to pay benefits when due.

## NOTES TO FINANCIAL STATEMENTS

---

### NOTE I—Pension Systems and Obligations (continued)

**Contributions:** The contribution policy is set by Act 96 and requires contributions by active members, employers and the Commonwealth. The rate of contribution for most active members is set by statute at 5.25 percent of the member's compensation. For members joining the system on or after July 22, 1983 the rate of contribution is 6.25 percent. The contributions required of employers and the Commonwealth are based upon an actuarial valuation, using the "entry age normal" method, computed as a percentage of the total compensation of all active members during the period for which the amount is determined. The combined amounts required from the employers and Commonwealth were 19.68 percent of active member payroll for the year ended June 30, 1989 and consisted of (amounts in thousands):

	<u>% of Current Covered Payroll</u>	<u>Amount</u>
Employer normal cost .....	8.44	\$ 465,936
Amortization of unfunded actuarial accrued liability ..	7.42	409,626
Amortization of supplemental annuities .....	3.82	210,885
Total contribution requirement .....	19.68	\$1,086,447

The employer and the Commonwealth equally share the cost of required contributions and all required contributions were made. For the fiscal year ended June 30, 1990 Commonwealth school districts contributed \$545 million and the Commonwealth contributed \$541 million to the System. The difference between these two amounts results from timing differences in cash payments to the System. The Commonwealth contribution approximates 9.9 percent of current covered payroll. Employee contributions of \$288 million approximate 5.7 percent of covered payroll of \$5,056 million for the year ended June 30, 1989, the most recent year for which actual amounts are available. At June 30, 1989 the unfunded actuarial liability is \$7,208 million and the average funding period to amortize this liability is 17.2 years.

For the actuarial valuation at June 30, 1989 there were no changes in the actuarial funding method or other significant factors in calculating employee contributions. The employer contribution requirement has been affected by (a) an extension of the current early retirement window program from June 30, 1989 to September 30, 1991 and (b) an additional monthly supplemental annuity (a cost of living adjustment) commencing in January 1989 for certain benefit recipients. There were no changes in actuarial assumptions which affected the pension benefit obligation or the unfunded actuarial liability at June 30, 1989.

During the fiscal year ended June 30, 1990 the System owned no securities issued by school districts, the Commonwealth or any related parties and made no loans to school districts, the Commonwealth or any related party.

**Postretirement Health Care Benefits:** In addition to providing pension benefits, the Commonwealth provides certain health care benefits for retired employees that meet specified length-of-service and age requirements. These benefits are provided through insurance companies whose premiums are based on the benefits paid during the fiscal year. The Commonwealth recognizes the cost of providing these benefits as paid, which totalled \$88.4 million for the fiscal year ended June 30, 1990.

## NOTES TO FINANCIAL STATEMENTS

### NOTE J—NOTES AND DEMAND REVENUE BONDS PAYABLE

The Pennsylvania Housing Finance Agency (PHFA), an Enterprise Fund, maintains a line of credit agreement with the Pennsylvania Treasury Department. Under the agreement, PHFA may borrow up to \$20 million. At the time funds are drawn, interest rates are fixed at 2 points below the current prime rate as listed by Morgan Guaranty Bank of New York. These funds may be used for any and all purposes for which PHFA is lawfully established. As of June 30, 1990 PHFA had notes payable of \$18 million bearing interest rates ranging from 8 to 9.5 percent for 1990.

The Pennsylvania Higher Education Assistance Agency (PHEAA), an Enterprise Fund, has \$435 million of demand revenue bonds outstanding and \$349.4 million of notes payable at June 30, 1990. Demand revenue bonds at June 30, 1990 consist of the following (expressed in thousands):

	Student Loan Adjustable Rate Tender Revenue Bonds 1988 Series D	Student Loan Adjustable Rate Tender Revenue Bonds 1988 Series B	Student Loan Adjustable Rate Tender Revenue Bonds 1988 Series A	Student Loan Adjustable Rate Tender Revenue Bonds 1986 Series A	Student Loan Revenue Bonds 1984 Series A
Amount issued .....	\$75,000	\$110,000	\$100,000	\$50,000	\$100,000
Date of issue .....	12/23/88	7/29/88	1/28/88	12/15/86	7/19/84
Interest rate .....	6.2%	5.875%	5.875%	6.875%	5.65%
Due date .....	1/1/19	7/1/18	1/1/18	10/1/16	12/1/00
Letter of credit:					
Principal amount ...	\$81,562	\$119,625	\$106,904	\$53,500	\$103,082
Expiration date .....	12/31/93	7/31/93	1/31/93	12/31/91	12/15/00

The 1988 bonds bear interest at an adjustable rate determined by PHEAA's remarketing agent based upon prevailing market conditions and is reset weekly. The 1986 bonds bear interest at an adjustable rate determined by PHEAA and its remarketing agent. The 1984 bonds bear interest at a fluctuating rate based on the remarketing rate of the J.J. Kenny Index and is also reset weekly. All bonds are subject to purchase, at par plus accrued interest, by PHEAA on the demand of the bondholders upon seven days prior irrevocable written notice. None of the letters of credit pertaining to PHEAA's demand revenue bonds have been used as of June 30, 1990.

Notes payable for PHEAA at June 30, 1990 consist of the following (expressed in thousands):

Dauphin County General Authority Revenue Bond. Interest is a weighted average rate of 6.8%. Interest is paid semi-annually on March 1 and September 1. Principal is due through 2009 .....	\$ 10,115
Amount due under revolving credit agreement dated March 15, 1990 through February 15, 1991. Interest rate at June 30, 1990 was 8.5625%. Principal not to exceed \$50 million. Secured by student loans .....	20,721
Note payable, interest at London Interbank offered rate plus .23% (8.5425% at June 30, 1990), security interest in student loans equal to the outstanding principal, due September 30, 1990 .....	193,585
Note Purchase agreement dated as of May 1, 1990 through May 1, 1992. Interest is the 13 week Treasury bill rate plus .20% (8.25% at June 30, 1990). Secured by investments and student loans .....	125,000
Total .....	<u>\$ 349,421</u>

## NOTES TO FINANCIAL STATEMENTS

### NOTE J—Notes and Demand Revenue Bonds Payable (continued)

During the fiscal year ended June 30, 1990 the Commonwealth issued \$550 million of tax anticipation notes and \$405 million in commercial paper which matured on June 30, 1990. The \$36.5 million of interest related to the notes and commercial paper is shown as a debt service expenditure in the General Fund.

The State System of Higher Education, College and University Funds, has \$3.1 million of notes payable as of June 30, 1990 that are collateralized by an equivalent amount of equipment. The notes bear interest at rates ranging from 5 percent to 7.5 percent and mature in varying amounts through 1997. The scheduled principal payments for the notes outstanding at June 30, 1990 follow (expressed in thousands):

1991 .....	\$ 395
1992 .....	400
1993 .....	325
1994 .....	361
Thereafter .....	<u>1,650</u>
Total .....	<u>\$3,131</u>

## NOTES TO FINANCIAL STATEMENTS

### NOTE K—Long-Term Obligations (continued)

The Pennsylvania Housing Finance Agency (PHFA), the Pennsylvania Higher Education Assistance Agency (PHEAA), the Pennsylvania Industrial Development Authority, and the Pennsylvania Turnpike Commission (PTC), Enterprise Funds, have pledged all of their revenues for the redemption of revenue bonds outstanding. Revenue bonds outstanding as reported in this note disclosure for the fiscal year ended June 30, 1990 (May 31, 1990 for the PTC) include bond discounts of \$110.8 million.

