User Guide – Assigning Expense Delegates and Travel Arrangers

Expense Delegates and Travel Arrangers are assigned separately. This user guide is intended to show how to assign an Expense Delegate and a Travel Arranger.

Assigning an Expense Delegate

Expense Delegates can perform the following: Prepare and/or submit travel expense reports, approve expense reports, and receive emails from SAP Concur. A traveler can have multiple Expense Delegates.

1. Sign into SAP Concur to access your home page. [Reference: SAP Concur User Guide – Signing In]
2. Click on the **Profile** dropdown arrow and select **Profile Settings**.
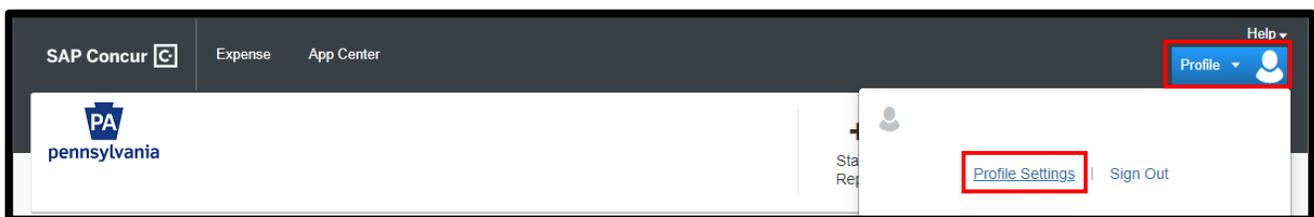