On September 26, 1985, PHEAA issued Student Loan Adjustable Rate Tender Revenue Bonds, 1985 Series A (1985 Bonds) in the amount of \$202 million. The 1985 Bonds bear interest at a rate of 6.375 percent through June 1, 1991. After that date, the bonds will bear interest at an adjustable rate as determined by PHEAA and its remarketing agent based upon prevailing market conditions, and are subject to purchase at par plus accrued interest, by PHEAA on the demand of the bondholders upon seven days prior irrevocable written notice. In connection with the 1985 Bonds, PHEAA has entered into a Standby Bond Purchase Agreement whereby a financial institution has agreed to purchase bonds tendered to the extent that they have not been resold as of June 1, 1991. On July 29, 1988 and December 30, 1988 PHEAA issued Student Loan Adjustable Rate Tender Revenue Bonds, 1988 Series C and E in the amounts of \$75 million and \$36 million, respectively. Interest on the 1988 Series C and E bonds is set by the remarketing agent weekly and was 7.812 percent for each issue at June 30, 1990. The Series C and E bonds are private placements in which the holder may terminate its agreement to hold the bonds as of August 1, 1998 and January 1, 1999, respectively. PHEAA may call a mandatory tender each year, on any date from August 1 to November 1 for Series C, and from January 1 to April 1 of each alternating calendar year for Series E. If the bonds are tendered before maturity date, they will be remarketed by the remarketing agent.

The Commonwealth has pledged its full faith and credit for the payment of principal and interest on general obligation bonds accounted for in the General Long-Term Obligations Account Group.

The Pennsylvania Higher Educational Facilities Authority and the State Public School Building Authority have bonds outstanding, reported as General Long-Term Obligations, as of June 30, 1990, which are payable from the lease rentals of the projects financed. The lease rentals are pledged as collateral for the bonds outstanding.

The Commonwealth of Pennsylvania by enactment of the General Assembly created the Pennsylvania Energy Development Authority (PEDA) to finance projects related to energy conservation and research. Fees are assessed to recover related processing and application costs incurred. The bonds issued by the Authority represent limited obligations payable solely from payments made by the borrowing entities. The majority of the bonds are secured by the property financed. Upon repayment of a bond, ownership of acquired property transfers from the trustee to the entity served by the bond issuance. The PEDA has \$166.7 million in revenue bonds outstanding at June 30, 1990. The Commonwealth has no obligation for this debt. Accordingly, neither the financed assets nor the bonds are included in the accompanying financial statements.

The Commonwealth uses fiscal agents to process payments for the servicing of the majority of its bond issues. Additional cash with fiscal agents is held by the Federal Government for unemployment compensation claims.

Included in "Other" for Other General Long-Term Obligations payable from tax revenues are the following (expressed in thousands):

Litigation — Note P	\$128,232
Public Utility Realty Tax Act (PURTA)	113,188
Workmen's Compensation Security Trust Claims	303,982
	<u>\$545,402</u>

The PURTA provides for a tax on utility realty property which is available for appropriation as a general revenue source. The Act also provides for payment of a tax distribution to local taxing authorities. The Workmen's Compensation Security Trust Fund provides for payment of valid claims under the Workmen's Compensation Law to individuals whose employments are insured by insolvent insurance carriers. Amounts included in the General Long-Term Obligations Account Group at June 30, 1990 relating to the PURTA, Workmen's Compensation Claims and Litigation are not payable with currently expendable available financial resources.

The constitutional debt limit, which allows for the incurrence of debt to be used for capital projects without electorate approval as specifically itemized in a capital budget, was \$23.1 billion as of August 31, 1990, with net debt outstanding of \$3.9 billion.

## NOTES TO FINANCIAL STATEMENTS

### NOTE K—Long-Term Obligations (continued)

The Commonwealth has entered into agreements to lease various facilities and equipment. Such agreements are in substance purchases (capital leases) and are reported as Other General Long-Term Obligations and Capital Lease Obligations for the College and University Funds.

The following is a schedule by fiscal year of future minimum lease payments under capital leases together with the present value of the net minimum lease payments as of June 30, 1990 (expressed in thousands):

	<b>General Long-Term Obligations</b>	<b>College and University Funds</b>
Fiscal year ending June 30:		
1991 .....	\$ 8,076	\$ 15,298
1992 .....	7,574	13,906
1993 .....	7,293	13,683
1994 .....	6,973	16,710
1995 .....	6,914	9,733
Later years .....	<u>133,286</u>	<u>112,359</u>
Total minimum lease payments .....	170,116	181,689
Less: amount representing estimated executory costs included in total minimum lease payments .....	<u>21,063</u>	.....
Net minimum lease payments .....	149,053	181,689
Less: amount representing interest .....	<u>83,603</u>	<u>77,609</u>
Present value of net minimum lease payments .....	65,450	104,080
Installment purchase obligations .....	<u>66,465</u>	.....
<b>TOTAL CAPITAL LEASE AND INSTALLMENT PURCHASE OBLIGATIONS</b>	<u><u>\$131,915</u></u>	<u><u>\$104,080</u></u>

At June 30, 1990 general fixed assets included \$96.8 million of buildings and \$16.5 million of equipment being procured by capital leases.

Capital lease obligations outstanding as of June 30, 1990 for the College and University Funds relate to various capital projects currently under construction for which a related public financing authority is the lessor. Revenue bonds were issued by the public financing authority to provide funding for these capital projects. College and University Funds fixed assets include \$12.2 million of construction in progress related to capital leases at June 30, 1990.

## **NOTES TO FINANCIAL STATEMENTS**

---

### **NOTE L—REFUNDED DEBT**

---

On September 28, 1989 the Pennsylvania Higher Educational Facilities Authority (PHEFA) issued \$3.7 million of The Philadelphia College of Pharmacy and Science Revenue Bonds, Series B of 1989 with an average interest rate of 6.55 percent to advance refund \$3.3 million of outstanding bonds designated as The Philadelphia College of Pharmacy and Science Bonds, Series B of 1985 (the 1985 bonds) with an average interest rate of 8.265%. The net proceeds (including \$18,795 of accrued interest) of \$3.7 million (after payment of \$56,250 of discount fees, deposit allocations of \$18,795 to the Debt Service Fund and \$29,948 to the Special Clearing Fund) plus an additional \$257,505 from funds available under the original indenture were deposited with an escrow agent to provide for all future debt service payments of the 1985 bonds. As a result, the 1985 bonds are considered to be defeased and the liability for those bonds has been removed from the General Long-Term Obligations Account Group. The PHEFA advance refunded the 1985 bonds to reduce its total debt service payment by \$340,506 resulting in an economic gain of \$177,536.

Through June 30, 1990 the Commonwealth has defeased certain general obligation and other bonds by placing the proceeds of refunding bonds in irrevocable trusts to provide for all future debt service payments of the old bonds. Accordingly, these assets and liabilities are not included in the Commonwealth's financial statements. At June 30, 1990 there are \$893 million of bonds outstanding that have been defeased through advance refundings. Included are \$307 million of general obligation bonds, \$296 million and \$290 million of other bonds for the State Public School Building Authority and PHEFA, Debt Service Funds, respectively.

# NOTES TO FINANCIAL STATEMENTS

## NOTE M—RECONCILIATION OF BUDGETARY AND GAAP BASIS AMOUNTS

The Commonwealth adopts formal annual budgets for the General and three Special Revenue Funds (Motor License, State Lottery and Workmen's Compensation Administration). In addition, the State Public School Building Authority approves a formal annual budget for its operations and is included as a Budgeted Special Revenue Fund.

The Combined Statement of Revenues, Expenditures, and Changes in Unreserved/Undesignated Fund Balances—Budget and Actual (Budgetary Basis)—presents comparisons of the legally adopted budget, as amended, with actual data on a budgetary basis, which differs from GAAP primarily by the omission of certain revenue and expenditure accruals.

The following presents a reconciliation of the budgetary basis to the GAAP basis of reporting (expressed in thousands):

	General Fund	Special Revenue Funds
<b>BUDGETED FUNDS:</b>		
Budgetary basis — revenues and other sources under expenditures . . . .	\$ (248,896)	\$ (117,002)
Adjustments:		
To adjust revenues, other financing sources and related receivables and deferred revenue . . . . .	(226,155)	1,147,447
To adjust expenditures, other financing uses and related accounts payable and accrued liabilities . . . . .	(948,075)	(1,386,549)
To adjust encumbrances . . . . .	704,949	212,821
Net adjustments . . . . .	(469,281)	(26,281)
<b>NONBUDGETED FUNDS:</b>		
GAAP basis — revenues and other sources over expenditures and other uses . . . . .	. . . . .	46,412
<b>TOTAL ALL FUNDS:</b>		
GAAP basis — revenues and other sources under expenditures and other uses . . . . .	\$ (718,177)	\$ (96,871)

Included in the net revenue adjustment of \$(226,155) for the General Fund is a \$15,072 increase in the Tax Stabilization Reserve Fund, which is included in the General Fund on the GAAP basis but is not included on the budgetary basis (amounts in thousands).

The unreserved/undesignated fund balance (budgetary basis) of \$136,183 in the General Fund at June 30, 1990, as shown on the combined statement of revenues, expenditures, and changes in unreserved/undesignated fund balances - budget and actual (budgetary basis) includes a \$135,317 nonrecurring lapse of the fiscal 1989-90 fourth quarter share of contributions due to the Public School Employees' Retirement Fund. Prior to the 1989-90 fiscal year, the fourth quarter payment had been encumbered at fiscal year-end. If this change had not occurred, the budgetary basis unreserved/undesignated fund balance in the General Fund at June 30, 1990 would have been lowered by an equal amount (amounts in thousands).

# NOTES TO FINANCIAL STATEMENTS

## NOTE N—SEGMENT INFORMATION—ENTERPRISE FUNDS

The Commonwealth has seven major Enterprise Funds which provide for a limited access highway system, industrial development loans, workmen's compensation insurance services, liquor sales, student loans and scholarships, low-cost housing and capital development loans.

Segment information for the fiscal year ended June 30, 1990, unless otherwise noted, was as follows (expressed in thousands):

	Pennsylvania Turnpike Commission (May 31, 1990)	Pennsylvania Industrial Development Authority	State Workmen's Insurance Fund (Dec. 31, 1989)	State Stores Fund (June 26, 1990)	Pennsylvania Higher Education Assistance Agency	Pennsylvania Housing Finance Agency	Pennsylvania Infrastructure Investment Authority	Other Enterprise Funds	Total Enterprise Funds
Operating revenues	\$ 222,934	\$ 30,422	\$ 249,741	\$ 625,338	\$ 191,172	\$ 199,101	\$ 11,692	\$ 32,114	\$ 1,562,514
Depreciation	55,619		709	3,176	4,027	241	16	5,900	69,688
Operating income (loss)	53,769	(6,641)	83,676	30,880	(159,585)	23,729	1,476	8,620	35,924

Bonds and other long-term liabilities payable from operating revenues	1,026,383	90,650	686,547		1,197,421	1,874,423			4,875,424
Total fund equity	857,773	473,504	324,266	8,033	204,081	287,928	228,008	247,848	2,631,441

## NOTES TO FINANCIAL STATEMENTS

### NOTE O—SELF-INSURANCE

Effective July 1, 1983 the Commonwealth became self-insured for future losses for all statutory worker's compensation and medical payments to its employees injured on the job. A loss reserve analysis is prepared annually by an independent consulting actuarial firm using standard actuarial techniques to estimate required reserve liability levels.

The Commonwealth is self-insured for tort liability claims. Major tort self-insurance areas include automobile, general tort, employe and transportation-related liability claims. Tort liabilities were determined as of June 30, 1990 based on reserves computed from the Commonwealth's claim experience.

At June 30, 1990 the following amounts are reported as General Fund and Motor License Fund, a Special Revenue Fund, accrued liabilities representing the estimate of payments to be made from currently expendable available financial resources for accidents occurring on or before June 30, 1990 (expressed in thousands):

#### *General Fund*

Employe disability .....	\$ 42,500
Automobile .....	1,223
General tort .....	3,129
Employe .....	1,820
Total .....	<u>\$ 48,672</u>

#### *Motor License Fund*

Transportation-related .....	<u>\$ 17,079</u>
------------------------------	------------------

The portion of Commonwealth self-insurance liabilities that will not be liquidated with currently expendable, available financial resources at June 30, 1990 is reported in the General Long-Term Obligations Account Group as follows (expressed in thousands):

Transportation-related .....	\$227,377
Employe disability .....	227,266
General tort .....	26,749
Employe .....	17,621
Automobile .....	5,978
Total .....	<u>\$504,991</u>

## NOTES TO FINANCIAL STATEMENTS

### NOTE P—COMMITMENTS AND CONTINGENCIES

**Construction and Other Commitments:** At June 30, 1990 the Department of Transportation and the Pennsylvania Turnpike Commission have contractual commitments of approximately \$1.2 billion for various highway construction and mass transit projects. Financing for these future expenditures will be primarily from approved federal grants and general obligation bond sales. In addition, the Commonwealth has certain contractual commitments for future purchases of various goods and services approximating \$931 million at June 30, 1990. These commitments are contingent upon availability of financial resources.

At June 30, 1990, the Pennsylvania Infrastructure Investment Authority and the Pennsylvania Industrial Development Authority, which are Enterprise Funds, had \$674 million and \$163 million, respectively, in approved loans that had not been disbursed.

**Operating Lease Commitments:** The Commonwealth has commitments to lease certain buildings and equipment. Future minimum rental commitments for noncancelable operating leases as of June 30, 1990 were as follows (expressed in thousands):

Fiscal year ending June 30:	
1991 .....	\$119,150
1992 .....	65,535
1993 .....	52,234
1994 .....	38,102
1995 .....	27,888
Later years .....	43,223
Total Minimum Lease Payments .....	<u>\$346,132</u>

Rental expenditures/expenses for all operating leases for the fiscal year ended June 30, 1990 amounted to \$153 million.

**Litigation:** The Commonwealth, its affiliates and employes are defendants in numerous legal proceedings pertaining to matters normally incidental to routine operations. Such litigation includes, but is not limited to, claims asserted against the Commonwealth arising from alleged torts, alleged breaches of contracts, condemnation proceedings and other alleged violations of Commonwealth and Federal laws. The Commonwealth has recorded accrued liabilities at June 30, 1990 with respect to torts as presented in Note O and as follows with respect to other matters of litigation for which the likelihood of an unfavorable outcome is probable (expressed in thousands):

General Fund .....	\$ 11,516
Other General Long-Term Obligations .....	128,232

Additionally, the Commonwealth has been involved over the past several years in certain legal proceedings relative to highway tax matters, bank tax matters and Public Utility Realty taxes, which continue into the present year. The Commonwealth is vigorously contesting these cases, but if unsuccessful, the Commonwealth could be required to make settlements and refund certain highway taxes of approximately \$580 million (Motor License Fund), bank taxes of \$730 million (General Fund) and Public Utility Realty taxes up to \$575 million (General Fund). Other cases that the Commonwealth is currently vigorously contesting could range from approximately \$272 to \$365 million, \$7 to \$40 million and \$17 to \$24 million of additional liabilities for the General Fund, Capital Projects Funds and Special Revenue Funds, respectively.

Based on the current status of all these legal proceedings for which accruals have not been made, it is the opinion of the Commonwealth's management and counsel that they will not have a material effect on the Commonwealth's financial position.