3. The Profile Options menu is displayed. Click on **Expense Delegates**.
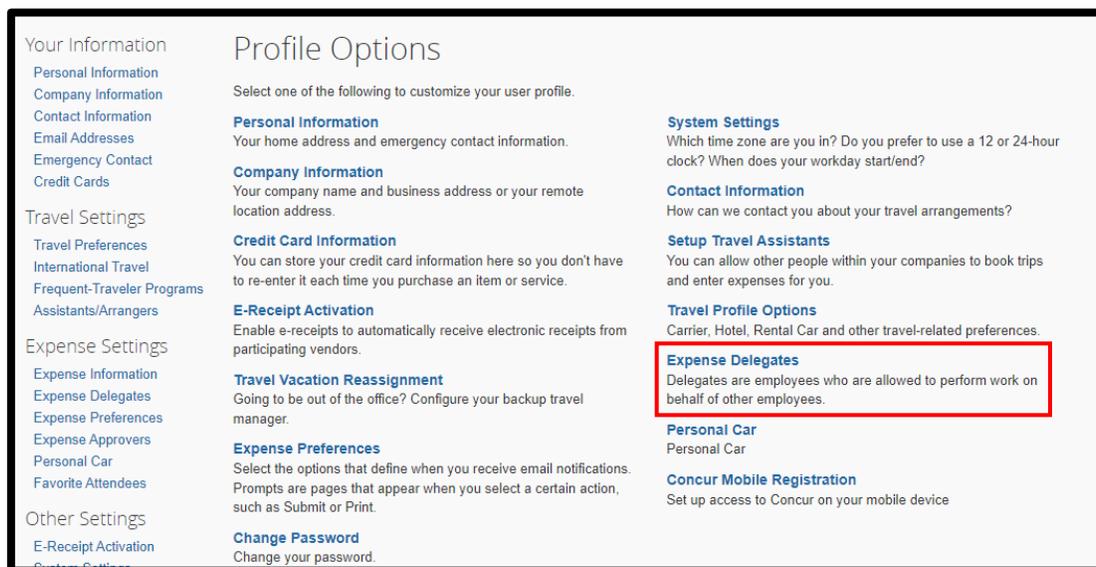

4. To add an Expense Delegate, click the **Add** button.
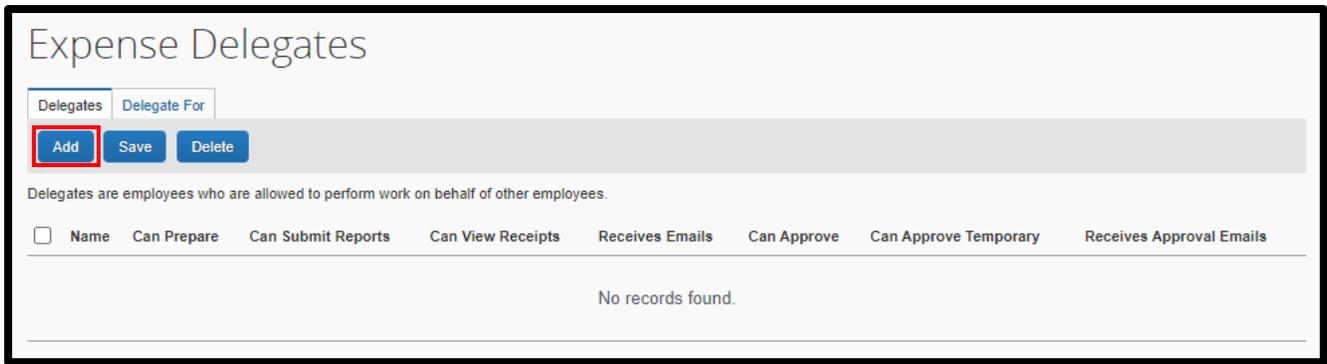

5. Search for an employee by typing their name, email address, or 8-digit employee ID, including the leading zeros (i.e. 00999999) in the search box. Select the employee when displayed in the list and click the **Add** button.
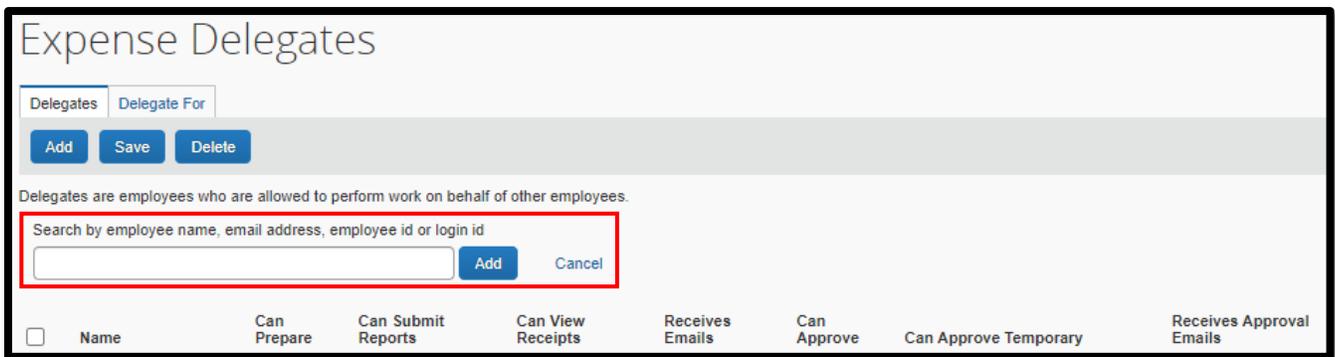

6. SAP Concur does not automatically provide an Expense Delegate with access, so you must grant permissions. Check the boxes for the functions you want your delegate to perform on your behalf. It is recommended that you select "Receives Emails" as this will automatically alert the delegate if the report is returned to you from your supervisor or BCPO Travel Audits.
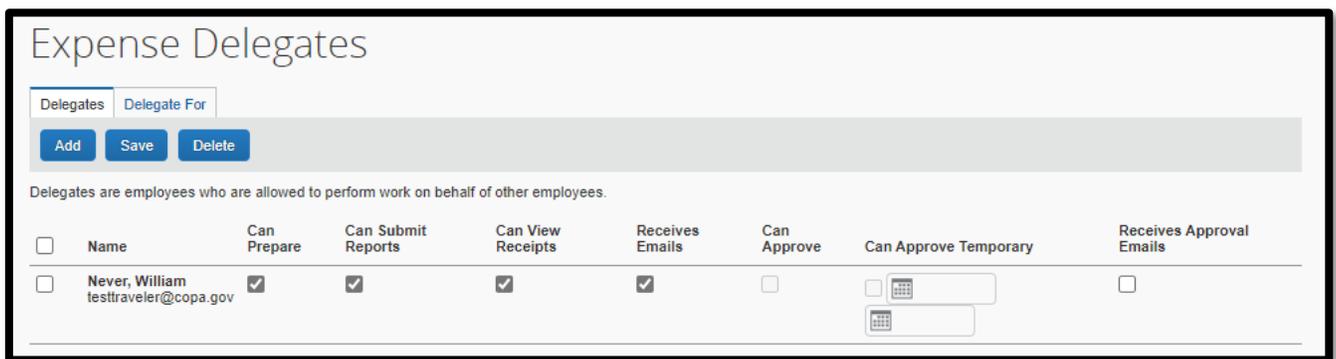

Below is a list of descriptions for each option.

- **Can Prepare** – permits a delegate to prepare expense reports but not submit them.
- **Can Submit Reports** – permits a delegate to prepare and submit expense reports.
- **Can View Receipts** – permits a delegate to view the receipts stored and to add receipts to expense reports.
- **Receives Emails** – permits the system to send a copy of email notifications to the delegate, except approval emails.
- **Can Approve** – permits a delegate to approve workflow on your behalf. (Delegate must have the ESS Supervisor role to approve expense reports.)
- **Can Approve Temporary** – permits a delegate to approve workflow on your behalf for a temporary period of time. You must enter a start and end date for this permission. (Delegate must have the ESS Supervisor role to approve expense reports.)
- **Receives Approval Emails** – permits a delegate to receive a copy of approval email notifications. Email notifications will still be received by the Approver even though the approve permissions were assigned to a delegate.

When finished, click the **SAVE** button.