## NOTES TO FINANCIAL STATEMENTS

---

### NOTE P—Commitments and Contingencies (continued)

---

**Federal Grants:** The Commonwealth receives significant financial assistance from the Federal government in the form of grants and entitlements, including several non-cash programs (which are not included in the general purpose financial statements). Receipt of grants is generally conditioned upon compliance with terms and conditions of the grant agreements and applicable Federal regulations, including the expenditure of resources for eligible purposes. Substantially all grants are subject to either the Federal Single Audit Act or to financial and compliance audits by the grantor agencies of the Federal government or their designees. Disallowances and sanctions as a result of these audits may become liabilities of the Commonwealth. The Commonwealth is currently involved in administrative and legal proceedings, with certain Federal agencies, contesting various disallowances and sanctions related to Federal Assistance Programs ranging from \$34 to \$35 million. The Commonwealth's management believes ultimate disallowances and sanctions, if any, will not have a material effect on the general purpose financial statements.

At June 30, 1990 the Commonwealth had custody of \$336 million in Federal Food Stamps. These food stamps will be distributed to eligible recipients in accordance with Federal regulations.

**Student Loan Guarantees:** The Pennsylvania Higher Education Assistance Agency (PHEAA), an Enterprise Fund, guarantees loans made by private lenders to certain resident students. Total outstanding guarantees issued by PHEAA approximated \$4.9 billion at June 30, 1990. The U.S. Department of Education reinsures losses under these guarantees up to 100 percent until losses are in excess of 5 or 9 percent of the total loans in repayment status, then the reinsurance rate decreases to 90 and 80 percent, respectively.

**Other Contingency:** The State Lottery Fund, a Special Revenue Fund, has entered into agreements with insurance companies under which the Lottery purchases annuities under group contracts which provide payments corresponding to the State Lottery Fund's obligation to prize winners. The Commonwealth would be liable for such future payments if the insurance companies would default on their payment. In the event of default, the Commonwealth would have to fund future prize payments amounting to \$1.9 billion, discounted at an interest rate of 9.4 percent to a net present value of \$884 million at June 30, 1990.

## NOTES TO FINANCIAL STATEMENTS

---

### NOTE Q—MEDICAL PROFESSIONAL LIABILITY CATASTROPHE LOSS FUND

---

The Medical Professional Liability Catastrophe Loss Fund, an Agency Fund, acts primarily as an agent to facilitate the payment of claims covering excess liability of health care providers practicing in the Commonwealth. The Fund levies surcharges to health care providers to pay settled claims and administrative expenses paid on behalf of health care providers during the prior year. The actuarially computed liability to the health care providers for claims outstanding at June 30, 1990 totals \$1,393.1 million (\$817 million at present value based on the expected payment pattern and an assumed long-term interest rate of 8.5 percent). At June 30, 1990 \$117 million is payable with expendable available financial resources and is reported as a fund liability. The remaining claims will be funded exclusively through assessments to health care providers in future years as claims are settled and paid and, therefore, do not represent liabilities of the Commonwealth. The following is a summary of the increases and decreases of the Fund's assets for the year ended June 30, 1990 (expressed in thousands):

Fund assets, July 1, 1989 .....	\$145,532
Surcharges to health care providers .....	113,980
Investment earnings .....	11,256
Payments to claimants .....	(143,453)
Administrative costs .....	(7,313)
Fund assets, June 30, 1990 .....	<u>\$120,002</u>

### NOTE R—DEFERRED COMPENSATION

---

The Commonwealth offers its employees a deferred compensation plan created in accordance with Internal Revenue Code Section 457. The plan, which is administered by the State Employees' Retirement System, permits participants to defer a portion of their salary until future years. Amounts deferred under the plan are not available to employees until termination, retirement, death or unforeseeable emergency.

All amounts of compensation deferred under the plan, all property and rights purchased with the amounts, and all income attributable to these amounts are solely the property and rights of the Commonwealth, subject only to the claims of the Commonwealth's general creditors. Participants' rights under the plan are equal to those of general creditors of the Commonwealth in an amount equal to the fair market value of the deferred account of each participant. The Commonwealth has no liability for losses under the plan but does have the duty of due care that would be required of an ordinary prudent investor. The Commonwealth believes it is unlikely that plan assets will be used to satisfy future claims of general creditors.

Of the \$21.3 million in assets (at market value) reported in the Deferred Compensation Fund, an Agency Fund, at December 31, 1989, \$21.2 million relates to participants employed by organizations included in the Commonwealth's financial reporting entity. The remaining balance relates to participants employed by organizations not included in the Commonwealth's financial reporting entity.

## **NOTES TO FINANCIAL STATEMENTS**

---

### **NOTE S—SUBSEQUENT EVENTS**

---

On August 3, 1990, the Pennsylvania Housing Finance Agency (PHFA), an Enterprise Fund, authorized the issuance of \$80 million and \$30 million of Single Family Mortgage Revenue Bonds, Series 1990-28 and 1990-29, respectively. The proceeds of these bond issues will be used to finance single family mortgage loans.

During the months of August, November, and December 1990, the Commonwealth issued \$495 million of Tax Anticipation Notes, First Series of 1990-91, \$475 million of Tax Anticipation Notes, Second Series of 1990-91, and \$430 million of Tax Anticipation Notes, Third Series of 1990-91, respectively. The notes are payable from and secured by the pledges of revenues to be received in the General Fund during the fiscal year ending June 30, 1991. These obligations are due and payable not later than June 30, 1991.

During the months of September, October, and November 1990 the Commonwealth issued \$99 million of General Obligation Bond Anticipation Notes, Series 1990 A.

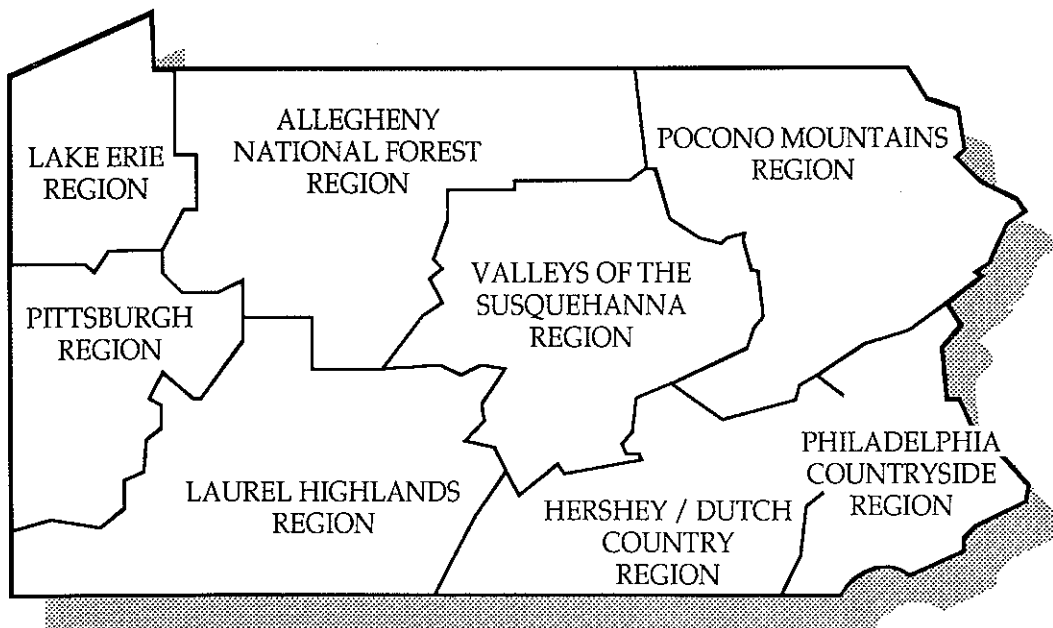

On October 25, 1990, the Pennsylvania Infrastructure Investment Authority (PENNVEST), an Enterprise Fund, issued \$60 million in revenue bonds. These bonds are secured by the assignment of loan principal and interest repayments PENNVEST will receive from its borrowers and by a letter of credit obtained by PENNVEST. These bonds mature on September 1, 2010.

On October 31, 1990, the Pennsylvania Industrial Development Authority (PIDA), an Enterprise Fund, entered into a transaction whereby title to property which previously secured a loan receivable was transferred to the PIDA. In turn, the PIDA executed a new agreement with a new party, whereby the subject property will be leased to the new party. This lease will be treated as a capital lease for accounting purposes. The PIDA has recorded an increase in the allowance for possible loan losses in the amount of \$24 million, which was charged to other operating expenses during the fiscal year ended June 30, 1990. This charge represents the difference between the net present value of the former loan and the net present value of the new capital lease agreement.

# Combining Financial Statements and Schedules

---

## EIGHT GREAT PENNSYLVANIAS

# Eight Great Pennsylvanias

## ALLEGHENY NATIONAL FOREST REGION

The centerpiece of this region is the Allegheny National Forest, a half-million acres of paradise for nature lovers. This region also boasts The Magic Forests, plus more acres of state game land than anywhere else in the Commonwealth.

## LAKE ERIE REGION

There are more than 32,000 acres of inland lakes and hundreds of miles of rivers here, anchored by this region's greatest lake, Lake Erie.

## PITTSBURGH REGION

Visitors to this region will be amazed at the proximity of city to country. Just a short drive takes you from the tall spires of one of America's most spectacular urban skylines to Amish farmland and historic small towns.

## LAUREL HIGHLANDS REGION

The Allegheny Mountains begin in the rolling hills and small peaks of this region, making it a prime area for outdoor activities. The valleys below the highlands are filled with mining and manufacturing towns like Johnstown, part of America's Industrial Heritage Project.

## HERSHEY/DUTCH COUNTRY REGION

The golden fields and rolling hills of this region are home to Amish and Mennonite farmers who have cultivated this land for generations. There's also national history here: the famous Gettysburg battlefield and America's first capital, York. You can also have plenty of present-day fun at the Reading shopping outlets and Hershey, the amusement park and resort known as "*Chocolatetown, U.S.A.*"

## POCONO MOUNTAINS REGION

Both the Endless and Pocono Mountains provide incredible scenic vistas for nature lovers and great challenges for skiers of every age. Hundreds of freshwater lakes mean spring and summer fun for boaters, swimmers and fishermen. The towns of Scranton and Wilkes-Barre are alive with reminders of our industrial age.

## PHILADELPHIA COUNTRYSIDE REGION

Here you'll find America's most historic square mile, including the Liberty Bell and Independence Hall, surrounded by one of our nation's most diverse cities. Outside the city are the lively artists' colonies of Bucks County, Bethlehem's Moravian settlements, Langhorne's Sesame Place amusement park and quaint towns along the Delaware River.

## VALLEYS OF THE SUSQUEHANNA REGION

Streams, creeks and rivers crisscross this region. You'll find traditional river towns here plus old mills and more covered bridges than anywhere else in the Commonwealth. This region is also the home of the famous Nittany Lions of Pennsylvania State University.

## ALLEGHENY NATIONAL FOREST REGION

**M**uch of the Allegheny National Forest Region was well protected from attempts to settle it due to rugged terrain and harsh weather. In some areas, the land remains as untouched as it was one hundred years ago. In the spring and early summer, the countryside blooms with wild rhododendron, dogwood and the state flower, mountain laurel.

The Allegheny National Forest Region is home to more big game than any other part of Pennsylvania. You'll find more than 14,000 acres of state game land in Clarion County alone. Also, there's still a county where deer outnumber people 15 to 1.

This region is an angler's paradise as well. Trout fishermen will want to drop a line along Pine Creek where the fishing and the scenery are spectacular. The Pennsylvania record muskie was caught at Kinzua Dam, also an excellent location for walleye and trout fishing.

The crown jewel of the region is the Allegheny National Forest. Unhindered and unhurried, you can explore a half-million breathtaking acres of dense woodlands and picturesque narrow valleys. You'll also find nearly 200 miles of trails for intermediate and advanced hikers. Throughout the Forest, cyclists can also pedal to their hearts' content.

Another highlight in this region is the Pennsylvania Grand Canyon, 300,000 acres of forest land that include a 1,000-foot drop at Pine Creek Gorge.

- Potter County is nicknamed "God's Country" for its mountains, streams, and half-million acres of forest.
- McKean County is the home of the Knox, Kane and Kinzua Railroad.
- Tioga County is the home of the "Pennsylvania Grand Canyon."
- Cameron County is the birthplace of Tom Mix, first cowboy of the silent screen.
- Elk County is home to one of only two elk herds found east of the Mississippi River.
- Jefferson County is home to world-famous Punxsutawney Phil, the groundhog who checks for his shadow on February 2.
- Forest County, with a census of just 4,900, is the least-populated county in Pennsylvania.
- Warren County is home to the Kinzua Dam and the Allegheny Reservoir.
- Clarion County is the headquarters of the bakers of world-famous Archway cookies.

## **SPECIAL REVENUE FUNDS DESCRIPTIONS**

Special revenue funds account for the proceeds of specific revenue sources that are legally restricted to expenditure for specified purposes.

**State Lottery Fund** — to account for the payment of prizes to winners in the state lottery, for property tax and rent assistance to the elderly, for mass transit fare subsidies, for the inflation dividend program for the elderly and for a partial rebate of drug and medical costs incurred by the elderly.

**Motor License Fund** — to account for highway and bridge improvement, design and maintenance, for the purchase of Rights-of-Way, for aviation activities, for transportation licensing and safety activities, for payment of subsidies for construction and maintenance of roads, and for financing Pennsylvania State Police highway patrol operations.

**Workmen's Compensation Administration Fund** — to account for the administration of the Pennsylvania Workmen's Compensation Act and the Pennsylvania Occupational Disease Act. The Fund assesses insurance companies and self-insured businesses a periodic fee for costs incurred in administering these Acts.

**State Public School Building Authority** — to account for the administration of the State Public School Building Authority (SPSBA). The SPSBA acts as a financing authority for the construction and improvement of public school facilities. Excess funds, after payment of debt service and administrative costs, are returned to the public schools.

**Pharmaceutical Assistance Fund** — to account for a limited pharmaceutical assistance program for the Commonwealth's senior citizens who are 65 years of age or older.

**Water Facilities Loan Fund** — to account for the implementation of the water project loan referendum that authorizes the Commonwealth to approve loans to local water companies for the repair, construction, extension and improvement of water supply systems, dams and port facilities and water control systems. Repayments of principal and interest from loans are transferred to the General Fund.

**Pennsylvania Economic Revitalization Fund** — to account for the promotion of economic redevelopment throughout Pennsylvania, for grants and loans for industrial and small business development, for acquisition of equipment for vocational programs in secondary schools, and for agricultural and recreational programs.

**Hazardous Sites Cleanup Fund** — to account for cleaning up abandoned hazardous waste sites throughout the Commonwealth and restoring the land to productive use.

**Fish and Game Fund** — to account for the administration and enforcement of fish and game laws and for the protection and propagation of game and aquatic life.

**Pennsylvania Higher Educational Facilities Authority** — to account for the administration of the Pennsylvania Higher Educational Facilities Authority (PHEFA). The PHEFA acts as a financing authority for the construction and improvement of higher educational institutions. Excess funds, after payment of debt service and administrative costs, are returned to the higher educational institutions.

**Other** — to account for programs related to conservation and protection of natural resources, the preservation of historical landmarks, administrative and regulatory activities of various departmental programs, and other miscellaneous Commonwealth activities.

## LAKE ERIE REGION

**I**n the far corner of the region, the City of Erie's skyline is reflected in the greatest lake of them all, Lake Erie. On this magnificent and historic shore you'll see the U.S. Brig *Niagara*, Commodore Perry's relief flagship during the famous Battle of Lake Erie in the War of 1812.

From the City of Erie, you can travel north to Presque Isle State Park, a wildlife refuge that's a haven for deer, squirrels, raccoons and rabbits. You may choose to traverse this route by bicycle on the Seaway Trail.

The fertile soil in the Lake Erie Region makes it an important center for farming. In spring and summer, the peach, cherry and apple orchards are in full flower, growing alongside the largest stretch of concord grapes east of the Mississippi River. The Iowa to Maine Trail, one portion of a national Bikecentennial Trail, also winds through this area.

This part of the state also played an important role in America's Industrial Revolution. It was here, in 1859, that Edwin Drake drilled America's first oil well along Oil Creek and discovered oil 69 feet down.

- Crawford County is where the first stern-wheel steamboat was built in 1839.
- Erie County is the home port of the U.S. Brig *Niagara*.
- Mercer County is the home of Wendell August Forge, the oldest operating forge in the world.
- Venango County is the home of America's first oil well and the Drake Oil Well Museum.

## **DEBT SERVICE FUNDS DESCRIPTIONS**

Debt service funds account for the accumulation of resources, principally from transfers from other funds, for the payment of general long-term debt principal and interest.

**Disaster Relief Redemption Fund** — to account for the payment of principal and interest on bonds issued for the rehabilitation of areas of the Commonwealth affected by the floods of 1971, 1972, and 1977. Funding consists of transfers from the General Fund.

**Water Facilities Loan Redemption Fund** — to account for the payment of principal and interest on bonds issued for loans to local water companies for the repair, construction, extension and improvement of water supply systems, dams and port facilities and water control systems. Funding consists of transfers from the General Fund and the Water Facilities Loan Fund.

**Capital Debt Fund** — to account for the payment of principal and interest related to general obligation bonds issued for capital projects authorized by Capital Budget Acts. Funding consists of transfers from the General Fund and the Motor License Fund.

**Pennsylvania Higher Educational Facilities Authority** — to account for the payment of principal and interest on bonds issued by the Pennsylvania Higher Educational Facilities Authority (PHEFA). The PHEFA acts as the financing authority for the construction and improvement of higher educational institutions. Funding consists of rental payments collected for the use of the facilities.

**State Public School Building Authority** — to account for the payment of principal and interest on bonds issued by the State Public School Building Authority (SPSBA). The SPSBA acts as a financing authority for the construction and improvement of public school facilities. Funding consists of rental payments collected for the use of the facilities and transfers from the SPSBA Special Revenue Fund.

**Land and Water Development Sinking Fund** — to account for the payment of principal and interest on bonds issued for the acquisition, development and improvements to Commonwealth land and water facilities. Funding consists of transfers from the General Fund.

**Other** — to account for the payment of principal and interest on bonds issued for loans to local water companies for improvements to water supply systems, to nursing homes and volunteer fire companies, for the promotion of economic redevelopment and for compensation to Vietnam Veterans. Funding consists primarily of transfers from the General Fund.

## PITTSBURGH REGION

Although the other end of the state is synonymous with revolution, a metamorphosis of a different kind is underway in Pittsburgh. The glittering steel and glass of one of America's most extraordinary modern skylines now stand in sharp contrast to the old mills and mines along the river banks bounding the city. Also on these river banks you'll find Point State Park and historic Fort Pitt, site of a pivotal battle during the French and Indian War.

But the magic of the Pittsburgh Region is the proximity of city to country. A short drive takes you away from tall spires and cement to historic sites like Old Economy and Old Bedford villages, where craftsmen and townspeople showcase the way western Pennsylvanians lived in the 19th century. Also, Lawrence County is home to several Amish communities where life has remained almost unchanged for one hundred years.

- Washington County's George Black made the first stogie cigar in 1826 and named it for the Conestoga wagons.
- Pittsburgh, Allegheny County, has more cultural institutions per capita than any other city in the country.
- Armstrong County is where the first mushroom mine was established in 1937.
- Butler County, at one time, supplied 75% of the world's oil.
- Beaver County had the first military training camp in the United States.

## **CAPITAL PROJECTS FUNDS DESCRIPTIONS**

Capital projects funds account for financial resources to be used for the acquisition or construction of major capital facilities, including those provided to political subdivisions or other public organizations.

**Capital Facilities Fund** — to account for the proceeds of general obligation bonds issued to meet the financing costs of capital projects specifically itemized and authorized by Capital Budget Acts.

**Pennsylvania Higher Educational Facilities Authority** — to account for proceeds of bonds issued to finance the construction and improvement of higher educational institutions.

**State Public School Building Authority** — to account for the proceeds of bonds issued to finance the construction and improvement of public school facilities.

**Land and Water Development Fund** — to account for the proceeds of bonds issued to meet the financing costs for the acquisition, development and improvement to Commonwealth land and water facilities.

## LAUREL HIGHLANDS REGION

One of the country's most majestic mountain ranges, the Alleghenies, begins in the gently rolling hills and small peaks of the Laurel Highlands, making the Laurel Highlands Region a prime area for outdoor activities. Lake Raystown is a favorite of boaters, hikers, bikers and nature lovers. Indiana County, the Christmas tree capital of the world, boasts acres of scenic woodlands.

The narrow winding valleys below the highlands are filled with small mining and manufacturing towns, many dating back to the Industrial Revolution. Coal, iron and steel were mined and manufactured here. These essential products were then shipped across the country on a remarkable network of rail lines, including the Horseshoe Curve, which allowed trains to cross the Allegheny Mountains after 1854. Cities like Johnstown, with its Flood Museum and Inclined Plane, exemplify this proud manufacturing tradition, now being documented in America's Industrial Heritage Project.

Industrial innovation is also an important part of Frank Lloyd Wright's Fallingwater. This remarkable house integrates cantilevered construction with a rushing mountain waterfall, making it one of the most architecturally significant buildings in America.

You'll find history of another kind in battlefields and forts like Bushy Run and Fort Necessity, reminders of the French and Indian War and territorial conquests that pushed America's frontier westward.

- Indiana County is the Christmas tree capital of the world.
- World-renowned Cannondale racing bicycles are manufactured in Bedford County.
- The *Slinky* was invented in Blair County.
- McDonald's famous *Big Mac* originated in Fayette County.
- The world's steepest incline is in Cambria County.
- Fulton County is home to Burnt Cabins Grist Mill, an operating water-powered flour mill over 200 years old.
- The first banana split was served in 1904 in Latrobe, Westmoreland County.
- The highest elevation in Pennsylvania is in Somerset County.

## **ENTERPRISE FUNDS DESCRIPTIONS**

Enterprise Funds account for operations that are financed and operated in a manner similar to private business enterprises. Costs of providing goods and services to the general public on a continuing basis, including depreciation, are financed or recovered primarily through user charges.

**Pennsylvania Turnpike Commission (PTC)** — to account for the construction, operation and maintenance of the Pennsylvania Turnpike System. The PTC was created as an instrumentality of the Commonwealth with powers to issue revenue bonds payable from tolls and other revenues collected.

**Pennsylvania Industrial Development Authority** — to account for loans to local industrial development agencies to stimulate economic activity in areas of high unemployment. Earnings of the Authority and repayments of loans receivable are reinvested in additional loans.

**State Workmen's Insurance Fund** — to account for and provide workmen's compensation insurance to private employers in the Commonwealth, including those unable to obtain coverage from private insurance firms.

**State Stores Fund** — to account for the general operation of the Pennsylvania Liquor Control Board. Expenses include all costs associated with the operation and administration of the Liquor Store System and enforcement of the Liquor Control Law.

**Pennsylvania Higher Education Assistance Agency** — to account for a variety of programs, such as scholarships and student loans, designed to provide financial assistance to students and institutions of higher education. Earnings of the Agency and repayments of loans receivable are retained for additional loans and programmatic purposes.

**Pennsylvania Housing Finance Agency** — to account for financing the construction and rehabilitation of housing units for sale or rent to low and moderate income persons and families or the elderly, and to make or purchase loans to finance the purchase, construction, improvement or rehabilitation of owner-occupied single-family residences. Earnings of the Agency and repayments of notes and loans receivable are reinvested for financing of additional projects.

**Pennsylvania Infrastructure Investment Authority (PENNVEST)** — to account for loans and other financing activities for the construction, improvement, repair or rehabilitation of drinking water supply and sewage disposal systems throughout the Commonwealth. PENNVEST was created as an instrumentality of the Commonwealth, funded by contributed capital from other funds and general obligation bonds authorized by referendum. Earnings of the authority and repayments of loans are reinvested for additional financing activities.

**Other** — to account for enterprise operations including activities associated with low interest loans to manufacturers, minority business loans, vocational rehabilitation services, and loans to volunteer fire, ambulance and rescue companies, and loans and grants issued to attract industrial, manufacturing or research and development enterprises to the Commonwealth of Pennsylvania.

## HERSHEY/DUTCH COUNTRY REGION

Some say the tranquil beauty in Hershey/Dutch Country Region mirrors the souls of the Amish and Mennonite farmers who settled here. This is farm country, an area of rich soil, golden fields and rolling hills that reflect a peaceful spirit. On many farms, horses still pull century-old machinery up and down neat rows of crops.

The homespun history of these Pennsylvania farmers stands in contrast with historical events that shaped an entire nation. This history is documented at Gettysburg, site of America's greatest battlefield, and Carlisle, where many other Civil War battles were fought. There's also history to be found in York, the country's first capital, and Harrisburg, Pennsylvania's state capital.

A visitor to Hershey/Dutch Country Region can also escape the past and find fun in the present. Visitors can spend a day scouring the famous Reading outlets for bargains or satisfying their "sweet tooth" by exploring Hershey, a world-class amusement park and resort known as "*Chocolatetown U.S.A.*"

- America's most historic battlefield, Gettysburg National Military Park, is in Adams County.
- Lebanon bologna takes its name from Lebanon County, where bologna is still manufactured using the techniques of the first German settlers.
- Dauphin County is the home of world-famous Hershey chocolate.
- Harley-Davidson motorcycles roar off the assembly line in York County.
- Lancaster County is the home of America's first Amish settlement.
- The first sound movie (*Al Jolson Story*) premiered in Reading, Berks County.

## **INTERNAL SERVICE FUNDS DESCRIPTIONS**

Internal Service Funds account for the financing of goods or services provided by one department or agency to other departments or agencies of the Commonwealth, or to other governmental units, on a cost-reimbursement basis.

**Purchasing Fund** — to account for the purchase of materials, supplies, motor vehicles and other equipment by the Department of General Services for the sale or lease to other Commonwealth departments, boards and commissions.

**Manufacturing Fund** — to account for the manufacture and sale of goods by inmates in the institutions of the Department of Corrections.

## POCONO MOUNTAINS REGION

**T**he Pocono Mountains Region of the Commonwealth is a year-round playground. The soaring peaks of both the Endless and Pocono Mountains provide incredible scenic vistas and plateaus and interesting challenges for hikers.

The Appalachian Trail, America's first scenic trail, enters Pennsylvania here, at the Delaware Water Gap. The Loyalsock Trail is a demanding wilderness passage that follows mountain peaks with average elevations of 1,700 to 1,900 feet.

Far below these heights, centuries of melting snow and running water have created countless freshwater pools that are perfect for swimmers, boaters, and anglers. If you're a shad fisherman, you'll want to be up at dawn one spring morning, waiting along the Delaware River as the American shad begin their spawning upriver from the Delaware Bay.

The leisurely pursuits in the mountains run counter to the hard-working past that's evident west of the Poconos. The towns of Scranton and Wilkes-Barre are alive with reminders of our industrial age. Anthracite coal was first mined here, and the Lackawanna Coal Mine tour gives travelers a look at this fascinating process. All over this area, railroads sprang up to carry that precious commodity west. Today, railroad history is showcased at Scranton's Steamtown National Historic Site.

The memories of America in another time are also rekindled in charming Victorian-era towns like Jim Thorpe that dot the Pocono Mountains Region.

- The oldest brewery in the country makes Yuengling beer in Schuylkill County.
- The first steam locomotive in the United States, the Stourbridge Lion, ran in Wayne County in 1829.
- You'll find the largest concrete railroad bridge in the world in Wyoming County.
- Steamtown, the newest national park site, is located in Lackawanna County.
- Anthracite coal was first used as heating fuel in Luzerne County.

## **TRUST AND AGENCY FUNDS DESCRIPTIONS**

Trust and Agency Funds account for assets held by the Commonwealth in a trustee capacity or as an agent for individuals, private organizations, other governmental units and/or other funds. These include Expendable Trust Funds, Pension Trust Funds and Agency Funds.

### **EXPENDABLE TRUST FUNDS**

**Unemployment Compensation Fund** — to account for the receipt of employer and employe contributions under the unemployment compensation law, for the payment of unemployment compensation benefits to eligible individuals, to transfer and receive monies from the Federal Unemployment Trust Fund and to pay the interest due on the Federal Unemployment Compensation Title XII Advances.

**Workmen's Compensation Security Trust Fund** — to account for the payment of claims for compensation provided by the Workmen's Compensation Law to individuals who are insured by an insolvent stock insurance company and for the administrative costs to administer the program.

**Catastrophic Loss Benefits Continuation Fund** — to account for the payment of medical and rehabilitative expenditures in excess of \$100,000 to residents of Pennsylvania injured in a motor vehicle accident covered by the original Catastrophic Loss Trust Fund which is no longer in existence.

**Other** — to account for financial assistance to public schools or State Universities for repairs or alterations to buildings needed to satisfy the standards of the Department of Labor and Industry and for reimbursement to aggrieved individuals upon judgments against any person licensed by the Real Estate Commission.

### **PENSION TRUST FUNDS**

**State Employes' Retirement System** — to account for the payment of retirement, disability and death benefits to members of the State Employes' Retirement System and their beneficiaries.

**Public School Employes' Retirement System** — to account for the payment of retirement, disability and death benefits to members of the Public School Employes' Retirement System and their beneficiaries.

## **TRUST AND AGENCY FUNDS—DESCRIPTIONS**

---

### **AGENCY FUNDS**

**Social Security Contribution Fund** — to hold the employers' and employees' social security deductions of Commonwealth and local government or other instrumentality employees and to remit such collections to the Federal Government.

**Statutory Liquidator Fund** — to convert the assets of insolvent insurance companies into cash for distribution to creditors, policyholders and stockholders.

**Deferred Compensation Fund** — to collect and administer funds contributed by Commonwealth employees who are deferring a portion of their income until future years, in accordance with Internal Revenue Code Section 457.

**Fire Insurance Tax Fund** — to collect a two-percent tax paid on premiums received from foreign (out-of-state) fire insurance companies conducting business in the Commonwealth and to distribute monies to local governments based on the amount of foreign fire insurance sold in their municipality. The municipalities must pay these monies to the relief, pension or retirement fund of their recognized fire fighting organization.

**Municipal Pension Aid Fund** — to collect a portion of the revenues from the Foreign Casualty Insurance Premium Tax and the Foreign Fire Insurance Premium Tax for distribution to municipalities for their distribution to the various municipal, police and fire pension funds.

**Medical Professional Liability Catastrophe Loss Fund** — to collect annual surcharges levied on health care providers to make available professional liability insurance at a reasonable cost to health care providers.

**Other** — to collect and administer funds from various sources for distribution to other governments and for the personal needs of patients and inmates at State institutions.

# General Fixed Assets Account Group

---

## PHILADELPHIA COUNTRYSIDE REGION

**T**he Philadelphia Countryside Region is an intriguing mix of past and present.

There were more Revolutionary War battles fought within a 50-mile radius of Philadelphia than in all of the New England states combined. So throughout the countryside you'll find battle markers and encampments, including General Lafayette's Brandywine command post and Washington's Valley Forge headquarters. Today, when you visit Valley Forge, you can see the small cabins where Washington and his troops spent that famous bitterly cold winter of 1778, waiting to launch the spring attack on the British.

Pennsylvania's largest city, Philadelphia, is the birthplace of the ideas that Washington's Army fought to preserve. America's most historic square mile includes the Liberty Bell Pavilion, Independence Hall, the Second National Bank and the Betsy Ross House.

But there's more to the Philadelphia Countryside Region than the past. There's a lively present, filled with artists' colonies in Bucks County, the Lehigh Valley's ethnic settlements and the quaint river towns along the Delaware River in Chester County.

- The first Continental Congress met at Carpenters Hall in Philadelphia County in 1774.
- Lehigh County is the only location the Liberty Bell rested besides Philadelphia.
- Washington's troops wintered at Valley Forge in Montgomery County.
- Pennsylvania's first school and church were established in Delaware County.
- Chester County is the mushroom capital of the world.
- Bucks County is the home of the W. Atlee Burpee Company, the largest mail-order seeds, bulbs and garden supply company in the world.
- Northampton County is the headquarters of Binney and Smith Incorporated, makers of Crayola Crayons.

## GENERAL FIXED ASSETS ACCOUNT GROUP DESCRIPTION

The General Fixed Assets Account Group is maintained to account for fixed assets acquired or constructed for general government purposes. These include all fixed assets except those accounted for in Proprietary and Pension Trust Funds and College and University Funds.

### SCHEDULE OF CHANGES IN GENERAL FIXED ASSETS BY SOURCE

## VALLEYS OF THE SUSQUEHANNA REGION

**S**treams, creeks and rivers crisscross the Valleys of the Susquehanna Region, so named for the source of this area's beauty: the Susquehanna River. Called the "Currier and Ives" of rivers by many artists, it provides this area with more than breathtaking scenery.

Throughout this region, you'll find traditional river towns like Selinsgrove, Millersburg and Lewisburg, which showcase the unique commerce and history that depended on the water. You'll see old mills and grand Victorian houses. There's a network of covered bridges built to cross the Susquehanna and its many tributaries. Paddlewheelers like the *Hiawatha* still transport visitors in grand style.

Farther away from the Susquehanna's banks, you'll find fertile flatlands, farmed for more than a century by old order Amish and Mennonites.

- Union County is the home of Pennsylvania House fine furniture.
- *Cracker Jacks*, a favorite of snackers, was first made in 1894 in Clinton County.
- Northumberland County was the home of Joseph Priestley, the discoverer of oxygen.
- Little League Baseball was founded in Williamsport, Lycoming County.
- Joe Paterno's Nittany Lions play football at Penn State University in Centre County.
- The nation's only twin covered bridge is in Columbia County.
- The first practical typewriter was invented in Montour County by Christopher Sholes.
- Pennsylvania's only U.S. President, James Buchanan, was born in Juniata County.
- Pennsylvania's first paved state road was built in Snyder County.

## **COLLEGE AND UNIVERSITY FUNDS DESCRIPTION**

The College and University Funds, which comprise the State System of Higher Education, are used to account for the transactions relating to the Office of the Chancellor and the state-owned universities of the Commonwealth.

The state-owned universities of the Commonwealth are as follows:

Bloomsburg University  
California University  
Cheyney University  
Clarion University  
East Stroudsburg University  
Edinboro University  
Indiana University of Pennsylvania  
Kutztown University  
Lock Haven University  
Mansfield University  
Millersville University  
Shippensburg University  
Slippery Rock University  
West Chester University

# PENNSYLVANIA FACTS

## GENERAL

---

Pennsylvania was settled in 1643.  
Philadelphia was the capital during the Revolution.  
York was the first capital of the United States.

Pennsylvania means Penn's Woods and is named after our founder, William Penn.  
Nickname: Keystone State.  
Motto: "Virtue, Liberty and Independence."

## GEOGRAPHY

---

Capital: Harrisburg  
Counties: 67  
Municipalities: 2,566  
Land Area: 44,888 square miles (28,778,200 acres); 57% forest, 30% agriculture, 10% urban, 3% water  
Inland Waterways: 420 miles  
Shoreline: 89 miles  
Length: 180 miles (north to south)  
Width: 310 miles (east to west)  
Geographic Center: Centre County, 2½ miles southwest of Bellefonte  
Highest Altitude: Mt. Davis—3,213 feet  
Lowest Point: Delaware River  
Lakes: 256 natural, 2,324 manmade  
Mileage of Rivers and Streams: 45,000 miles

## PENNSYLVANIA "FIRSTS"

---

First hospital  
First library  
First newspaper  
First zoo  
First nation's capital  
First all-motion-picture theater  
First television broadcast  
First educational public television station  
First paper mill  
First high-speed multi-lane highway, the Pennsylvania Turnpike  
First druggist  
First locomotive for railroad use  
First american stock exchange  
First women's medical college  
First to require motorists to drive on the right  
First institution of art  
First professional football game  
First United States Mint

**COMPUTATION OF LEGAL DEBT MARGIN**

TABLE 4

*As of August 31, 1990*

**COMMONWEALTH OF PENNSYLVANIA**

Average annual tax revenues deposited in the previous five fiscal years .....	\$13,173,346,761
Constitutional factor .....	x1.75
<hr/>	
Constitutional debt limit for debt incurred without the approval of the electors .....	23,053,356,832
Less outstanding net debt (non electorate approved) .....	3,940,371,467
<hr/>	
Legal debt margin .....	<u>\$19,112,985,365</u>

The formula for the legal debt limit is contained in Article VIII, Section 7(a) of the Pennsylvania Constitution, which provides:

No debt shall be incurred by or on behalf of the Commonwealth except by law and in accordance with the provisions of this section.

- (1) Debt may be incurred without limit to suppress insurrection, rehabilitate areas affected by man-made or natural disaster, or to implement unissued authority approved by the electors prior to the adoption of this article.
- (2) The Governor, State Treasurer and Auditor General, acting jointly, may (i) issue tax anticipation notes having a maturity within the fiscal year of issue and payable exclusively from revenues received in the same fiscal year, and (ii) incur debt for the purpose of refunding other debt, if such refunding debt matures within the term of the original debt.
- (3) Debt may be incurred without limit for purposes specifically itemized in the law authorizing such debt, if the question whether the debt shall be incurred has been submitted to the electors and approved by a majority of those voting on the question.
- (4) Debt may be incurred without the approval of the electors for capital projects specifically itemized in a capital budget if such debt will not cause the amount of all net debt outstanding to exceed one and three-quarters times the average of the annual tax revenues deposited in the previous five fiscal years as certified by the Auditor General. For the purposes of this subsection, debt outstanding shall not include debt incurred under clauses (1) and (2)(i), or debt incurred under clause (2)(ii) if the original debt would not be so considered, or debt incurred under subsection (3) unless the General Assembly shall so provide in the law authorizing such debt.

The figures above are abstracted from a certification of the Auditor General dated August 31, 1990.
